

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a bond act (the “Bond Act”) in the amount of \$13,500,000, which, if adopted by your Honorable Board, would authorize the County of Westchester (“County”), to finance a component of Capital Project SLI04 - Mamaroneck WRRF BNR Media and Aeration Equipment Replacement (“SLI04”).

The Bond Act, which was prepared by the law firm of Norton Rose Fulbright US, LLP, will provide construction funding for the replacement of the Biological Nitrogen Removal (BNR) and Integrated Fixed-Film Activated Sludge (IFAS) media and mixers in, and the rehabilitation of the aeration tanks at the Mamaroneck Water Resource Recovery Facility. Work will include all mechanical, electrical, controls, structural, and other appurtenances as necessary.

The Department of Environmental Facilities (the “Department”) has advised your Committee that the BNR IFAS media has experienced irreparable damage and needs to be replaced. The damage is jeopardizing the Department’s ability to meet U.S. Environmental Protection Agency’s (“EPA”) mandated nitrogen removal requirements, which the Department is required to do under EPA Consent Order No. CO -20080730-65.

Your Committee is advised that following bonding authorization, design will be scheduled and is anticipated to take 6 months to complete. It is anticipated that the design work will be completed by consultants. It is estimated that construction will take 12 months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has previously authorized the County to issue bonds for a prior component of SLI04 as indicated in the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
