Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Honorable Members:

I have been advised by the Commissioner of Environmental Facilities that the Town of Harrison (the "Town") has requested pursuant to the attached Resolutions of the Town, that the Mamaroneck Sanitary Sewer District (the "District") be modified to remove two (2) parcels of property more particularly described by street address and tax map designation as 6 Clinton Lane, Block 0506, Lot 4; and 3830 Purchase Street, Block 0951, Lot 19 (the "Parcels") from the District, which Parcels are not currently connected to the County sewer system. These removals are being requested because the Parcels are not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for these Parcels in the foreseeable future.

I am advised that the analysis prepared by the Department of Environmental Facilities in the attached feasibility report ("Feasibility Report") dated January 19, 2022 indicates that the proposed removal of the Parcels represents a net decrease of 0.0141% to the Equalized Full Value of the District. Therefore, the removal of the Parcels will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcels from the District is feasible because: (1) the proposed change was requested by the Town; (2) the subject change requires no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcels were never connected to the sewerage system; (3) the subject change removes from ad valorem taxation properties that have not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcels, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for the Parcels once they have been removed; and (6) the subject Parcels were reviewed by the Westchester County Health Department.

As your Honorable Board knows, the County Administrative Code section 237.131 authorizes the alteration or change of a County Sanitary Sewer District. However, the Board of Legislators (the "Board") may only alter or change a district after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Office of the County Executive

Michaelian Office Building
118 Martine Avenue
White Plains, New York 10601

Telephone: (914)995-2900

The Planning Department has advised that based upon its review, the proposed removal of the Parcel constitutes an Unlisted Action under the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617 ("SEQR"). The Planning Department has prepared the attached Short Environmental Assessment Form to assist your Honorable Board in making the required determination of significance or non-significance pursuant to SEQR. Should your Honorable Board find that there will be no significant adverse impact on the environment from the removal of the Parcels from the District, it is urged to adopt the attached Resolution which would authorize the Clerk of the Board to issue a Negative Declaration on behalf of the Board in satisfaction of SEQR.

Based upon the foregoing, I respectfully recommend that your Board adopt a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code in such matters. In addition, I urge your Board to file with the Clerk of the Board, the Feasibility Report which details the Parcels involved in the proposed change to the District boundaries, and, after the public hearing, adopt an Act which will accomplish the removal of the Parcels from the District.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Harrison (the “Town”) has requested, pursuant to the attached Resolutions of the Town, that the Mamaroneck Sanitary Sewer District (the “District”) be modified to remove two (2) parcels of property more particularly described by street address and tax map designation as 6 Clinton Lane, Block 0506, Lot 4; and 3830 Purchase Street, Block 0951, Lot 19 (the “Parcels”) from the District, which Parcels are not currently connected to the County sewer system. These removals are being requested because the Parcels are not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for these Parcels in the foreseeable future.

Your Committee is informed that the attached Feasibility Report prepared by the Department of Environmental Facilities (“Feasibility Report”) dated January 19, 2022 indicates that the proposed removal of the Parcels represents a net decrease of 0.0141% to the Equalized Full Value of the District. Therefore, the removal of the Parcels will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcels is feasible because: (1) the proposed change was requested by the Town; (2) the subject change requires no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcels were never connected to the sewerage system; (3) the subject change removes from ad valorem taxation properties that have not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcels, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for the Parcels once they have been removed; and (6) the subject Parcels were reviewed by the Westchester County Health Department.

Your Committee notes that Chapter 237.131 of the County Administrative Code authorizes the Board of Legislators (the “Board”) to alter or change the sewer districts. However, the Board may only alter or change the districts after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Your Committee is advised that the removal of the Parcels would constitute an Unlisted Action under Article 8 of the Environmental Conservation Law, which requires an appropriate environmental review. Your Committee has carefully considered the proposed legislation. It has reviewed the attached Short Environmental Assessment Form (“EAF”) and the criteria contained in Section 617.7 of Title 6 of the New York State Code of Rules and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For the reasons set forth in the attached EAF, your Committee believes that the proposed action will not have any significant adverse impact on the environment and urges your Honorable Board to adopt the annexed resolution by which this Board would issue a Negative Declaration for this proposed action.

Based on the above facts, the Feasibility Report prepared by the Department of Environmental Facilities and the review by the Planning Department, your Committee concurs with the recommendation of the County Executive and recommends your Honorable Board adopt the annexed Resolution which will authorize Legal Notice for the public hearing which is required by the Administrative Code in such matters. After such hearing, your Honorable Board is urged to adopt the annexed Act which accomplishes the removal of said Parcels from the District. It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this Act.

FEASIBILITY REPORT
IN THE MATTER OF

THE REMOVAL OF CERTAIN PARCELS

IN THE

MAMARONECK SANITARY SEWER DISTRICT

TOWN OF HARRISON

MP

Vincent F. Kopicki, P.E.
Commissioner
Environmental Facilities

The Town of Harrison has petitioned that two (2) properties currently included in the Mamaroneck Sanitary Sewer District be removed from the Mamaroneck Sewer District.

A. The identification of the parcels presently within the Mamaroneck Sanitary Sewer District and to be removed is contained on the attached Town Resolution of the Town of Harrison, Request for Removal from the Mamaroneck Sanitary Sewer District as prepared by the Harrison Town Clerk. The Town of Harrison is petitioning to remove said parcels from the Mamaroneck Sewer District. The properties to be removed are known as 6 Clinton Lane, Block 0506, Lot 4 and 3830 Purchase Street, Block 0951, Lot 19.

B. EFFECT ON SEWER DISTRICT TAX RATE:

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuation in the 2022 levy pertinent to the subject parcel:

Full Value of Mamaroneck District

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUES</u>	<u>EQ. PERCENT</u>	<u>FULL VALUE</u>
Harrison	\$ 111,765,800	1.42%	\$7,870,830,986
Mamaroneck	\$ 7,230,699,898	100.0%	\$7,230,699,898
New Rochelle	\$ 32,886,960	2.34%	\$1,405,425,641
North Castle	\$ 275,700	2.24%	\$ 12,308,036
Rye (City)	\$ 19,837,916	1.66%	\$1,195,055,181
Rye Town	\$ 1,876,754,867	100.0%	\$1,876,754,867
Scarsdale	\$ 3,361,609,424	100.0%	\$3,361,609,424
White Plains	\$ 171,561,607	2.66%	\$6,449,684,473
TOTAL:			\$29,402,368,506

(TOWN OF Harrison) Total Value Removed: (-4,151,408)

TOTAL FULL VALUE OF DISTRICT AS AMENDED: \$29,398,217,098*

*Represents a 0.0141% decrease in the FEV of the District

C. Summary and Recommendations

The proposal to remove a certain parcel in the Mamaroneck Sanitary Sewer District is feasible because:

1. The proposed change was requested by the Town of Harrison.
2. The subject change requires no engineering modifications to the district facilities and there is no impact on the County facilities because these parcels were never connected to the sewerage system.
3. The subject change removes from ad valorem taxation a property that has not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town of Harrison.
4. The subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities.
5. The subject parcel once removed from the district will be required to petition the County to re-enter the district. The County is not obligated to reserve any capacity for these parcels once they have been removed.
6. The subject parcel was reviewed by the Westchester County Health Department.

RESOLUTION NO -2022

WHEREAS, there is pending before this Honorable Board an Act to authorize the County to modify the Mamaroneck Sanitary Sewer District (the “District”) by removing two (2) parcels of property in the Town of Harrison, which parcels are not currently connected to the County sewer system; and

WHEREAS, this Honorable Board has determined that the proposed removal would constitute an action under Article 8 of the Environmental Conservation Law, known as the State Environmental Quality Review Act (“SEQR”); and

WHEREAS, pursuant to SEQR and its implementing regulations (6 NYCRR Part 617), this project is classified as an “Unlisted” action, which requires this Honorable Board to make a determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, the County of Westchester is the only involved agency for this action and, therefore, is assuming the role of Lead Agency; and

WHEREAS, in accordance with SEQR and its implementing regulations, a Short Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Short Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Short Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon this Honorable Board’s review of the Short Environmental Assessment Form and the reasons set forth therein, this Board finds that

there will be no significant adverse impact on the environment from the removal of the two (2) parcels of property from the Mamaroneck Sanitary Sewer District; and be it further

RESOLVED, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Short Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this "Negative Declaration" on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Acting Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

RESOLVED, that this Resolution shall take effect immediately.

Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information				
Name of Action or Project: Removal of 2 Parcels from the Mamaroneck Sanitary Sewer District				
Project Location (describe, and attach a location map): 6 Clinton Lane, Harrison (Block 506, Lot 4), and 3830 Purchase Street, Purchase (Block 951, Block 19), Westchester County, New York				
Brief Description of Proposed Action: Removal of two parcels from the Mamaroneck Valley Sanitary Sewer District. At the request of the property owners, the Town/Village of Harrison has petitioned the County to remove the subject parcels from the County sewer district on the basis that the parcels were never connected to the sewerage system and the Town/Village has no plans to extend local sewers to service these properties. The parcels are approximately one and four acres in size and are each developed with a single-family residence. The residences are served by on-site septic systems. The proposed district modification will remove from ad valorem taxation, properties that have not, do not, nor are anticipated to receive district benefits.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action involves an act by the County Board of Legislators in order to modify a County-established sewer district, which is similar in nature to "the legislative adoption of a plan" in that there are no direct impacts to the environment because the action does not involve physical changes. The proposed action would remove from a district properties that are not receiving nor are anticipated to receive district services. Both properties are already developed with a single-family residence that is served by a functioning on-site septic system. The Health Department has no record of septic problems or failures occurring at either of these sites within the past five years, which may otherwise warrant inclusion in the district. The properties are located in the Town's R-1 and R-2 One Family Residence zoning districts. Aside from one new residence that could potentially be created if the 4-acre parcel were to be subdivided, no new development is anticipated that would warrant a sewer connection. Neither parcel is located within 100 feet of an existing sewer and the municipality has no plans to extend its local sewer lines to serve these properties. Since the properties were never connected to the sewer system, their removal from the district will have no physical impact on the County's sewer infrastructure.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

ACT NO. – 2022

AN ACT to Modify the Mamaroneck Sanitary Sewer District by the Removal of Two (2) Parcels of Property located in the Town of Harrison.

BE IT ENACTED by the County Board of Legislators of the County of Westchester as follows:

Section 1. The properties located in the Town of Harrison, more particularly described as 6 Clinton Lane, Block 0506, Lot 4; and 3830 Purchase Street, Block 0951, Lot 19 (the “Parcels”), are hereby removed from the Mamaroneck Sanitary Sewer District (the “District”).

Section 2. The Parcels are to be forgiven their obligation for future debt service requirement and are to relinquish their equity in existing sewage facilities in the District, and in return the District is relieved of its responsibility to provide sanitary sewer service and sewerage facilities to the Parcels.

Section 3. This Act, and the assessment area of the District as so altered, changed, modified, reduced and/or enlarged hereby, shall become effective immediately and the assessment rolls filed after the next taxable status date shall show County sewer district assessments and taxes on the basis of such revised District, and taxes levied on such roles shall be based thereon, but any sewer district tax or assessment levied on any valid assessment rolls in effect prior to the next taxable status date, on any parcel affected by the revisions made by this Act shall continue valid as such or as a tax lien, until paid and the amount paid shall be credited to the sewer district in which such parcels were assessed on the roll on which said tax is levied.

Section 4. The County Executive or his authorized designee be and hereby is authorized and empowered to execute instruments and to take any and all action necessary and appropriate to accomplish the purposes hereof.

Section 5. This Act shall take effect immediately.

We are sending to you today by FedEx the following:

- (1) - One copy of the original transmittal cover sheet dated May 5, 2005, addressed to Joseph Phalen, original letter of request and certified resolution on behalf of the Owners requesting to reinstate the above referenced parcel into the Peekskill Sanitary Sewer District.
- (1) - One copy of correspondence dated March 14, 2006 Westchester County Board of Legislator (Alvarado) to County Executive, Honorable Andrew J. Spano, with attachment showing that the application was being forwarded to the Executive for his information and review with regard to a sewer district modification request.

It appears the original request from 2005 to reinstate the above subject parcel into the PSSD may have not been finalized. The Town cannot locate any information pertaining to a Sewer District Modification Act with regard to the subject parcel being reinstated into the PSSD. As such, the owners are submitting a second request to have the parcel re-instated into the PSSD at this time.

Please note, it is the Town's understanding that the subject parcel has been connected to the municipal sanitary sewer system since approximately 2006.

If you have any questions or require any further information please do not hesitate to contact this office.

**Re: Request to reinstate parcel into Peekskill Sanitary Sewer District
1201 Oregon Road ~ Section 13.9 Block 3 Lot 5
Tax I.D. # 552289 / 13.9.3.5**

Dear Supervisor Puglisi and Town Board:

As the owner of the following parcel I am requesting that you please petition Westchester County to reinstate the parcel located at 1201 Oregon Road, Cortlandt Manor, New York 10567, also known as Section 13.9, Block 3, Lot 5 Into the Peekskill Sanitary Sewer District in the Town of Cortlandt.

The Tax Map I.D. # is 552289 and the current Assessed Value is \$ 13,075.

The certified survey prepared by John Romeo L.S. on October 28, 1981 shows no easements whatsoever on the Property

The current water bill for partial occupancy shows only 26 gallons per day for approximately 25% occupancy this would yield 104 gallons per day. **Based on the commercial usage our engineer says to use 200 Gallons Per Day as our stated consumption.**

We believe that this parcel was removed from the Sewer District in 1999 by a previous owner.

Attached are three (3) copies of the tax Map with the parcel cross-hatched. Also attached are three (3) copies of a reduced site plan showing the most recent additions.

If you have any questions or require additional information please contact me at (914) 693 - 6783 or the above address and I shall be pleased to supply your requirements.

Very Truly Yours
