RE: Message Requesting Immediate Consideration: **Bond Act – BPL26 (2925) – Flood Mitigation.**

This will confirm my request that the Board of Legislators allow submission of the referenced communication to be submitted to the Board of Legislators May 19, 2025 Agenda.

Transmitted herewith for your review and approval is a bond act (the “Bond Act”) which, if adopted by your Honorable Board, would authorize the County of Westchester (the “County”) to issue up to \$1,250,000.00 in bonds of the County to finance a component of capital project BPL26.

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for May 19, 2025 “blue sheet” calendar.

Thank you for your prompt attention to this matter.

Westchester County Board of Legislators

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (the "Bond Act") which, if adopted by your Honorable Board, would authorize the County of Westchester (the "County") to issue up to \$1,250,000.00 in bonds of the County to finance a component of capital project BPL26 - Flood Mitigation ("BPL26").

The Bond Act, in the amount of \$1,250,000.00, would fund the County's share of additional costs associated with design of this flood mitigation project contemplated in the United States Army Corps of Engineers' ("USACE") General Reevaluation Report ("GRR") in the Village of Mamaroneck for the Mamaroneck and Sheldrake Rivers Basin. In 2009, the County entered into an agreement with the New York State Department of Environmental Conservation ("DEC"), whereby the County would partially fund USACE's design of the Mamaroneck and Sheldrake Rivers Flood Risk Reduction Project (the "Agreement"). Under the Agreement the estimated design cost of the project was \$6,651,000.00, of which \$500,000.00 was 100% federally funded. The remaining cost of \$6,151,000.00 was to be apportioned between a Federal share (75%) and a non-Federal share (25%). The County and DEC were each to pay half of the non-Federal share, or approximately \$768,875.00 each. Your Honorable Board approved Bond Act 79-2009 authorizing the issuance of \$900,000.00 to fund the County's share of the project's design.

In 2021, the Agreement was amended in order to increase the County share from \$768,875.00 by \$62,648.33 for a new total amount of \$831,523.33 (the "First Amendment"). DEC recently informed the County that the project's design is ongoing, the cost has exceeded the estimated amount as set for the in the First Amendment, and that in order to complete the project the County share will increase by \$1,187,500.00 for a new total amount of \$2,019,023.33. Your Honorable Board will note that the bonding request is \$1,250,000.00 to include additional County costs for staff hours and administration of the project.

In 2011 your Honorable Board enacted the Westchester County Storm Water Management Law ("SWML") to assist municipalities with storm water management (flood mitigation). See Laws of Westchester County Chapter 241, Article III-A, Sections 241.252-241.260. The SWML

E-mail: ceo@westchestercountyny.gov

provides for the evaluation of flooding within the County through preparation of watershed "reconnaissance plans", and the SWML authorizes County cooperation with municipalities, including funding assistance, to improve storm water management and reduce flooding.

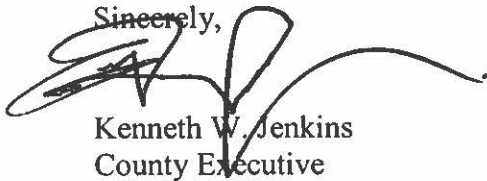

By Act No. 134-2014, your Honorable Board approved the Stormwater Reconnaissance Plan for the Coastal Long Island Sound Watershed.

It should be noted that since BPL26 is a "general fund" project, specific components are subject to a Capital Budget Amendment. Section 1 of the Bond Act authorizes an amendment to the County's Capital Budget to the extent the project scope is inconsistent with any details set forth in the current Capital Budget. Accordingly, the Bond Act, in addition to authorizing the issuance of bonds for this project, will also amend the 2025 Capital Budget to reflect the specific location of this project component.

The Department of Planning has advised that the Planning Board has previously reviewed BPL26 and issued a report, and that since there are no substantial changes to the physical planning aspects of this project, no further action by the Planning Board is necessary at this time.

Based upon the foregoing, I recommend the adoption of the aforementioned Bond Act.

Sincerely,

A handwritten signature in black ink, appearing to read 'KWJ', with a long, sweeping horizontal line extending to the right.

**THE HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive recommending approval of a bond act (the “Bond Act”), which if adopted, would authorize the County of Westchester (the “County”) to issue up to \$1,250,000.00 in bonds to finance a component of capital project BPL26 - Flood Mitigation (“BPL26”).

Your Committee is advised that the Bond Act, prepared by the law firm of Hawkins Delafield & Wood LLP, in the amount of \$1,250,000.00, would fund the County’s share of additional costs associated with design of this flood mitigation project contemplated in the United States Army Corps of Engineers’ (“USACE”) General Reevaluation Report (“GRR”) in the Village of Mamaroneck for the Mamaroneck and Sheldrake Rivers Basin. In 2009, the County entered into an agreement with the New York State Department of Environmental Conservation (“DEC”), whereby the County would partially fund USACE’s design of the Mamaroneck and Sheldrake Rivers Flood Risk Reduction Project (the “Agreement”). Under the Agreement the estimated design cost of the project was \$6,651,000.00, of which \$500,000.00 was 100% federally funded. The remaining cost of \$6,151,000.00 was to be apportioned between a Federal share (75%) and a non-Federal share (25%). The County and DEC were each to pay half of the non-Federal share, or approximately \$768,875.00 each. Your Honorable Board approved Bond Act 79-2009 authorizing the issuance of \$900,000.00 to fund the County’s share of the project’s design.

Your Committee is advised that in 2021, the Agreement was amended in order to increase the County share from \$768,875.00 by \$62,648.33 for a new total amount of \$831,523.33 (the “First Amendment”). DEC recently informed the County that the project’s design is ongoing, the cost has exceeded the estimated amount as set for the in the First Amendment, and that in order to complete the project the County share will increase by \$1,187,500.00 for a new total amount of \$2,019,023.33. Your Honorable Board will note that the bonding request is \$1,250,000.00 to include additional County costs for staff hours and administration of the project.

Your Committee is further advised that this Honorable Board enacted the Westchester County Storm Water Management Law ("SWML") in 2011 to assist municipalities with storm water management (flood mitigation). *See* Laws of Westchester County Chapter 241, Article III-A, Sections 241.252-241.260. The SWML provides for the evaluation of flooding within the County through preparation of watershed "reconnaissance plans", and the SWML authorizes County cooperation with municipalities, including funding assistance, to improve storm water management and reduce flooding.

By Act No. 134-2014, your Honorable Board approved the Stormwater Reconnaissance Plan for the Coastal Long Island Sound Watershed.

It should be noted that since BPL26 is a "general fund" project, specific components are subject to a Capital Budget Amendment. Section 1 of the Bond Act authorizes an amendment to the County's Capital Budget to the extent the project scope is inconsistent with any details set forth in the current Capital Budget. Accordingly, the Bond Act, in addition to authorizing the issuance of bonds for this project, will also amend the 2025 Capital Budget to reflect the specific location of this project component. Your Committee notes that this Honorable Board has previously authorized the County to issue bonds which have financed prior components of this project as set forth in the attached fact sheet.

The Department of Planning has advised your Committee that based on its review, the above referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQRA documentation and concurs with this conclusion.

In addition, the Department of Planning has further advised your Committee that the Planning Board has previously reviewed BPL26 and issued a report, and that since there are no substantial changes to the physical planning aspects of this project, no further action by the Planning Board is necessary at this time.

Please note that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act.

Based on the importance of this project to the County, your Committee recommends favorable action on the annexed Bond Act.
