HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$2,500,000 to finance capital project SM095 – Pumping Station Rehabilitation Program Mamaroneck SSD ("SM095"). The Bond Act, which was prepared by the law firm Norton Rose Fulbright, will finance the cost of the design and construction management for the rehabilitation of and improvements to the following sewage pump station: Beaver Brook (Glen Oaks).

The Department of Environmental Facilities ("Department") has advised that design and construction management funding is for the rehabilitation of and improvements to the Beaver Brook (Glen Oaks) Pumping Station. The work required in the pumping stations typically includes, but is not limited to, the installation of new bar screens, pumps and pump control panel replacements, piping and valves, gas and fire detection systems, all mechanical, instrumentation and electrical systems, and structural and architectural repairs and replacement such as walls, windows, and roofs. Also as part of the rehabilitation, relocation and/or replacement of the station's emergency generator (if present) will be addressed. Flood Hazard Mitigation will also be addressed at each pumping station as recommended in a prior Vulnerability Assessment Study.

Following bonding authorization and execution of a consultant agreement, design is estimated to take twelve (12) months to complete. It is estimated that construction will take 24 months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with SM095 as indicated in the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, SM095 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
