Jeremy Basso
jeremy.basso@gmail.com

I grew up in Westchester County and spent most of my life here, graduating from Hendrick Hudson High School in 1994. I was a multisport varsity athlete and was the Captain of the football team. I graduated with a bachelor's degree from Assumption College in Worcester, MA with a major in marketing and a minor in law and economics. I also played varsity football.

Upon graduation, I was hired by Knight Securities, a publicly traded market maker, and obtained my series 7 license. My first role was a client services position, shortly followed by a role on trade support acting as a liaison between trading teams and the technology development. Shortly after, I was recruited by the firm's head trader and became an assistant market maker providing liquidity to both retail and institutional investors who wished to trade NASDAQ listed equities.

After working for Knight, I began my career in the solid waste and recycling industry. I started off in sales and was quickly promoted to a hybrid role of sales, account management and company operations. We managed waste and recycling programs for national retailers and added value from a pricing and customer service perspective. My tenure here is where I was able to further advance my skills in managing people and business strategy, while balancing client service and account expectations. This company closed its doors in 2010 when receivables grew on the tail of the financial crisis and the owner was unable to continue operations.

In June of 2010, I began my current role, Founder/President of Complete Solutions & Sourcing, a wholly owned managed waste service provider. We specialize in designing/building, managing and servicing waste and recycling programs for many of the largest commercial real estate, multi family, and retail operators throughout The United States, Canada and the Caribbean. We analyze data, develop and report diversion metrics and aide our clients with all things waste, recycling and composting to make certain they have the best opportunity to reach their goals while making certain they provide their investors, residents, tenants and employees with the most cost effective program and highest level of service to match the profile of these industry leading organizations. We started with 3 employees and now have well over 50, continuing our double digit year over year growth since the inception of the organization creating well over 1 million in sales for each employee on our team. We are a national leader in our industry and are often considered to be the bar for which other competitors and peers are measured, regardless of industry. We are a licensed hauler in Westchester County and continue to maintain our licensure in good standing.

IN addition to professional accomplishments, I am currently a trustee of the Board of Education at the Hendrick Hudson School District, I sit on the board of Be First Boxing, providing athletic opportunities to children and adults, which has a mission to open doors to all athletes regardless of financial stature and an active member of my local community , working closely with DFS to provide for holiday gifts, food and support to those who are struggling to provide for themselves and/or their families.
