

RESOLUTION NO. 2024 - _____

RESOLVED, that this Board hold a public hearing on the proposed modification to the Peekskill Sanitary Sewer District by the addition of one (1) parcel of property located in the Town of Cortlandt more particularly described as 8 Red Mill Road, Section 13.13, Block 1, Lot 27, pursuant to Section 237.131 of the Laws of Westchester County. The public hearing will be held at _____ m. on the _____ day of _____, 2024 in the Chambers of the Board of Legislators, 8th Floor, Michaelian Office Building, White Plains, New York. The Clerk of the Board shall cause notice of the time and date of such hearing to be published at least once in one or more newspapers published in the County of Westchester and selected by the Clerk of the Board for that purpose in the manner and time required by law. Such Notice shall be substantially in the form attached hereto.

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Cortlandt (“Town”) has requested, pursuant to the attached Resolution of the Town, that the Peekskill Sanitary Sewer District (“District”) be modified to return one (1) parcel of property more particularly described by street address and tax map designation as 8 Red Mill Road, Section 13.13, Block 1, Lot 27 (“Returning Parcel”) to the District. The Returning Parcel was previously part of the District but was removed from the District by your Honorable Board in 1998 for the 1999 tax year.

Your Committee is informed that the attached Feasibility Report prepared by the Department of Environmental Facilities (the “Department”) dated April 17, 2024 and attached hereto, indicates that the proposed addition of the Returning Parcel represents an increase of 0.00292% to the Equalized Full Value of the District. Therefore, the addition of the Returning Parcel will not cause significant changes in the tax rate of the District.

According to the Department, the proposal to add the Returning Parcel to the District is feasible because: 1) the matter was requested by the Town; 2) the facilities necessary to connect the Returning Parcel to County facilities (i.e., Gravity Sewers) will be constructed at the total expense of the Town; 3) maintenance of the completed facilities will be the responsibility of the Town and not the District; 4) the Peekskill Water Resource Recovery Facility (the “Facility”) has a design flow of 10 MGD and the present average daily flow is 6.8 MGD. The average daily flow the Returning Parcel will generate is 450 GPD. The Facility and the County Trunk Sewer have sufficient capacity to accommodate the Returning Parcel; 5) the subject expansion will not result in any significant effect on the tax structure of the District; and 6) the territory proposed to be added to the District is not now in any County sewer district and will be required to pay a surcharge over a ten-year period.

Your Committee notes that Section 237.131 of the County Administrative Code authorizes the alteration or change of a sewer district. However, your Honorable Board may only alter or change the district after it has held a public hearing after notice has been given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution, which, if adopted by your Honorable Board, would set a date and time for the necessary public hearing. Your Committee recommends adoption of said Resolution.

Furthermore, Sections 237.131 and 237.141 of the County Administrative Code confer authority to determine what charges, if any, will be paid by the Returning Parcel. Your Committee has been informed that the Department of Environmental Facilities recommends an aggregate surcharge of Eight Hundred Ninety Dollars (\$890.00), or Eighty-Nine Dollars (\$89.00) per annum to be paid in each of ten equal annual installments, be assessed against the Returning Parcel. This surcharge reflects capital costs incurred from 1999 through 2023, the years the Returning Parcel did not contribute to the District tax levies. This formula has been used in past legislation for parcels returned to a sanitary sewer district.

The Planning Department has advised that based on its review, the proposed addition of the Returning Parcel may constitute a Type II action under the State Environmental Quality Review Act ("SEQRA"), and its implementing regulations, 6 NYCRR, and therefore no environmental review is required. Your Committee has reviewed the attached SEQRA documentation and concurs with this recommendation.

Based on the above facts and the Feasibility Report prepared by the Department, your Committee concurs with the recommendation of the County Executive and recommends that your Honorable Board adopt the annexed Resolution which will set a date and time for the public hearing as required by the Administrative Code in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the addition of the Returning Parcel to the Peekskill Sanitary Sewer District.

It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to adopt this Act.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR REINSTATEMENT
OF ONE PROPERTY TO PEEKSKILL SANITARY SEWER DISTRICT –
8 RED MILL ROAD, TOWN OF CORTLANDT**

PROJECT/ACTION: The reinstatement of 1 parcel located in the Town of Cortlandt—8 Red Mill Road (Section 13.13, Block 1, Lot 27)—to the County’s Peekskill Sanitary Sewer District.

With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no further environmental review is required because the project/action:

- DOES NOT MEET THE DEFINITION OF AN “ACTION” AS DEFINED UNDER SECTION 617.2(b)**
- MAY BE CLASSIFIED AS TYPE II PURSUANT TO SECTIONS:**
 - **617.5(c)(13):** extension of utility distribution facilities, including gas, electric, telephone, cable, water and sewer connections to render service in approved subdivisions or in connection with any action on this list;
 - **617.5(c)(26):** routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment;
 - **617.5(c)(33):** adoption of regulations, policies, procedures and local legislative decisions in connection with any action on this list.

COMMENTS: The subject parcel was removed from the County sewer district, along with over 3,000 other parcels, in 1999 at the request of the Town of Cortlandt on the premise that it was not connected nor was anticipated to connect to the sanitary sewer district in the foreseeable future. The parcel to be reinstated is approximately a third of an acre in size and is developed with a single-family residence with a septic system that has failed. The parcel is located in the Town’s R-40 zoning district; therefore, no further development is anticipated. The property will be able to access the County sewer system via a connection to an existing local sanitary sewer line that is within the street, less than 100 feet from the property line. The estimated sewage contribution for the parcel is 450 gallons per day. Sewage from the Peekskill Sanitary Sewer District is treated at the Peekskill

Water Resource Recovery Facility (WRRF). Since the Peekskill WRRF has a design flow of 10 million gallons per day (MGD) and the present average flow is 6.8 MGD, the plant has sufficient capacity to accommodate this additional flow and the return of the parcel.

FEASIBILITY REPORT
IN THE MATTER OF

THE ENLARGEMENT FOR A CERTAIN PROPERTY

IN THE

PEEKSKILL SANITARY SEWER DISTRICT

TOWN OF CORTLANDT

MP

Vincent F. Kopicki, P.E.
Commissioner
Environmental Facilities

The Town of Cortlandt has petitioned that one (1) property currently not included in the Peekskill Sanitary Sewer District be added to the Peekskill Sanitary Sewer District.

A. The identification of the property not currently within the boundaries of the Peekskill Sanitary Sewer District and to be added is contained in the attached Resolution prepared by the Town Clerk, Town of Cortlandt. Said parcel is not currently in any County Sanitary Sewer District having been removed from the Peekskill Sewer District in 1998 for the 1999 tax year. The property is known as 8 Red Mill Road, designated as Section 13.13, Block 1, Lot 27.

B. EFFECT ON SEWER DISTRICT TAX RATE:

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuations in the 2024 tax levy pertinent to the subject property:

Full Value of District

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUE</u>	<u>EQ. PERCENT</u>	<u>FULL VALUE</u>
Cortlandt	\$ 14,893,985	1.22%	\$1,220,818,443
Peekskill	123,230,717	2.39	5,156,096,946
Somers	64,641,224	9.71	665,718,064
Yorktown	53,940,666	1.72	3,136,085,233

Total \$10,178,718,686

(Town of Cortlandt) Total Value of the
property to be added + 297,131

Total Full Value of District as Amended: \$10,179,015,817

* represents a 0.00292% increase in the FEV of the District

C. The Surcharge Calculation for the property which is not now in a County Sewer District and is proposed for inclusion in the Peekskill Sanitary Sewer District is as follows:

If: e = added area's share in District equity or surcharge amount;

A = added area's f.e.v., 2024 Rolls

D = District f.e.v., 2024 rolls, before proposed additions

and E = District equity in existing facilities or the total of debt service and advances from district levies to pay the capital costs of those facilities, for the period 1999 through 2024.

Then:
$$e = \frac{A}{D+A} \times E$$

$$e = \frac{297,131}{10,178,718,686 + 297,131} \times 30,805,869$$

$$e = \frac{297,131}{10,179,015,817} \times 30,805,869$$

$$e = .000029191 \times \$30,805,869$$

$$e = \$899.24 \text{ (rounded to } \$890.00)$$

and: in each of 10 annual installments, a total surcharge of \$89.00 is to be collected from the added property and credited to the remaining properties of all Municipalities in the District, in each of the ten years.

D. Summary and Recommendations.

The proposed Peekskill Sanitary Sewer District Addition is feasible because:

1. The matter was requested by the Town of Cortlandt.
2. The facilities necessary to connect the properties to County facilities (i.e. Gravity Sewers) will be constructed at the total expense of the Town of Cortlandt.
3. Maintenance of the completed facilities will be the responsibility of the Town of Cortlandt but not the Peekskill Sanitary Sewer District.
4. The Peekskill Water Resource Recovery Facility has a design flow of 10 MGD and the present average daily flow is 6.8 MGD. The average daily flow the parcels will generate is 450 gallons per day. The Facility and the County Trunk Sewer have sufficient capacity to accommodate this property.
5. The subject expansion will not result in any significant effect on the tax structure of the district.
6. The Territory proposed to be added to the Peekskill Sanitary Sewer District is not now in any County Sewer District and will be required to pay a surcharge over a ten year period.
