

(BOND) ACTS 144,145 - 2025

Reference RB180

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of the following bond acts in connection Capital Project RB180 – Central Park Avenue, CR 47-I II- IIA- IV, Yonkers ("RB180"):

- (1) a bond act (the "Amending Bond Act"), prepared by the law firm of Hawkins, Delafied & Wood LLP, which, if adopted, would further amend in part Bond Act No. 224-2024, by removing the authorization for bonds for design costs associated with project RB180, and by reducing the estimated maximum cost and the amount of bonds authorized thereunder by \$1,925,000, from \$12,850,000 to \$10,925,000; and
- (3) a superseding bond act (the "Consolidated Bond Act") which, if adopted, would authorize the County to issue up to \$19,000,000 in bonds of the County to finance the cost of design, construction management and construction associated with the rehabilitation of approximately 5.57 miles of the Central Park Avenue from the Bronx Westchester County Line to the NYS Thruway Bridge and the rehabilitation of the Central Park Avenue access ramps to and from Palmer Road, a distance of approximately 0.38 miles. The work will include milking, resurfacing, concrete curb replacement, drainage repairs, new traffic loops, new pavement markings and related work.

Your Committee is advised that the Amending Bond Act is required to remove design bonding authorization related to RB180 so that said authorization may be included in the Consolidated Bond Act for RB180.

Your Committee is further advised that the Department of Public Works and Transportation ("Department") has advised that this road, which has an average annual daily traffic count ("AADT") of 8,091 is in need of rehabilitation to provide a safe roadway for the traveling public. The associated pavement condition index ("PCI") in 2023 was 58 and the roadway has continued to deteriorate. The PCI rating is a pavement condition rating with a range of 0 to 100,

with 0 signifying that the road requires reconstruction and 100 signifying that the road is new. Based on this rating this road requires corrective rehabilitation to extend the life of the roadway.

Your Committee is also advised that design is currently underway using outside consultants and is expected to be completed by the second quarter of 2025. It is anticipated that construction will take approximately twenty-four (24) months to complete and will begin after award and execution of the construction contracts.

The Department of Planning has advised your Committee that based on its review, the authorization of the proposed capital project may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with RB180 as indicated in the annexed fact sheet.

It should be further noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amending Bond Act and the Consolidated Bond Act.

Your Committee has carefully considered the proposed Amending Bond Act and Consolidated Bond Act, and recommends approval of both of the proposed Acts.
