RE: Bond Act for capital project SPS18-South Yonkers Trunk Sewer System Reconstruction
(3262)

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,000,000.00 to finance the following capital project:

SPS18 –South Yonkers Trunk Sewer System Reconstruction (Unique ID: 3262) ("SPS18").

The Bond Act, in the amount of \$1,000,000.00, would finance Phase I of the South Yonkers Trunk Sewer Reconstruction, which consists of -the reconstruction of portions of the South Yonkers trunk sewer system, including inspection, rehabilitation and reconstruction.

The Department of Environmental Facilities ("Department") has advised that Phase I scope of work will consist of portions of the County's South Yonkers Trunk Sewer Tunnel along Sunnyside Lane which requires a multi-sensor engineering inspection to qualify and quantify defects and condition of the sewer. This is part of the continuous self-assessment provision of the Federal Capacity, Management, Operations, and Maintenance program.

Following bonding authorization, inspection will begin after award and execution of the contract and is expected to be completed by second quarter of 2027.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.
