

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a communication from the County Executive forwarding for your Honorable Board's consideration an Act which, if approved, would authorize the County of Westchester ("County"), acting by and through its Departments of Emergency Services ("DES") and Parks, Recreation and Conservation ("PRC") to enter into an inter-municipal agreement ("Agreement") with the Pound Ridge Fire District ("District"), pursuant to which the District will provide fire protection services to the County for the property located in the northern portion of the Ward Pound Ridge Reservation ("Property"), which lies within the boundaries of the Town of Lewisboro. The Agreement will be for a term commencing retroactively on January 1, 2025 and expiring on December 31, 2029. The County's prior agreement with the District for these same services expired on December 31, 2024.

Your Committee is advised that in consideration for the fire suppression services to be provided by the District under the proposed Agreement, the County will, at its own cost and expense, install and maintain a storage facility, with the height, dimensions and specifications designated by the County ("Storage Facility") in a location at the Property approved by the County near the Kimberly Bridge, which will be used by the District for the pre-positioning and storage of its trailer, an all-terrain vehicle or any other vehicle approved by the County ("Vehicles"). In addition, the County will also install and maintain all necessary electrical equipment and appurtenant connections in order to supply electricity to the Storage Facility. The County will maintain the Storage Facility in good repair and condition.

Your Committee is advised that the District will be responsible for the operation and maintenance of the Vehicles and supply all other equipment and supplies in order to perform the fire protection services, as required under the Agreement.

Your Committee is further advised that the proposed Agreement is exempt from the Westchester County Procurement Policy and Procedures pursuant to Section 3(a)iii thereof, which exempts transactions or contracts with the United States of America, any State, and any political subdivision, agency or instrumentality thereof.

In addition, the Planning Department has advised that based on its review, the proposed Agreement may be classified as a "Type II" action under the State Environmental Quality

Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”). Type II actions are those actions determined not to have a significant effect on the environment and therefore do not require further environmental review. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation

It should be noted that an affirmative vote of a majority of the members of your Honorable Board is required to adopt the attached Act. Accordingly, your Committee recommends the annexed proposed Act for adoption.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR WARD POUND  
RIDGE RESERVATION FIRE PROTECTION SERVICES**

---

**PROJECT/ACTION:** Agreement with Pound Ridge Fire District pursuant to which the District will provide fire protection services to the County for the property located in the northern portion of the Ward Pound Ridge Reservation, which lies within the boundaries of the Town of Lewisboro, for a term commencing retroactively on January 1, 2025 and expiring on December 31, 2029. The County's prior agreement with the District for these services expired on December 31, 2024. In consideration for the fire suppression services to be provided by the District under the proposed Agreement, the County will install and maintain a storage facility with electricity for use by the District. This will replace a license agreement with the District, which also expired on December 31, 2024, that provided space on the Reservation for the District to maintain a trailer and an all-terrain vehicle at the park. The proposed storage facility will be a single-story shed, approximately 24 ft wide x 20 ft long, that will be located at an existing campsite parking area on the north side of Reservation Road, east of Kimberly Bridge, in the same vicinity where the District trailer and vehicle were licensed to locate.

**With respect to the State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617, the Planning Department recommends that no environmental review is required because the project/action may be classified as a TYPE II action pursuant to section(s):**

- **617.5(c)(9):** construction or expansion of a primary or accessory/appurtenant, nonresidential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities;
- **617.5(c)(13):** extension of utility distribution facilities, including gas, electric, telephone, cable, water and sewer connections to render service in approved subdivisions or in connection with any action on this list.

---

**Comments:** The provision of fire protection services, alone, would not be an action that would be subject to SEQR. The proposed improvements, however, have been identified as a Type II action. It is noted that the proposed storage facility will be located within existing disturbed area and will

not require any tree removals and that the electricity will be supplied by tapping into an existing underground electrical line running across the parking area from the residence located east of the parking area to the restroom located on the west side of the parking area. As such, the proposed improvements will result in no additional impact on the environment.

## **SCHEDULE “C”** **STANDARD INSURANCE SCHEDULE** **(Ward Pound Ridge Reservation – Inter-Municipal Agreement)**

1. Prior to commencing the services, and through the term of the Agreement, the Fire District shall obtain at its own cost and expense the required insurance as delineated below. Except for the Workers’ Compensation coverage required pursuant to Section 2(a) of this Schedule, the Fire District shall obtain the required insurance from insurance companies licensed in the State of New York, carrying a Best’s financial rating of A or better. Fire District shall provide evidence of insurance to the County of Westchester (“County”), either by providing a copy of policies and/or certificates as may be required and approved by the Director of Risk Management of the County (“Director”). All notices shall name the Fire District and identify the Agreement.

If at any time any of the policies required herein shall be or become unsatisfactory to the County, as to form or substance, or if a company issuing any such policy shall be or become unsatisfactory to the Director as it relates to the agreed upon terms and conditions of the Agreement, the Fire District shall upon notice to that effect from the County, promptly obtain a new policy, and submit the policy or the certificate as requested by the Director to the Office of Risk Management of the County of Westchester for approval by the Director. Upon failure of the Fire District to furnish, deliver and maintain such insurance, the Agreement, at the election of the County, may be declared suspended, discontinued or terminated.

Failure of the Fire District to take out, maintain, or the taking out or maintenance of any required insurance, shall not relieve the Fire District from any liability under the Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the contractual obligations of the Fire District concerning indemnification.

All property losses shall be made payable to the “County of Westchester” and adjusted with the appropriate County personnel.

In the event of any loss, if the Fire District maintains broader coverage and/or higher limits than the minimums identified herein, the County shall be entitled to the broader coverage and/or higher limits maintained by the Fire District. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

2. The Fire District shall provide proof of the following coverage (if additional coverage is required for a specific agreement, those requirements will be described in the Agreement):

(d) Automobile Liability Insurance with a minimum limit of liability per occurrence of \$1,000,000 for bodily injury and a minimum limit of \$100,000 per occurrence for property damage or a combined single limit of \$1,000,000 unless otherwise indicated in the contract specifications. This insurance shall include for bodily injury and property damage the following coverages and name the “County of Westchester” as additional insured:

- (i) Owned automobiles.

- (iii) Non-owned automobiles.

3. Unless otherwise indicated, all policies of the Fire District shall be endorsed to contain the following clauses:

(a) Insurers shall have no right to recovery or subrogation against the County (including its employees and other agents and agencies), it being the intention of the parties that the insurance policies so effected shall protect both parties and be primary coverage for any and all losses covered by the above-described insurance.

NOTE: The Fire District’s Workers’ Compensation policy shall not be required to contain the clause set forth in Section 3(a).

(b) The insurance companies issuing the policy or policies shall have no recourse against the County (including its agents and agencies as aforesaid) for payment of any premiums or for assessments under any form of policy.
