

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of an amended bond act (“Amending Bond Act”) of the County of Westchester (“County”) authorizing amendment to prior Bond Act No. 52-2022 to remove \$5,000,000 of the authorization allocable to Capital Project SM021 – Mamaroneck WRRF Blower Replacement (“SM021”), and to decrease the estimated maximum amount and bonds authorized to \$35,705,000. The Bond Act was prepared by the law firm Norton Rose Fulbright.

The Amending Bond Act is required to remove design and construction management bonding authorizations related to SM021 so that those authorizations may be included in a Consolidated Bond Act for SM021.

The Department of Environmental Facilities (“Department”) has advised that additional construction funding will be used to replace the three existing blowers that feed process air to the aeration tanks with more resilient and efficient blowers. The new blowers will be turbo blowers, which will provide an energy savings, and are critical to the aeration treatment process and the biological nitrogen removal (“BNR”) process. The work will include upgrades to the associated electrical and instrumentation systems. The equipment to be replaced under this project will be reaching the end of its useful life, is necessary for the BNR media process, and will need to be replaced. The replaced equipment will improve the operational reliability, performance, and efficiency of the facility. The Department is required to keep its water and wastewater treatment facilities in a state of good repair, in accordance with State and Federal regulations.

Design is currently being undertaken by consultants and is expected to be completed by the end of the second quarter of 2024. It is estimated that construction will take 24 months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds to finance SM021 as indicated in the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, SM021 may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Consolidated Bond Act. Your Committee recommends the adoption of the proposed Consolidated Bond Act.
