ADJOURNMENT

Kenneth W. Jenkins County Executive

April 15, 2025

Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is an amended bond act (the "Amended Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue additional bonds in the amount of \$6,000,000 to finance the following capital project:

RB04B – Boston Post Road Bridge over Playland Parkway, Rye (BIN 2000050) ("RB04B").

The Bond Act, in the total amount of \$6,925,000, which includes \$925,000 in previously authorized bonds of the County, would finance the cost of construction and construction management associated with the rehabilitation of the existing Boston Post Road bridge over Playland Parkway in the City of Rye, including the removal and replacement of the pavement, fill, sidewalks, and waterproofing membrane; rehabilitation of the concrete arch and stone facing; and associated work.

The Department of Public Works and Transportation ("Department") has advised that this bridge, which was built in 1941 and has an annual daily traffic count ("AADT") of 5,640, is in need of rehabilitation to maintain a safe roadway for the traveling public. In 2023, the New York State Department of Transportation gave the bridge a condition rating of 4.8 and the roadway has continued to deteriorate. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Design is currently underway using outside consultants and is expected to be completed by the second quarter of 2025. It is anticipated that construction will take approximately twenty-four (24) months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for RB04B as follows: Bond Act No. 6-2020 in the amount of \$925,000, which financed the cost of design for the replacement of this bridge. No bonds have been issued under Bond Act No. 6-2020. Accordingly, it is now requested that Bond Act No. 6-2020 be amended to increase the initial amount authorized by \$6,000,000, for a total authorized amount, as amended, of \$6,925,000, to modify and expand the scope of services to include construction and construction management associated with the rehabilitation of the bridge, and to increase the period of probable usefulness of said bonds.

Telephone: (914) 995-2900

Based on the importance of this project to the County, favorable action on the proposed Amended Bond Act is respectfully requested.

Sinecrety,

Kenneth W. Jenkins

Westchester County Executive

KWJ/HJG/jpg/nn

HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the Westchester County Executive recommending approval by the County of Westchester ("County") of an amended bond act (the "Amended Bond Act") in the total amount of \$6,925,000, which includes \$6,000,000 in previously authorized bond of the County, to finance capital project RB04B – Boston Post Road Bridge over Playland Parkway, Rye (BIN 2000050) ("RB04B"). The Bond Act, which was prepared by the law firm Harris Beach, PLLC, will finance the cost of construction and construction management associated with the rehabilitation of the existing Boston Post Road bridge over Playland Parkway in the City of Rye, including the removal and replacement of the pavement, fill, sidewalks, and waterproofing membrane; rehabilitation of the concrete arch and stone facing; and associated work.

The Department of Public Works and Transportation ("Department") has advised that this bridge, which was built in 1941 and has an annual daily traffic count ("AADT") of 5,640, is in need of rehabilitation to maintain a safe roadway for the traveling public. In 2023, the New York State Department of Transportation gave the bridge a condition rating of 4.8 and the roadway has continued to deteriorate. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Design is currently underway using outside consultants and is expected to be completed by the second quarter of 2025. It is anticipated that construction will take approximately twenty-four (24) months to complete and will begin after award and execution of the construction contracts.

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds for RB04B as follows: Bond Act No. 6-2020 in the amount of \$925,000, which financed the cost of design for the replacement of this bridge. No bonds have been issued under Bond Act No. 6-2020. Accordingly, it is now requested that Bond Act No. 6-2020 be amended to increase the initial amount authorized by \$6,000,000, for a total authorized amount, as amended, of \$6,925,000, to modify and expand the scope of services to include construction and construction management associated with the rehabilitation of the bridge, and to increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type "Il" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amended Bond Act. Your Committee recommends the adoption of the proposed Amended Bond Act.

Dated: , 20____. White Plains, New York

ACT NO. -20

BOND ACT OF THE COUNTY OF WESTCHESTER, NEW YORK, AMENDING AND RESTATING THE BOND ACT ADOPTED FEBRUARY 3, 2020 IN RELATION TO FINANCING THE COST FOR THE RECONSTRUCTION OF THE BOSTON POST ROAD BRIDGE OVER PLAYLAND PARKWAY IN THE CITY OF RYE; AT THE TOTAL ESTIMATED COST OF \$6,925,000. (Adopted , 20___).

WHEREAS, this Board of Legislators (the "Board") has heretofore duly authorized the issuance of bonds to finance the planning costs for the reconstruction of the Boston Post Road Bridge over Playland Parkway in the City of Rye, at the estimated maximum cost of \$925,000 (the "Original Project"), pursuant to Act No. 6-2020, duly adopted on February 3, 2020, and it has now been determined that (i) the costs for the reconstruction of the Boston Post Road Bridge over Playland Parkway in the City of Rye in the amount of \$6,000,000 shall be added to the costs of the Original Project (collectively, the "Project"), (ii) the maximum cost of the Project shall now total \$6,925,000, and (ii) the period of probable usefulness of the Project shall be amended and restated as set forth herein; and

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section (A). The bond act duly adopted by this Board on February 3, 2020, entitled:

"(BOND) ACT NO. 6-2020

BOND ACT AUTHORIZING THE ISSUANCE OF \$925,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE COSTS OF PLANNING RECONSTRUCTION OF THE RECONSTRUCTION OF THE BOSTON POST ROAD BRIDGE OVER PLAYLAND PARKWAY IN THE CITY OF RYE; STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$925,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$925,000 BONDS HEREIN AUTHORIZED TO FINANCE SUCH COST; AND PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS."

is hereby amended and restated to read as follows:

BOND ACT OF THE COUNTY OF WESTCHESTER, NEW YORK, AMENDING AND RESTATING THE BOND ACT ADOPTED FEBRUARY 3, 2020 IN RELATION TO FINANCING THE COST OF THE RECONSTRUCTION OF THE BOSTON POST ROAD BRIDGE OVER PLAYLAND PARKWAY IN THE CITY OF RYE; AT THE TOTAL ESTIMATED COST OF \$6,925,000. (Adopted , 20___).

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section 1. Pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (the "Law"), the Westchester County Administrative Code, being Chapter 852 of the Laws of 1948, as amended, to the provisions of other laws applicable thereto, \$6,925,000 bonds of the County, or so much thereof as may be necessary, are hereby authorized to be issued to finance the cost for the reconstruction of the Boston Post Road Bridge over Playland Parkway in the City of Rye, including the construction and construction management associated with the rehabilitation of the bridge, removal and replacement of the pavement, fill, sidewalks, and waterproofing membrane; rehabilitation of the concrete arch and stone facing; and all associated work; all as set forth in the County's current year Capital Budget, as amended. To the extent that the details set forth in this act are inconsistent with any details set forth in the current year Capital Budget of the County, such Budget shall be deemed and is hereby amended. The estimated maximum cost of said objects or purposes, including preliminary costs and costs incidental thereto and the financing

thereof, is \$6,925,000. The plan of financing includes the issuance of \$6,925,000 bonds herein authorized, and any bond anticipation notes issued in anticipation of the sale of such bonds, and the levy of a tax to pay the principal of and interest on said bonds.

Section 2. The period of probable usefulness applicable to the specific object or purpose for which the bonds authorized by this resolution is to be issued, within the limitations of Section 11.00 a. 10 of the Law, is forty (40) years.

Section 3. Current funds are not required to be provided as a down payment pursuant to Section 107.00 d. 9. of the Law prior to issuance of the bonds authorized herein, or any bond anticipation notes issued in anticipation of the sale of such bonds. The County intends to finance, on an interim basis, the costs or a portion of the costs of said improvements for which bonds are herein authorized, which costs are reasonably expected to be reimbursed with the proceeds of debt to be incurred by the County, pursuant to this Act, in the maximum amount of \$6,925,000. This Act is a declaration of official intent adopted pursuant to the requirements of Treasury Regulation Section 1.150-2.

Section 4. Subject to the provisions of this Act and of the Law, and pursuant to the provisions of §30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals thereof, and of §\$50.00, 56.00 to 60.00 and 168.00 of said Law, the powers and duties of the County Board of Legislators relative to authorizing the issuance of any notes in anticipation of the sale of the bonds herein authorized, or the renewals thereof, relative to providing for substantially level or declining annual debt service, relative to prescribing the terms, form and contents and as to the sale and issuance of the respective amounts of bonds herein authorized, and of any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and relative to executing agreements for credit enhancement, are hereby

delegated to the Commissioner of Finance of the County, as the chief fiscal officer of the County.

Section 5. Each of the bonds authorized by this Act and any bond anticipation notes issued in anticipation of the sale thereof shall contain the recital of validity prescribed by §52.00 of said Local Finance Law and said bonds and any notes issued in anticipation of said bonds shall be general obligations of the County of Westchester, payable as to both principal and interest by general tax upon all the taxable real property within the County. The faith and credit of the County are hereby irrevocably pledged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and provision shall be made annually in the budgets of the County by appropriation for (a) the amortization and redemption of the notes and bonds to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 6. The validity of the bonds authorized by this Act and of any notes issued in anticipation of the sale of said bonds, may be contested only if:

- (a) such obligations are authorized for an object or purpose for which the County is not authorized to expend money, or
- (b) the provisions of law which should be complied with at the date of the publication of this Act or a summary hereof, are not substantially complied with,

and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or

(c) such obligations are authorized in violation of the provisions of the Constitution.

Section 7. This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

Section (B). The amendment and restatement of the bond act set forth in Section (A) of this act shall in no way affect the validity of the liabilities incurred, obligations issued, or action taken pursuant to said bond act, and all such liabilities incurred, obligations issued, or action taken shall be deemed to have been incurred, issued or taken pursuant to said bond act, as so amended.

Section (C). This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

April 15, 2025

Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is an amended bond act (the "Amended Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue additional bonds in the amount of \$700,000 to finance the following capital project:

RBR07 – Bronx River Pathway Reconstruction ("RBR07").

The proposed Amended Bond Act, in the total amount of \$9,430,000 dollars, which includes \$8,730,000 in previously authorized bonds of the County, is necessary to finance the cost of design associated with the reconstruction of the Bronx River Pathway from Crane Road South to Scout Field.

The Department of Parks Recreation and Conservation ("Department") has advised that according to a recent recreation preference survey, walking and bicycling continue to rank high among the top recreation activities enjoyed by Westchester County residents. The Bronx River Pathway, being the most heavily used pathway in the parks system, plays a critical role in supporting these activities. To maintain its popularity and usability, the Department is addressing the deterioration of older sections as part of a multi-year phased program aimed at rehabilitating the pathway.

Following bond authorization, design is anticipated to take eighteen (18) months to complete and will be performed by in-house staff and consultants. It is anticipated that construction will take approximately eighteen (18) months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction funding for this section of the pathway.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for RBR07 as follows: Bond Act No. 225-2024 in the amount of \$8,730,000, which financed the cost of design, construction and construction management of improvements to the Bronx River Reservation pathway from the Kensico Dam Plaza to Green Acres Avenue, including rehabilitation and improvements to all pathway infrastructure. No bonds have been issued under Bond Act No. 225-2024. Accordingly, it is now requested that Bond Act No. 225-2024 be amended to increase the amount authorized by \$700,000, for a total authorized amount, as amended, of \$9,430,000, and to expand the scope of services to include design associated with the reconstruction of the pathway from Crane Road South to Scout Field.

Based on the importance of this project to the County, favorable action on the annexed Bond Act is respectfully requested.

Kenneth W. Jenkins Westchester County Executive

KWJ/KOC/jpg/nn

HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an amended bond act (the "Amended Bond Act") in the total amount of \$9,430,000, which includes \$8,730,000 in previously authorized bonds of the County, to finance capital project RBR07 – Bronx River Pathway Reconstruction ("RBR07"). The Amended Bond Act, which was prepared by the law firm Hawkins, Delafield & Wood, is required to finance the cost of design associated with the reconstruction of the Bronx River Pathway from Crane Road South to Scout Field.

The Department of Parks Recreation and Conservation ("Department") has advised that according to a recent recreation preference survey, walking and bicycling continue to rank high among the top recreation activities enjoyed by Westchester County residents. The Bronx River Pathway, being the most heavily used pathway in the parks system, plays a critical role in supporting these activities. To maintain its popularity and usability, the Department is addressing the deterioration of older sections as part of a multi-year phased program aimed at rehabilitating the pathway.

Following bond authorization, design is anticipated to take eighteen (18) months to complete and will be performed by in-house staff and a consultant. It is anticipated that construction will take approximately eighteen (18) months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction funding for this section of the pathway.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for RBR07 as follows: Bond Act No. 225-2024 in the amount of \$8,730,000, which financed the cost of design, construction and construction management of improvements to the Bronx River Reservation pathway from the Kensico Dam Plaza to Green Acres Avenue, including rehabilitation and improvements to all pathway infrastructure. No bonds have been issued under Bond Act No. 225-2024. Accordingly, it is now requested that Bond Act No. 225-2024 be amended to increase the amount authorized by \$700,000, for a total authorized amount, as amended, of \$9,430,000, and to expand the scope of services to include design associated with the reconstruction of the pathway from Crane Road South to Scout Field.

The Department of Planning has advised your Committee that based on its review, RBR07 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amended Bond Act. Your Committee has carefully considered the Amended Bond Act and recommends approval of same.

STATE ENVIRONMENTAL QUALITY REVIEW FOR CAPITAL PROJECT:

RBR07 BRONX RIVER PATHWAY RECONSTRUCTION

PROJECT/ACTION: Per Capital Project Fact Sheet as approved by the Planning Department on

03/25/2025 (Unique ID: 2897)

With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no environmental review is required for the proposed action, because the project or component of the project for which funding is requested may be classified as a **TYPE II action** pursuant to section(s):

• 617.5(c)(27): conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action.

COMMENTS: The current request is for design only.

ACT NO. -20____

BOND ACT OF THE COUNTY OF WESTCHESTER, NEW YORK, AMENDING THE BOND ACT ADOPTED DECEMBER 7, 2021 AND AMENDED ON DECEMBER 11, 2023, AND FURTHER AMENDED ON OCTOBER 21, 2024 IN RELATION TO THE COST OF THE CONSTRUCTION OF IMPROVEMENTS TO THE BRONX RIVER RESERVATION PATHWAY, AT THE MAXIMUM ESTIMATED COST OF \$9,430,000. (Adopted , 20____).

WHEREAS, this Board has heretofore duly authorized the issuance of \$8,730,000 bonds to finance the cost of preparation of surveys, preliminary and detailed plans, specifications and estimates necessary for the reconstruction of the Bronx River Pathway, pursuant to Act No. 219-2021 duly adopted on December 7, 2021, as amended by Bond Act 248-2023 duly adopted on December 11, 2023 and further amended by Bond Act 225-2024 duly adopted on October 21, 2024; and

WHEREAS, it has been determined that additional funds are required for to pay for the cost of the Project, and it is necessary to increase the amount of bonds to be issued and the appropriation for such project for estimated cost of such planning, now therefore

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section (A). The bond act duly adopted by this Board on December 7, 2021 and amended on December 11, 2023 further amended on October 21, 2024, entitled:

"ACT NO. 225-2024

BOND ACT AUTHORIZING THE ISSUANCE OF \$8,730,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE COST OF THE CONSTRUCTION OF IMPROVEMENTS TO THE BRONX RIVER RESERVATION PATHWAY; STATING THE ESTIMATED TOTAL COST THEREOF IS \$8,730,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$8,730,000 BONDS HEREIN AUTHORIZED; AND PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS."

is hereby amended to read as follows:

BOND ACT AUTHORIZING THE ISSUANCE OF \$9,430,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE COST OF THE CONSTRUCTION OF IMPROVEMENTS TO THE BRONX RIVER RESERVATION PATHWAY, STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$9,430,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$9,430,000 BONDS HEREIN AUTHORIZED; AND PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS. (Adopted , 20____)

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section 1. Pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (the "Law"), the Westchester County Administrative Code, being Chapter 852 of the Laws of 1948, as amended, and to the provisions of other laws applicable thereto; \$9,430,000 bonds of the County, or so much thereof as may be necessary, are hereby authorized to be issued to finance the cost of the planning, construction and construction management of improvements to the Bronx River Reservation pathway and related infrastructure from the Kensico Dam Plaza to Green Acres Avenue, including rehabilitation and improvements to all pathway infrastructure including pathway pavement, footbridges, railings, stone walls, site furnishings, signage, pavement markings, grading, drainage, planting and other associated site work, all as set forth in the County's Current Year Capital Budget, as amended. To the extent that the details set forth in this act are inconsistent with any details set forth in the Current Year Capital Budget of the County, such Budget shall be deemed and is hereby amended. The estimated maximum cost of said specific object or purpose, including preliminary costs and costs incidental thereto and the financing thereof is \$9,430,000. The plan of financing includes the issuance of \$9,430,000 bonds herein authorized; and any bond anticipation notes issued in anticipation of the sale of such bonds and the levy of a tax to pay the principal of and interest on said bonds and notes.

Section 2. The period of probable usefulness of the specific object or purpose for which said \$9,430,000 bonds authorized by this Act are to be issued, within the limitations of Section 11.00 a. 19(c) of the Law, is fifteen (15) years;

Section 3. Current funds are not required to be provided as a down payment pursuant to Section 107.00 d. 9. of the Law prior to issuance of the bonds authorized herein, or any bond anticipation notes issued in anticipation of the sale of such bonds. The County intends

to finance, on an interim basis, the costs or a portion of the costs of said improvements for which bonds are herein authorized, which costs are reasonably expected to be reimbursed with the proceeds of debt to be incurred by the County, pursuant to this Act, in the maximum amount of \$9,430,000. This Act is a declaration of official intent adopted pursuant to the requirements of Treasury Regulation Section 1.150-2.

Section 4. The estimate of \$9,430,000 as the estimated maximum cost of the aforesaid specific object or purpose is hereby approved.

Section 5. Subject to the provisions of this Act and of the Law, and pursuant to the provisions of §30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals thereof, and of §§50.00, 56.00 to 60.00 and 168.00 of said Law, the powers and duties of the County Board of Legislators relative to authorizing the issuance of any notes in anticipation of the sale of the bonds herein authorized, or the renewals thereof, relative to providing for substantially level or declining annual debt service, relative to prescribing the terms, form and contents and as to the sale and issuance of the respective amounts of bonds herein authorized, and of any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and relative to executing agreements for credit enhancement, are hereby delegated to the Commissioner of Finance of the County, as the chief fiscal officer of the County.

Section 6. Each of the bonds authorized by this Act and any bond anticipation notes issued in anticipation of the sale thereof shall contain the recital of validity prescribed by §52.00 of said Local Finance Law and said bonds and any notes issued in anticipation of said bonds shall be general obligations of the County of Westchester, payable as to both principal and interest by general tax upon all the taxable real property within the County. The faith and credit

of the County are hereby irrevocably piedged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and provision shall be made annually in the budgets of the County by appropriation for (a) the amortization and redemption of the notes and bonds to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 7. The validity of the bonds authorized by this Act and of any notes issued in anticipation of the sale of said bonds, may be contested only if:

- (a) such obligations are authorized for an object or purpose for which the County is not authorized to expend money, or
- (b) the provisions of law which should be complied with at the date of the publication of this Act or a summary hereof, are not substantially complied with,

and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or

- (c) such obligations are authorized in violation of the provisions of the Constitution.
- Section 8. This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.
- Section (B). The amendment of the bond act set forth in Section (A) of this act shall in no way affect the validity of the liabilities incurred, obligations issued, or action taken pursuant to said bond act, and all such liabilities incurred, obligations issued, or action taken shall be deemed to have been incurred, issued or taken pursuant to said bond act, as so amended.

Section (C). This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

Kenneth W. Jenkins County Executive

April 11, 2025

Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is an amended bond act (the "Amended Bond Act"), which, if adopted, would authorize the County of Westchester (the "County") to issue an additional \$40,092,000 in bonds of the County to finance the following capital project:

RP02A – Ice Casino Improvements II ("RP02A").

The Amended Bond Act, in the total amount of \$58,789,000, which includes \$18,697,000 in previously authorized bonds of the County, would fund the cost of construction and construction management associated with the complete rehabilitation of the Ice Casino Building at Playland Park in Rye.

The Department of Parks, Recreation & Conservation (the "Department") has advised that the improvements to the Ice Casino will include structural rehabilitation of the facility's second floor Studio Rink, replacement of roofing over the Studio Rink, rehabilitation of the facility's locker room wing, replacement of roofing over the locker rooms, along with associated mechanical, electrical and ADA improvements. The project will also include restoration of the building's historic front façade, as well as rehabilitation of the building's rear and side façades.

The Department has advised that the Ice Casino is an integral contributing historic element of Playland Park and helps define Playland's landmark status. Furthermore, the structure is in dire need of exterior restoration along with structural, weather tightness and mechanical rehabilitation and upgrades in order to continue to serve the public.

Your Honorable Board is advised that design, which was performed by an outside consultant, is complete. It is estimated that construction will take twenty-eight (28) months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with RP02A, as follows: Bond Act No. 2022-30 in the amount of \$18,697,000, which financed the cost of design, construction and construction management associated with the first phase of the building improvements for the Ice Casino, as well as the cost of design for the second phase of the building improvements for the Ice Casino. \$1,355,472 in bonds have been issued under Bond Act

No. 2022-30. Accordingly, authority of your Honorable Board is now requested to amend Bond Act No. 2022-30 to increase the initial amount authorized by \$40,092,000, for a new total authorized bonding amount of \$58,789,000.

It should be noted that in addition to the amount financed under the Amended Bond Act, the County has received \$350,000 in Federal COVID-19 grant funding for this project.

Based on the importance of this capital project to the County, favorable action on the annexed proposed Amended Bond Act is most respectfully requested.

Kenneth W. Jenkins

Westchester County Executive

HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval of an amended bond act (the "Amended Bond Act"), in the total amount of \$58,789,000, which includes \$18,697,000 in previously authorized bonds of the County of Westchester (the "County"), to finance capital project RP02A – Ice Casino Improvements II ("RP02A").

Your Committee is advised that the Bond Act, prepared by the law firm of Hawkins Delafield and Wood, LLP, would fund the cost of construction and construction management associated with the complete rehabilitation of the Ice Casino Building at Playland Park in Rye.

The Department of Parks, Recreation & Conservation (the "Department") has advised that the improvements to the Ice Casino will include structural rehabilitation of the facility's second floor Studio Rink, replacement of roofing over the Studio Rink, rehabilitation of the facility's locker room wing, replacement of roofing over the locker rooms, along with associated mechanical, electrical and ADA improvements. The project will also include restoration of the building's historic front façade, as well as rehabilitation of the building's rear and side façades.

Your Committee is advised that the Ice Casino is an integral contributing historic element of Playland Park and helps define Playland's landmark status. Furthermore, the structure is in dire need of exterior restoration along with structural, weather tightness and mechanical rehabilitation and upgrades in order to continue to serve the public.

Your Committee is further advised that design, which was performed by an outside consultant, is complete. It is estimated that construction will take twenty-eight (28) months to complete and will begin after award and execution of the construction contracts.

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds in connection with RP02A, as follows: Bond Act No. 2022-30 in the amount of \$18,697,000, which financed the cost of design, construction and construction management associated with the first phase of the building improvements for the Ice Casino, as well as the cost of design for the second phase of the building improvements for the Ice Casino. \$1,355,472

in bonds have been issued under Bond Act No. 2022-30. Accordingly, authority of your

Honorable Board is now requested to amend Bond Act No. 2022-30 to increase the initial

amount authorized by \$40,092,000, for a new total authorized bonding amount of \$58,789,000.

Your Committee is advised that in addition to the amount financed under the Amended

Bond Act, the County has received \$350,000 in Federal COVID-19 grant funding for this project.

The Planning Department has advised that RP02A would constitute a "Type I" Action under

the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617

("SEQR"), which requires an appropriate environmental review. Your Committee has carefully

considered the proposed legislation. It has reviewed the attached Full Environmental Assessment

Form (Full EAF) and the criteria contained in Section 617.7 of Title 6 of the New York Codes, Rules

and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For

the reasons set forth in the attached Full EAF, your Committee believes that the proposed action will

not have any significant adverse impact on the environment and urges your Honorable Board to

adopt the annexed resolution by which this Board would issue a Negative Declaration for this

proposed action.

Your Committee is advised that an affirmative vote of two-thirds of the members of this

Honorable Board is required in order to adopt the Amended Bond Act.

Your Committee has carefully considered the proposed Amended Bond Act and recommends

approval thereof.

RESOLUTION NO. 2025 -

WHEREAS, there is pending before this Honorable Board a Bond Act to authorize the County of Westchester (the "County") to issue bonds in connection with capital project RP02A – Ice Casino Improvements II (Unique ID# 2772) (the "Project"); and

WHEREAS, this Honorable Board has determined that the proposed Project would constitute an action under Article 8 of the Environmental Conservation Law, known as the State Environmental Quality Review Act ("SEQRA"); and

WHEREAS, pursuant to SEQRA and its implementing regulations (6 NYCRR Part 617), this project is classified as a "Type I" action, which requires this Honorable Board to make a determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, the County is the only involved agency with discretionary authority for this action and, therefore, is assuming the role of Lead Agency; and

WHEREAS, in accordance with SEQRA and its implementing regulations, a Full Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Full Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Full Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon this Honorable Board's review of the Full Environmental Assessment Form and the reasons set forth therein, this Board finds that there will

be no significant adverse impact on the environment in connection with the Project; and be it further

RESOLVED, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Full Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this "Negative Declaration" on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

RESOLVED, that this Resolution shall take effect immediately.

SUBJECT:

STATE ENVIRONMENTAL QUALITY REVIEW FOR CAPITAL PROJECT

RP02A ICE CASINO IMPROVEMENTS II

The Planning Department has reviewed the above referenced project (Fact Sheet Unique ID: 2772) in accordance with the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (SEQR).

Pursuant to SEQR, this project has been classified as a Type I action. The County is the only involved agency with discretionary authority and, therefore, must serve as lead agency. As such, a Full Environmental Assessment Form has been prepared for the project for consideration by the Board of Legislators.

Please contact me if you require any additional information regarding this document.

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

Name of Action or Project:		***************************************
Playland Ice Casino Improvements (RP02A)		
Project Location (describe, and attach a general location map):		
Playland Amusement Park, 100 Playland Parkway, Rye, Westchester County, New Yo	ork	
TO PRODUCT OF THE PRO		
Brief Description of Proposed Action (include purpose or need):		
The project provides for a comprehensive rehabilitation of the Ice Casino building. Interestrooms, locker rooms, lobby, dining and lounge areas, replacement of the elevator, floor. It will also provide for the replacement of the ice mats and dasher boards in the it the refrigeration system including the chillers, piping, and controls. Utility improvement electrical, plumbing, communication, and security systems. Exterior work will include for one-story addition with a 325 square-foot covered loading dock is also proposed on the equipment that are currently exposed to the elements. Approximately 800 square feet as repaving of approximately 7,700 square feet of existing asphalt pavement on this significant.	and installation of a new elevate Main Rink, Studio Rink, and Beg is include replacement of HVAC acade restoration and roof repla e north side of the casino to hou of new asphalt pavement will be	or which will allow access to the third inner Rink as well as replacement of units, upgrading of all mechanical, cements. A 2,770 square-foot, use a generator and other mechanical

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, place alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in s	ment of structures, or square feet or acres:
iii. Will the proposed action cause or result in disturbance to bottom sediments? If Yes, describe:	☐Yes ☐No
iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?	☐ Yes☐No
If Yes:	
 acres of aquatic vegetation proposed to be removed: expected acreage of aquatic vegetation remaining after project completion; 	
purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
purpose of proposed removal (e.g. seach eleating, invasive species conitor, boat access).	
proposed method of plant removal:	
if chemical/herbicide treatment will be used, specify product(s):	
v. Describe any proposed reclamation/mitigation following disturbance:	
c. Will the proposed action use, or create a new demand for water?	Yes ZNo
If Yes:	
i. Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	☐Yes ☐No
If Yes:	
Name of district or service area:	
Does the existing public water supply have capacity to serve the proposal? In the proposal in the propos	☐ Yes ☐ No
Is the project site in the existing district? In a second of the district was district.	☐ Yes☐ No
Is expansion of the district needed? - Description lines are also as a line of the district needed?	☐ Yes☐ No
Do existing lines serve the project site? Will line serve the project site?	□Yes□No
iii. Will line extension within an existing district be necessary to supply the project? If Yes:	☐Yes ☐No
Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
iv. Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:	☐ Yes☐No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
vi. If water supply will be from wells (public or private), what is the maximum pumping capacity:	gallons/minute.
d. Will the proposed action generate liquid wastes?	✓ Yes No
If Yes:	
i. Total anticipated liquid waste generation per day: 7,650 (no increase) gallons/day	
ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe	all components and
approximate volumes or proportions of each): Sanitary wastewater only; there will be no industrial wastewater discharge as a result of the renovations.	
Carriedly Wastewater Only, there will be no inclusion wastewater discharge as a result of the removations.	
iii. Will the proposed action use any existing public wastewater treatment facilities? If Yes:	☑Yes □No
Name of wastewater treatment plant to be used: Blind Brook Water Resource Recovery Facility	
Name of district: Blind Brook Sanitary Sewer District	
Does the existing wastewater treatment plant have capacity to serve the project?	✓ Yes □No
 Is the project site in the existing district? 	✓ Yes No
Is expansion of the district needed?	☐ Yes Z No

Do existing sewer lines serve the project site?	Z Yes □No
Will a line extension within an existing district be necessary to serve the project?	☐Yes ZNo
If Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□Yes ZNo
If Yes:	
Applicant/sponsor for new district:	
Date application submitted or anticipated:	5.0
What is the receiving water for the wastewater discharge?	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specireceiving water (name and classification if surface discharge or describe subsurface disposal plans):	ifying proposed
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
The proposed renovations do not include plans to capture, recycle or reuse liquid waste.	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	V Yes □No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point	
source (i.e. sheet flow) during construction or post construction? If Yes:	
i. How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or Square fiet or Square (impervious surface)	
Square feet or 143 acres (parcel size)	
ii. Describe types of new point sources. Additional roof runoff from building addition and surface runoff from additional asphal	t pavement.
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent pr	onerties
groundwater, on-site surface water or off-site surface waters)?	operties,
Stormwater runoff shall be directed to existing on-site storm water management facility/structures.	
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	□Yes□No
iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	□Yes□No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	☐Yes Z No
combustion, waste incineration, or other processes or operations?	
If Yes, identify:	
i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	1
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit,	□Yes Z No
or Federal Clean Air Act Title IV or Title V Permit?	
If Yes:	
i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	□Yes□No
ambient air quality standards for all or some parts of the year) ii. In addition to emissions as calculated in the application, the project will generate:	
Tons/year (short tons) of Carbon Dioxide (CO ₂)	
• Tons/year (short tons) of Carbon Dioxide (CO ₂) • Tons/year (short tons) of Nitrous Oxide (N ₂ O)	
Tons/year (short tons) of Perfluorocarbons (PFCs)	
• Tons/year (short tons) of Yelfluorocarbons (17es)	
Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)	
Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? If Yes:	∐Yes ✓ No
 i. Estimate methane generation in tons/year (metric): ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to electricity, flaring): 	generate heat or
 i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): 	□Yes ☑ No
j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? If Yes: i. When is the peak traffic expected (Check all that apply):	□Yes☑No
 iii. Parking spaces: Existing Proposed Net increase/decrease	YesNo
k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? If Yes: i. Estimate annual electricity demand during operation of the proposed action: 1776 kVa ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid other): Via local utility. iii. Will the proposed action require a new, or an upgrade, to an existing substation?	Yes No
1. Hours of operation. Answer all items which apply. ii. During Operations: i. During Construction: iii. During Operations: • Monday - Friday: 7:30 AM - 4:00 PM • Monday - Friday: 9:30 AM - 4:00 PM • Saturday: • Saturday: 9:30-12:00 AM • Sunday: • Sunday: 9:30 AM - 4:00 PM • Holidays: 9:30 AM - 4:00 PM	M PM

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both?	✓ Yes □No
If yes:	
i. Provide details including sources, time of day and duration:	
Construction of the addition and exterior improvements may contribute some additional noise, most notably during winter when the arclosed, but this will be very temporary; most work is internal. Noise during operations will decrease due to the enclosure of the general	nusement park is ator and chillers.
ii. Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	☐ Yes ☑No
Describe: No, the proposed action does not remove natural barriers that could act as a noise barrier or screen. A new screen is into the new addition to mask rooftop equipment.	being incorporated
into the new addition to mask rookop equipment.	
n. Will the proposed action have outdoor lighting?	☑ Yes ☐ No
If yes:	
i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:	
Lighting is replacement in kind with more efficient fixtures. Exterior lighting is around the perimeter of the building, spaced no more the above egress doors at 10 feet above grade. Lighting will be full cutoff and is greater than 100 feet from nearest occupied structure.	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?	☐ Yes ☑ No
Describe: Three large trees will be removed to accommodate the exterior improvements. They are located between existing partnership of the ice casino and would offer only overhead screening.	rk facilities on the
o. Does the proposed action have the potential to produce odors for more than one hour per day?	☐ Yes ☑ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	T 1 c2 NIVO
occupied structures:	
will design a second and the last the first term of the second se	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	☑ Yes ☐ No
or chemical products 185 gallons in above ground storage or any amount in underground storage? If Yes:	
i. Product(s) to be stored Diesel	
ii. Volume(s) 1232 gal. per unit time 6 months (e.g., month, year)	
iii. Generally, describe the proposed storage facilities:	
The proposed fuel storage would be located in the emergency generator sub-base tank (part of generator assembly). Old generator ta	ank will be removed.
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	☐ Yes ☑No
insecticides) during construction or operation?	Les MINO
If Yes:	
i. Describe proposed treatment(s):	
CAPITAL LA TAMENTAL DE LA CAPITAL DE LA CAPI	
ii. Will the proposed action use Integrated Pest Management Practices?	☐ Yes ☐No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal	☑ Yes ☐No
of solid waste (excluding hazardous materials)? If Yes:	
i. Describe any solid waste(s) to be generated during construction or operation of the facility:	
Construction: 400 tons peryear (one time total) (unit of time)	
Operation: no change tons per (unit of time)	
ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:	1
Construction: Separation of reinforcing steel for recycling.	
 Operation: The park facility provides for the recycling of paper/cardboard and commingled glass/plastic/metal contains. 	ers.
iii. Proposed disposal methods/facilities for solid waste generated on-site:	
 Proposed disposal methods/facilities for solid waste generated on-site: Construction: Concrete is recycled into subbase; asphalt is recycled at an asphalt plant; everything else is disposed of all 	t a landfill
Constitution. Convoid is recycled with adultate, aspirant is recycled at an aspirant plant, everyuling also is disposed of a	i si igi ivinii.
Operation: Park refuse is taken to the County's Resource Recovery Facility in Peekskill. Recyclable materials are tak	en to the County's
Material Recovery Facility in Yonkers.	on the title bounty o

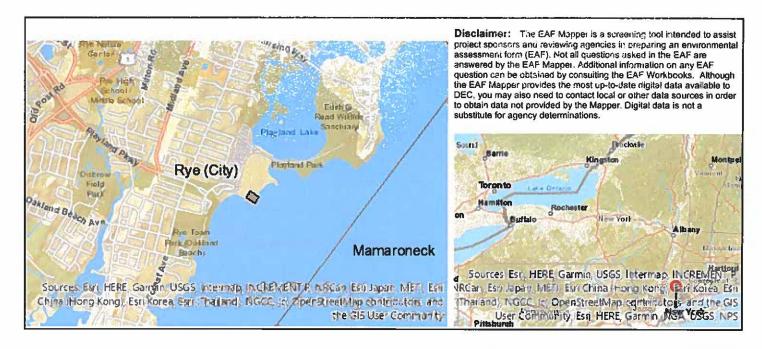

s. Does the proposed action include construction or modi	fication of a solid waste m	nanagement facility?	Yes 🗸 No
If Yes:	familia de la comunicación		1 (0)
 i. Type of management or handling of waste proposed other disposal activities): 	for the site (e.g., recycling	g or transfer station, compostin	g, landill, or
ii. Anticipated rate of disposal/processing:	020		
Tons/month, if transfer or other non-o	combustion/thermal treatm	ent, or	
 Tons/hour, if combustion or thermal t 	reatment	MATERIA (A.E.)	
iii. If landfill, anticipated site life:	years		
t. Will the proposed action at the site involve the commer	rcial generation, treatment.	storage, or disposal of hazard	ous Yes No
waste?		,	
If Yes:	12 55 955 55		
i. Name(s) of all hazardous wastes or constituents to be	generated, handled or ma	naged at facility:	<u> </u>
			44
ii. Generally describe processes or activities involving h	azardous wastes or constit	tuents:	
iii. Specify amount to be handled or generated to	ons/month	and manager • • ·	
iv. Describe any proposals for on-site minimization, rec	young or reuse of hazardor	us constituents:	
v. Will any hazardous wastes be disposed at an existing	offsite hazardous waste fa	acility?	□Yes□No
If Yes: provide name and location of facility:			
TCNT - 1 '1	1 / 1		
If No: describe proposed management of any hazardous v	vastes which will not be se	ent to a hazardous waste facilit	y:

E.3.i. [Designated River Corridor]	No

Full Environmental Assessment Form Part ? - Edentification of Potential Project Impacts

	Agency Use Only [If applicable]
roject :	Playland toe Casino Improvements (RP02A)
Date:	April 2023

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- · Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) If "Yes", answer questions a - j. If "No", move on to Section 2.	□nc) Z	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. The proposed action may involve construction on land where depth to water table is less than 3 feet. 	E2d		
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	Ø	
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	Ø	
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	Ø	
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	Ø	
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	Ø	
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	Bli	Ø	
h. Other impacts:			

2. Impact on Geological Features The proposed action may result in the modification or destruction of, or inhibaccess to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) If "Yes", answer questions a - c. If "No", move on to Section 3.	it Z NC) 🗆	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached:	E2g		
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:	E3c		
c. Other impacts:		_	
			12
3. Impacts on Surface Water The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) If "Yes", answer questions a - 1. If "No", move on to Section 4.	∠ nc	· □	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	Part I	small impact	to large impact may
	Part I Question(s)	small impact may occur	to large impact may occur
a. The proposed action may create a new water body.b. The proposed action may result in an increase or decrease of over 10% or more than a	Part I Question(s) D2b, D1h	small impact may occur	to large impact may occur
 a. The proposed action may create a new water body. b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water. c. The proposed action may involve dredging more than 100 cubic yards of material 	Part I Question(s) D2b, D1h D2b	small impact may occur	to large impact may occur
 a. The proposed action may create a new water body. b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water. c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body. d. The proposed action may involve construction within or adjoining a freshwater or 	Part I Question(s) D2b, D1h D2b D2a	small impact may occur	to large impact may occur
 a. The proposed action may create a new water body. b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water. c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body. d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body. e. The proposed action may create turbidity in a waterbody, either from upland erosion, 	Part I Question(s) D2b, D1h D2b D2a E2h	small impact may occur	to large impact may occur
 a. The proposed action may create a new water body. b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water. c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body. d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body. e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments. f. The proposed action may include construction of one or more intake(s) for withdrawal 	Part I Question(s) D2b, D1h D2b D2a E2h D2a, D2h	small impact may occur	to large impact may occur
 a. The proposed action may create a new water body. b. j. The proposed action may involve the application of pesticides or herbicides in or around any water body.

k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.

I. Other impacts:		D	
4. Impact on groundwater The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquife (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t) If "Yes", answer questions a - h. If "No", move on to Section 5.	⊘ NO	· □	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c		0
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source:	D2c		
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	Dla, D2c	О	0
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	0	0
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h		_
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l		
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c		0
h. Other impacts:		0	0
5. Impact on Flooding The proposed action may result in development on lands subject to flooding. (See Part 1. E.2) If "Yes", answer questions a - g. If "No", move on to Section 6.	□NO		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i		
b. The proposed action may result in development within a 100 year floodplain.	E2j		Ø
c. The proposed action may result in development within a 500 year floodplain.	E2k	Ø	
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	Ø	
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	Ø	
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	Ele	Ø

g. Other impacts:		<u> </u>	ם
6. Impacts on Air The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) If "Yes", answer questions a - f. If "No", move on to Section 7.	⊘ ио		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: i. More than 1000 tons/year of carbon dioxide (CO₂) ii. More than 3.5 tons/year of nitrous oxide (N₂O) iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) iv. More than .045 tons/year of sulfur hexafluoride (SF₆) v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane 	D2g D2g D2g D2g D2g D2g	00000	0 0 0 0
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g		0
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g		0
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	o	0
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s		п
f. Other impacts:		_	
AU. 72.11			
7. Impact on Plants and Animals The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m. If "Yes", answer questions a - j. If "No", move on to Section 8.	nq.)	□NO	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o		
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	☑	
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	Ø	
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	Ø	

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	Ø	
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source:	E2n	IZI	
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	Ø	
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source:	Elb	Ø	
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	Ø	
j. Other impacts: Three trees in excess of 30 inches DBH will be removed on the north side of the building to accommodate the addition and pavernent improvements.		Ø	
	:		
8. Impact on Agricultural Resources The proposed action may impact agricultural resources. (See Part 1. E.3.a. a If "Yes", answer questions a - h. If "No", move on to Section 9.	ınd b.)	NO	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may

management system.

Protection Plan.

h. Other impacts:

potential or pressure on farmland.

	775.7	2007 N. S.	
9. Impact on Aesthetic Resources The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E 1.a, E.1.b, E.3.h.) If "Yes", answer questions a - g. If "No", go to Section 10.	Z N	0 []YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource. 	E3h		0
 The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views. 	E3h, C2b	a	0
 c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round 	E3h	0	0
d. The situation or activity in which viewers are engaged while viewing the proposed	E3h		
action is:	E2q,		
Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	Elc	0	0
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	0	
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile ½-3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g		
g. Other impacts:			a
10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) If "Yes", answer questions a - e. If "No", go to Section 11.) [YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e		Ø
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f		☑
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory.	E3g	Ø	

d. Other impacts:			
If any of the above (a-d) are answered "Moderate to large impact may e. occur", continue with the following questions to help support conclusions in Part 3:			
 The proposed action may result in the destruction or alteration of all or part of the site or property. 	E3e, E3g, E3f	[Z]	
 The proposed action may result in the alteration of the property's setting or integrity. 	E3e, E3f, E3g, E1a, E1b		
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	Ø	
11. Impact on Open Space and Recreation The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) If "Yes", answer questions a - e. If "No", go to Section 12.	□N(o]YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p	Ø	
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	Z	
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q		
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	☑	
e. Other impacts: Temporary closure for at least one ice skating season.		Z	
12. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) If "Yes", answer questions a - c. If "No", go to Section 13.	□ No	o 🔽	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	Z	
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	Z	
c. Other impacts:			
	A		

13. Impact on Transportation			
The proposed action may result in a change to existing transportation system: (See Part 1. D.2.j)	s. V	0	YES
If "Yes", answer questions a - f. If "No", go to Section 14.			
	Relevant Part I Question(s)	No, or smail impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j		
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	0	
c. The proposed action will degrade existing transit access.	D2j	D	0
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j		
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	0	
f. Other impacts:		0	0
			<u> </u>
14. Impact on Energy			9000000
The proposed action may cause an increase in the use of any form of energy. (See Part 1. D.2.k) If "Yes", answer questions a - e. If "No", go to Section 15.	√ N	0 🔲	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	0	0
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	0	
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	0	
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	Dlg	0	0
e. Other Impacts:			
	10		lue s
15. Impact on Noise, Odor, and Light The proposed action may result in an increase in noise, odors, or outdoor ligh (See Part 1. D.2.m., n., and o.) If "Yes", answer questions a - f. If "No", go to Section 16.			YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
The proposed action may produce sound above noise levels established by local regulation.	D2m		
 b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home. 	D2m, E1d	ū	
c. The proposed action may result in routine odors for more than one hour per day.	D2o	0	

d. The proposed action may result in light shining onto adjoining properties.	D2n	0	۵
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	П	D
f. Other impacts:			0

16. Impact on Human Health The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. at If "Yes", answer questions a - m. If "No", go to Section 17.	nd h.)	ese osa			
	Relevant Part I Question(s)	No,or small impact may eccur	Moderate to large impact may occur		
The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	Eld	0			
b. The site of the proposed action is currently undergoing remediation.	Elg, Elh		0		
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	Elg, Elh	а	0		
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	Elg, Elh	0			
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	Elg, Elh		0		
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	0			
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f				
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	0	0		
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	0			
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	Elf, Elg Elh	, 0	а		
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	Elf, Elg		0		
1. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r		o		
m. Other impacts:					
		227			

The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.) If "Yes", answer questions a - h. If "No", go to Section 18.	NO		YES
If Tes , wisher questions a - n. if Tro , go at section to.	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	0	0
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	0	0
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	0	
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	0	
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, Elb	0	0
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j		
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a		0
h. Other:		0	
	<u> </u>		
18. Consistency with Community Character The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3.	✓NO	Y	/ES
The proposed project is inconsistent with the existing community character.	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3)	Relevant Part I	No, or small impact	Moderate to large impact may
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3. a. The proposed action may replace or eliminate existing facilities, structures, or areas	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3. a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community. b. The proposed action may create a demand for additional community services (e.g.	Relevant Part I Question(s) E3e, E3f, E3g	No, or small impact may occur	Moderate to large impact may occur
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3. a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community. b. The proposed action may create a demand for additional community services (e.g. schools, police and fire) c. The proposed action may displace affordable or low-income housing in an area where	Relevant Part I Question(s) E3e, E3f, E3g C4 C2, C3, D1f	No, or small impact may occur	Moderate to large impact may occur
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3. a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community. b. The proposed action may create a demand for additional community services (e.g. schools, police and fire) c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing. d. The proposed action may interfere with the use or enjoyment of officially recognized	Relevant Part I Question(s) E3e, E3f, E3g C4 C2, C3, D1f D1g, E1a	No, or small impact may occur	Moderate to large impact may occur
The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) If "Yes", answer questions a - g. If "No", proceed to Part 3. a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community. b. The proposed action may create a demand for additional community services (e.g. schools, police and fire) c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing. d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources. e. The proposed action is inconsistent with the predominant architectural scale and	Relevant Part I Question(s) E3e, E3f, E3g C4 C2, C3, D1f D1g, E1a C2, E3	No, or small impact may occur	Moderate to large impact may occur

ale: April 2025

Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact
 occurring, number of people affected by the impact and any additional environmental consequences if the impact were to
 occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where
 there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse
 environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

As the project involves primarily renovations to an existing building at a highly-developed/active recreational facility, there will be minimal impacts on the environment.

IMPACT ON LAND: Land disturbance will be limited to a small area on the north side of the building, which has already been disturbed and is surrounded by existing park-related development. Site work will not take more than a year.

IMPACTS ON WATER: Long Island Sound is located to the rear of the building and is set apart by a boardwalk and sea wall that will not be disturbed. Appropriate best management practices will be followed during construction to prevent any offsite contamination.

IMPACT ON FLOODING: All of Playland park is within the 100-year floodplain. The addition will serve to protect the facility's equipment from floodwaters by elevating it several feet above grade. The minor addition in the floodplain will have no downstream impacts since the facility is located on the coastline. Basement pumps will be replaced and anther pump added to minimize flood impacts to the facility.

IMPACT ON PLANTS AND ANIMALS: Three of five trees that presently exist on the north side of the building will need to be removed to accommodate the proposed site improvements. As these are mature trees, the loss of tree canopy in the immediate area would be apparent. However, the park and adjoining Edith Read Sanctuary contain many mature trees. Nevertheless, nine new trees will be planted within the amusement park, as close to the project site as possible, to offset the proposed tree removals. The project will not have a significant impact on wildlife as it does not affect natural habitat.

IMPACT ON HISTORIC AND ARCHEOLOGICAL RESOURCS: In addition to being on the National Register of Historic Places, Playland Amusement Park has been designated a National Historic Landmark. The project will comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties and will serve to restore and protect this historic facility. Restoration in place of in-kind replacement will be considered when viable, as requested by SHPO. No archaeological impacts are anticipated since ground disturbance will be minimal and affected areas have already been disturbed.

IMPACT ON OPEN SPACE AND RECREATION: The project will necessitate temporary closure of the ice casino for construction, which is anticipated to impact one ice skating season. The amusement park, beach, pool and boardwalk will not be affected by this project.

IMPACT ON CRITICAL ENVIRONMENTAL AREAS: Playland Amusement Park lies within two Critical Environmental Areas—Long Island Sound Shoreline and County and State Park Lands, which were designated by the County for a host of benefits, including: scenic, historical, recreational, ecological, cultural, social and educational. The project will serve to support most of these benefits,

Overall, the project will serve to restore/protect a prominent historic structure and popular recreational asset, while updating all systems including heating, plumbing, electrical, communication and fire suppression, improving energy efficiency, safety and accessibility. Replacement of the generator and oil tank and enclosure of the mechanical equipment will reduce exposure to the environment and extend the life of the equipment, minimizing consumption and waste.

Determination of Significance - Type 1 and Unlisted Actions						
SEQR Status:	Type 1	Unlisted				
Identify portions of	EAF completed for this P	roject: 🔽 Part 1	✓ Part 2	Part 3		

Upon review of the information recorded on this EAF, as noted, plus this additional support information
and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the County of Westchester, acting by and through its Board of Legislators. as lead agency that:
A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.
B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:
There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).
C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

ACT NO. -20

BOND ACT OF THE COUNTY OF WESTCHESTER, NEW YORK, AMENDING THE BOND ACT ADOPTED APRIL 25, 2022, IN RELATION TO THE CONSTRUCTION AND CONSTRUCTION MANAGEMENT OF THE REHABILITATION OF THE ICE CASINO BUILDING AT PLAYLAND AND FOR THE DESIGN OF THE GENERAL BUILDING IMPROVEMENT PROJECT, AT THE MAXIMUM ESTIMATED COST OF \$59,139,000. (Adopted , 20____).

WHEREAS, this Board has heretofore duly authorized the issuance of \$18,697,000 bonds to finance the design, construction and construction management of the studio rink project at the Ice Casino at Playland and for the design of the general building improvement project (the "Project"), pursuant to Act No. 30-2022 duly adopted on April 25, 2022; and

WHEREAS, it has now been determined that the cost of the Project has increased and it is necessary to increase the amount of bonds to be issued and the appropriation for such Project;

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Section (A). The bond act duly adopted by this Board on April 25, 2022, entitled:

"ACT NO. 30-2022

BOND ACT AUTHORIZING THE ISSUANCE OF \$18,697,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE COUNTY'S SHARE OF THE DESIGN, CONSTRUCTION AND CONSTRUCTION MANAGEMENT OF THE STUDIO RINK PROJECT AT THE ICE CASINO AT PLAYLAND AND FOR THE DESIGN OF THE GENERAL BUILDING IMPROVEMENT PROJECT, STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$19,047,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$18,697,000 BONDS HEREIN AUTHORIZED; PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS; AND THE APPLICATION OF \$350,000 EXPECTED TO BE RECEIVED FROM THE UNITED STATES OF AMERICA TO BE EXPENDED FOR SUCH PURPOSE OR REDEMPTION OF THE COUNTY'S OBLIGATIONS ISSUED THEREFOR, OR TO BE BUDGETED AS AN OFFSET TO THE TAXES FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON SAID BONDS."

is hereby amended to read as follows:

BOND ACT AUTHORIZING THE ISSUANCE OF \$58,789,000 BONDS OF THE COUNTY OF WESTCHESTER, OR SO MUCH THEREOF AS MAY BE NECESSARY, TO FINANCE THE CONSTRUCTION AND CONSTRUCTION MANAGEMENT ASSOCIATED WITH THE COMPLETE REHABILITATION OF THE ICE CASINO BUILDING AT PLAYLAND PARK, STATING THE ESTIMATED MAXIMUM COST THEREOF IS \$59,139,000; STATING THE PLAN OF FINANCING SAID COST INCLUDES THE ISSUANCE OF \$58,789,000 BONDS HEREIN AUTHORIZED; PROVIDING FOR A TAX TO PAY THE PRINCIPAL OF AND INTEREST ON SAID BONDS; AND THE APPLICATION OF \$350,000 EXPECTED TO BE RECEIVED FROM THE UNITED STATES OF AMERICA TO BE EXPENDED FOR SUCH

PURPOSE OR REDEMPTION OF THE COUNTY'S OBLIGATIONS ISSUED THEREFOR,
OR TO BE BUDGETED AS AN OFFSET TO THE TAXES FOR THE PAYMENT OF THE
PRINCIPAL OF AND INTEREST ON SAID BONDS. (Adopted , 20____)

BE IT ENACTED BY THE COUNTY BOARD OF LEGISLATORS OF THE COUNTY OF WESTCHESTER, NEW YORK (by the affirmative vote of not less than two-thirds of the voting strength of said Board), AS FOLLOWS:

Pursuant to the provisions of the Local Finance Law, constituting Section 1. Chapter 33-a of the Consolidated Laws of the State of New York (the "Law"), the Westchester County Administrative Code, being Chapter 852 of the Laws of 1948, as amended, and to the provisions of other laws applicable thereto, \$58,789,000 bonds of the County, or so much thereof as may be necessary, are hereby authorized to be issued to finance the cost of the construction and construction management associated with the complete rehabilitation of the Ice Casino Building at Playland Park, all as set forth in the County's Current Year Capital Budget, as amended. To the extent that the details set forth in this act are inconsistent with any details set forth in the Current Year Capital Budget of the County, such Budget shall be deemed and is hereby amended. The estimated maximum cost of said object or purpose, including preliminary costs and costs incidental thereto and the financing thereof is \$59,139,000. The plan of financing includes the issuance of \$58,789,000 bonds herein authorized and any bond anticipation notes issued in anticipation of the sale of such bonds, the levy of a tax to pay the principal of and interest on said bonds and notes, and the application of \$350,000 expected to be received from the United State of America to be expended towards the cost of said object or purpose or redemption of the County's obligations issued therefor, or to be budgeted as an offset to the taxes for the payment of the principal of and interest on said bonds.

Section 2. The period of probable usefulness of the specific object or purpose for which the \$58,789,000 bonds authorized by section 1 of this Act are to be issued, within the limitations of Section 11.00 a.19(c) of the Law, is fifteen (15) years.

Section 3. Current funds are not required to be provided as a down payment pursuant to Section 107.00 d. 9. of the Law prior to issuance of the bonds authorized herein, or any bond anticipation notes issued in anticipation of the sale of such bonds. The County intends to finance, on an interim basis, the costs or a portion of the costs of said improvements for which bonds are herein authorized, which costs are reasonably expected to be reimbursed with the proceeds of debt to be incurred by the County, pursuant to this Act, in the maximum amount of \$58,789,000. This Act is a declaration of official intent adopted pursuant to the requirements of Treasury Regulation Section 1.150-2.

Section 4. The estimate of \$59,139,000 as the estimated total cost of the aforesaid object or purpose is hereby approved.

Section 5. Subject to the provisions of this Act and of the Law, and pursuant to the provisions of §30.00 relative to the authorization of the issuance of bond anticipation notes or the renewals thereof, and of §\$50.00, 56.00 to 60.00 and 168.00 of said Law, the powers and duties of the County Board of Legislators relative to authorizing the issuance of any notes in anticipation of the sale of the bonds herein authorized, or the renewals thereof, relative to providing for substantially level or declining annual debt service, relative to prescribing the terms, form and contents and as to the sale and issuance of the respective amounts of bonds herein authorized, and of any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and relative to executing agreements for credit enhancement, are hereby

delegated to the Commissioner of Finance of the County, as the chief fiscal officer of the County.

Section 6. Each of the bonds authorized by this Act and any bond anticipation notes issued in anticipation of the sale thereof shall contain the recital of validity prescribed by §52.00 of said Local Finance Law and said bonds and any notes issued in anticipation of said bonds shall be general obligations of the County of Westchester, payable as to both principal and interest by general tax upon all the taxable real property within the County. The faith and credit of the County are hereby irrevocably pledged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds or the renewals of said notes, and provision shall be made annually in the budgets of the County by appropriation for (a) the amortization and redemption of the notes and bonds to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 7. The validity of the bonds authorized by this Act and of any notes issued in anticipation of the sale of said bonds, may be contested only if:

- (a) such obligations are authorized for an object or purpose for which the County is not authorized to expend money, or
- (b) the provisions of law which should be complied with at the date of the publication of this Act or a summary hereof, are not substantially complied with, and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication, or
- (c) such obligations are authorized in violation of the provisions of the Constitution.

Section 8. This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.

Section (B). The amendment of the bond act set forth in Section (A) of this act shall in no way affect the validity of the liabilities incurred, obligations issued, or action taken

pursuant to said bond act, and all such liabilities incurred, obligations issued, or action taken shall be deemed to have been incurred, issued or taken pursuant to said bond act, as so amended.

Section (C). This Act shall take effect in accordance with Section 107.71 of the Westchester County Charter.
