

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$600,000 to finance capital project WCC91 – Technology Upgrade On-Campus 2017/18-2021/22 ("WCC91"). The Bond Act, which was prepared by the law firm Hawkins, Delafield & Wood, will finance the County's approximately 50% share of the cost of Phase II of the Westchester Community College ("College") technology upgrade-on campus program, including firewall replacement to protect the College from growth security threats, network test equipment replacement, newer wiring, network and computing technology, comprehensive long range plan for the preservation and enhancement of technology at the College's main campus in Valhalla, PC, laptop, printer, router, and scanner replacements, desktop virtualization growth, phone replacement conversion to voice over IP, server, switch, Uninterrupted Power Supply, and tape drive replacements, server enhancement/replacements, academic classroom initiatives which will upgrade technology

The College has advised that the amount appropriated for Phase II of WCC91 is \$1,200,000. This bond request in the amount \$600,000, represents the County's 50% share; New York State has approved funding for the remaining 50%.

The College has advised that it provides educational instruction to over 22,000 students each year. Such services must be supported by technology. Long-term consideration is required to adequately plan for the introduction and replacement of new and existing technologies. WCC91 provides funding for the purchase of computer equipment and peripherals, IT infrastructure and the installation of state of the art technology at the Valhalla campus.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in the amount of \$618,000 in connection with Phase I of WCC91 by Act 99-2021.

Following receipt by the College of State funds and bonding authorization from the County, the College anticipates that the work will be completed within approximately 24 months. It is anticipated that installation will be accomplished by in-house staff.

The Planning Department has advised your Committee that based on its review, WCC91 has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
