

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester (“County”) of an act amending the County’s current-year capital budget (the “Capital Budget Amendment”), as well as adoption of a related bond act (the “Bond Act”) which, if adopted, will authorize the County to issue \$600,000.00 in bonds to finance capital project SM036 – Mamaroneck WRRF Facility Evaluation (“SM036”).

The proposed Capital Budget Amendment will amend the County’s 2025 capital budget to create a new appropriation in the amount of \$600,000.00 to fund SM036.

The Bond Act, in the amount of \$600,000.00, prepared by the firm of Norton Rose Fulbright, would finance the cost of a study to assess the condition of the Mamaroneck Water Resource Recovery Facility. The study will evaluate the physical facility (structural, electrical, HVAC, plumbing, process), recently completed projects, projects currently in design /construction, future planned projects and flow capacity. The evaluation will determine what additional short term, midterm, and long-term projects should be planned for the facility in order to meet all regulations, maintain a safe working environment and continue to serve the Mamaroneck sanitary sewer district.

The Department of Environmental Facilities has advised that following bonding authorization, the study will begin, will be performed by a consultant, and will take approximately eighteen (18) months to complete.

The Planning Department has advised your Committee that based on its review, the above referenced capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

The Planning Department has further advised that Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the “Planning Board”) with

respect to the physical planning aspects of the project. Accordingly, the necessary Planning Board report for SM036 is annexed.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be further noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.

RESOLUTION 25- 4
WESTCHESTER COUNTY PLANNING BOARD

2025 Capital Budget Amendment
Amendment of Planning Board Report on the 2025 Capital Projects
**Westchester County Sanitary Sewer District Studies
Four Districts**

WHEREAS, pursuant to Section 167.131 of the County Charter, the Planning Board must submit its recommendations with regard to the physical planning aspects of proposed capital projects not included in the county budget or change in the location of a capital project; and

WHEREAS, the Department of Environmental Facilities is requesting capital funding for comprehensive studies for four of the sanitary sewer districts; and

WHEREAS, the studies will include an evaluation of the following five listed items to determine what additional short term, mid-term, and long-term projects should be planned for the facility in order to meet all regulations and maintain a safe and functional facility and continue to serve the district(s):

- 1) the physical facility (structural, electrical, HVAC, plumbing, process)
- 2) recently completed projects
- 3) projects currently in design / construction
- 4) future planned projects
- 5) flow capacity study

WHEREAS, the capital project and cost of these studies of the sanitary sewer districts are listed below; and

Sewer District	Capital Project ID	Project Cost
Blind Brook Sanitary Sewer District	SBB36	\$600,000
Mamaroneck Sanitary Sewer District	SM036	\$600,000
New Rochelle Sanitary Sewer District	SNR36	\$600,000
Yonkers Joint Sanitary Sewer District	SY036	\$1,000,000
Total		\$2,800,000

WHEREAS, the Planning Board finds that the above sites and projects have been reviewed with respect to *Westchester 2025 Context for County and Municipal Planning in Westchester County and Policies to Guide County Planning* adopted by the Board on May 6, 2008, amended January 5, 2010, and its recommended strategies set forth in *Patterns for Westchester: The Land and the People*, adopted December 5, 1995; now therefore, be it

RESOLVED, that the County Planning Board, pursuant to Section 167.131 of the County Charter, recommends the inclusion of the above listed sites to be funded using 2025 Capital Budget appropriations for **Westchester County Sanitary Sewer District Studies - Four Districts**.

Project Description

This project aims to assess the Mamaroneck Water Resource Recovery Facility (WRRF). The assessment will include an evaluation of the following; the physical facility (structural, electrical, HVAC, plumbing, process), recently completed projects, projects currently in design / construction, future planned projects and a flow capacity study. The evaluation will determine what additional short term, mid-term, and long-term projects should be planned for the facility in order to meet all regulations, maintain a safe working environmental and continue to serve the Mamaroneck sanitary sewer district.

Appropriation Requests

2025: \$600,000 for Study.

Justification

This study includes an evaluation of the following; the physical facility (structural, electrical, HVAC, plumbing, process), recently completed projects, projects currently in design / construction, future planned projects and a flow capacity study. The evaluation will determine what additional short term, mid-term, and long-term projects should be planned for the facility in order to meet all regulations and maintain a safe and functional facility and continue to serve the Mamaroneck sanitary sewer district.

Consistency with Programs or Plans

This project is generally consistent with the policies of "Westchester 2025" in that it is a capital improvement for physical facilities that enables the County to deliver services in an economic and humane manner.

Planning Board Analysis

PL1: The Planning Board supports the proposed study. Planning Department staff will monitor the progress of the study to address safety, aesthetic and environmental planning concerns. As per Westchester County policy, stormwater management must be addressed with every capital project where feasible. The study should incorporate the latest version of the NYS Stormwater Management Design Manual and the NYS Standards and Specifications for Erosion and Sediment Control.
