This will confirm my request that the Board of Legislators allow submission of the referenced communication to be submitted to the Board of Legislators March 22, 2021 Agenda.

Transmitted herewith for your review and approval is an Act to amend the current-year capital budget (the “Capital Budget Amendment”) as well as a related bond act (the “Bond Act”) in connection with the following capital project: BSS13.

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for March 22, 2021 “blue sheet” calendar.

Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is an Act to amend the current-year capital budget (“Capital Budget Amendment”) as well as a related bond act (the “Bond Act”), which if adopted, would authorize the County of Westchester (“County”) to issue up to \$1,700,000 in bonds of the County to finance a component of the following capital project:

BSS13 – Infrastructure Improvements to Shelter Facilities – Vernon Plaza Mt. Vernon (“BSS13”).

The proposed Capital Budget Amendment will amend the County’s current-year capital budget to increase the County funds for this project by \$173,000.

The Bond Act, in the total amount of \$1,700,000, would finance the cost of design, construction management and construction associated with the replacement of the existing boilers, burners, boiler controls, radiator control valves, steam traps; upgrades to the boiler room; and associated work at the Vernon Plaza Center in Mt. Vernon.

The Department of Public Works and Transportation (“Department”) has advised that the cast iron boiler sections used to heat the building are cracked at several locations and are beyond repair. As a consequence, the facility is currently operating on temporary boilers and replacement boilers are desperately needed.

The Department has further advised that upon bonding authorization, design shall begin by in-house staff and is expected to be completed in two (2) months. It is anticipated that construction will take approximately six (6) months and shall begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for a prior component of project BSS13 as follows: Bond Act No. 84-2012 in the amount of \$80,000 which funded the cost of design in connection with the replacement of existing roofing, air conditioning units and miscellaneous repairs at the Vernon Plaza Center in Mt. Vernon. These bonds have not been sold.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a "Type II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. Accordingly, the required Planning Board report is herewith attached.

Based on the importance of this capital project to the County, favorable action on the annexed proposed Acts is respectfully requested.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester (“County”) of an act amending the County’s current-year Capital Budget (the “Capital Budget Amendment”), as well as adoption of a related bond act (the “Bond Act”) which, if adopted, will authorize the County to issue up to \$1,700,000 in bonds of the County to finance a component of capital project BSS13 – Infrastructure Improvements to Shelter Facilities – Vernon Plaza Mt. Vernon (“BSS13”).

Your Committee is advised that the Capital Budget Amendment will amend the County’s current-year capital budget to increase the County funds for this project by \$173,000.

The Bond Act, in the amount of \$1,700,000, which was prepared by the law firm of Hawkins Delafield & Wood, LLP, will finance the cost of design, construction management and construction associated with the replacement of the existing boilers, burners, boiler controls, radiator control valves, steam traps; upgrades to the boiler room; and associated work at the Vernon Plaza Center in Mt. Vernon.

The Department of Public Works and Transportation (“Department”) has advised that the cast iron boiler sections used to heat the building are cracked at several locations and are beyond repair. As a consequence, the facility is currently operating on temporary boilers and replacement boilers are desperately needed.

The Department has further advised that upon bonding authorization, design shall begin by in-house staff and is expected to be completed in two (2) months. It is anticipated that construction will take approximately six (6) months and shall begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for a prior component of project BSS13 as follows: Bond Act No. 84-2012 in the amount of \$80,000 which funded the cost of design in connection with the replacement of

existing roofing, air conditioning units and miscellaneous repairs at the Vernon Plaza Center in Mt. Vernon. These bonds have not been sold.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the “Planning Board”) with respect to the physical planning aspects of the project. Accordingly, the required Planning Board report is herewith attached.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County’s Capital Budget and to adopt the Bond Act.
