

**THE HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER**

**DRAFT  
IMA ON FILE**

Your Committee is in receipt of a transmittal from the County Executive recommending approval of a bond act (the "Bond Act"), which if adopted, would authorize the County of Westchester (the "County") to issue up to \$1,200,000.00 in bonds to finance a component of capital project BPL26 - Flood Mitigation ("BPL26"). Also attached is an Act authorizing an inter-municipal agreement ("IMA") with the City of Peekskill (the "City") setting forth the terms of the flood mitigation project.

Your Committee is advised that the Bond Act, in the amount of \$1,200,000 prepared by the law firm of Hawkins Delafield & Wood LLP, would finance the County's share of the costs associated with a flood mitigation project consisting of the reconstruction of the Peekskill Hollow Brook dam and spillway and the excavation/dredging of the associated reservoir. It is estimated that the project will take three years to complete.

The IMA, a copy of which is attached, sets forth the responsibilities of the County and the City in connection with the project. In accordance with the IMA, the County and the City will each provide up to fifty (50%) percent of the total cost of the project which is estimated to cost a total of \$2,200,000. The County will pay to the City, on a reimbursement basis, an amount not to exceed \$1,100,000, provided, however, should the total eligible project construction costs be less than \$2,200,000.00, the County shall only be responsible for fifty (50) percent of the lesser amount. The Municipality shall be responsible for all costs in excess of the County's \$1,100,000 contribution.

In 2011 your Honorable Board enacted the Westchester County Storm Water Management Law ("SWML") to assist municipalities with storm water management (flood mitigation). See Laws of Westchester County Chapter 241, Article III-A, Sections 241.252-241.260. The SWML provides for the evaluation of flooding within the County through preparation of watershed "reconnaissance plans", and the SWML authorizes County cooperation with municipalities, including funding assistance, to improve storm water management and reduce flooding.

By Act No. 135-2014, your Honorable Board approved the Stormwater Reconnaissance Plan for the Peekskill and Haverstraw Bays Watershed. Criteria for funding stormwater management (flood mitigation) projects are also described in the plan, including discretionary fund policy requirements to affirmatively further fair housing. The IMA requires the City to adopt regulations and policies consistent with the flood mitigation criteria.

Your Committee notes that this Honorable Board has previously authorized the County to issue bonds which have financed prior components of this project as set forth on the attached fact sheet.

The Planning Department has advised your Committee that based on its review, BPL26 has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

Your Committee is further advised that since BPL26 is a “general fund” project, specific components are subject to a Capital Budget Amendment. Section 1 of the Bond Act authorizes an amendment to the County’s Capital Budget to the extent the project scope is inconsistent with any details set forth in the current Capital Budget. Accordingly, the Bond Act, in addition to authorizing the issuance of bonds for this project, will also amend the 2019 Capital Budget to reflect the specific location of this project component.

In addition, section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the “Planning Board”) with respect to the physical planning aspects of the project. Accordingly, the Planning Board Report for BPL26 is annexed.

Please note that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act, while a simple majority of the voting strength of your Honorable Board is required to adopt the Act authorizing the IMA.

Based on the importance of this project to the County, your Committee recommends favorable action on the annexed Bond Act and Act authorizing the IMA.

RESOLUTION 21- 23

WESTCHESTER COUNTY PLANNING BOARD

Amendment of Planning Board Report on 2021 Capital Project Requests  
BPL26 Flood Mitigation

**WHEREAS**, the County of Westchester has established **Capital Project BPL26 Flood Mitigation**, a general fund, to provide a share of the cost of funding flood mitigation projects that are proposed by local municipalities and approved by the County; and

**WHEREAS**, the reconstruction of the dam at the Peekskill-Hollow Brook Reservoir located in the Town of Cortlandt but owned by the City of Peekskill, in the amount of \$1,200,000, will reduce flood risk for downstream properties, including areas downstream described as Flood Problem Area CTD-2 and PKS-8 in the stormwater reconnaissance plan for the Peekskill and Haverstraw Bays drainage basin; and

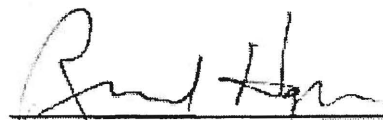

**WHEREAS**, the project has been reviewed and approved by the County Stormwater Advisory Board and will be subject to further detailed review by County staff; and

**WHEREAS**, in furtherance of the above, the County Executive will be submitting legislation to the Board of Legislators to amend the Capital Project BPL26 Flood Mitigation to add the project to Capital Project BPL26 and authorize bonding to fund up to 50% of the project; and

**WHEREAS**, the project is consistent with the County Planning Board's long-range planning policies set forth in *Westchester 2025 - Policies to Guide County Planning*, in that it will help preserve and protect the County's natural resources and environment, both physical and biotic and will help mitigate the impacts of flooding; now therefore, be it

**RESOLVED**, that the County Planning Board, pursuant to Section 167.131 of the County Charter, amends its Report on the 2021 Capital Project Requests to include the Capital Project BPL26 Flood Mitigation for reconstruction of the dam at the Peekskill-Hollow Brook Reservoir in the Town of Cortlandt.

Adopted this 5<sup>th</sup> day of October 2021
