

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$850,000.00 to finance capital project SY058 (2498) – Yonkers Joint WRRF Info Tech Infrastructure Upgrade. The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance the replacement and upgrade of the infrastructure cabling, fiber and network equipment that provides data and communication services that supports the operation of the Yonkers Water Resource and Recovery Facility.

The Department of Environmental Facilities (“Department”) has advised that the critical operations of this facility requires the upgrade of the physical infrastructure and network equipment to be able to support various Industrial Control devices and equipment that operate the facility on a continuous basis. It is essential that all associated hardware, software, and infrastructure is up to date to effectively manage the facility. Funding will allow the Department to meet CISA Cybersecurity requirements for protecting against vulnerabilities for Industrial Control Systems. The network equipment, fiber, and cabling systems need to be upgraded as they are at the end of their useful life. Failure to replace and/or upgrade the fiber, cabling and network equipment will become costlier and prone to failure which disrupts the operation of the facility.

Following bonding authorization, design will be scheduled is anticipated to take three (3) months to complete. It is anticipated that the design work will be completed by in-house staff. It is estimated that construction will take six (6) months to complete and will begin after award and execution of the construction contracts.

The Department of Planning has advised your Committee that based on its review, the authorization of the proposed capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
