

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$784,000, prepared by the law firm of Hawkins Delafield and Wood, LLP, to finance capital project WCC86 – Science Building Infrastructure Upgrade (“WCC86”).

The Bond Act, in the amount of \$784,000, would finance the County’s 50% share of the Science Building Infrastructure Upgrade project. Westchester Community College (the “College”) has advised that the total cost of this project is \$1,568,000, of which 50% will be funded by New York State and 50% by the County. This project addresses the building site and envelope, and will include upgrades to the brick retaining wall, brick veneer throughout the facade, and steel lintels. In addition, plumbing, electrical systems and fire systems sprinkler upgrades will also be included. This project is critical to maintaining safety and compliance standards.

Following bonding authorization, design will be scheduled and is anticipated to take 12 months to complete and will be performed by outside consultants. It is estimated that construction will take 18 months to complete and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
