Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Honorable Members:

I have been advised by the Commissioner of Environmental Facilities that the Town of Mt. Pleasant (the "Town") has requested, pursuant to the attached Resolution of the Town, that the Saw Mill Valley Sanitary Sewer District (the "District") be modified to remove one (1) parcel of property from the District, which parcel is more particularly described by street address and tax map designation as: 5 Charles Court, Section 91.17, Block 1, Lot 8.4 (the "Parcel"). The removal of the Parcel from the District is being requested because the Parcel is not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for the Parcel in the foreseeable future.

I am advised that the analysis prepared by the Department of Environmental Facilities in the attached feasibility report ("Feasibility Report") dated April 28, 2023 indicates that the proposed removal of the Parcel represents a net decrease of 0.0063% to the Equalized Full Value of the District. Therefore, the removal of the Parcel will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcel from the District is feasible because: (1) the proposed change was requested by the Town; (2) the subject change requires no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcel was never connected to the sewerage system; (3) the subject change removes from ad valorem taxation a property that has not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcel, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for the Parcel once it has been removed; and (6) the subject Parcel was reviewed by the Westchester County Health Department.

As your Honorable Board knows, the County Administrative Code section 237.131 authorizes the alteration or change of a County Sanitary Sewer District. However, the Board of Legislators (the "Board") may only alter or change a district after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Office of the County Executive

Michaelian Office Building
148 Martine Avenue
White Plains, New York 10601

Telephone: (914)995-2900

The Planning Department has advised that based upon its review, the proposed removal of the Parcel constitutes an Unlisted Action under the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617 ("SEQR"). The Planning Department has prepared the attached Short Environmental Assessment Form to assist your Honorable Board in making the required determination of significance or non-significance pursuant to SEQR.

Based upon the foregoing, I respectfully recommend that your Board adopt a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code in such matters. In addition, I urge your Board to file with the Clerk of the Board, the Feasibility Report which details the Parcel involved in the proposed change to the District boundaries, and, after the public hearing, adopt an Act which will accomplish the removal of the Parcel from the District.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Mt. Pleasant (the "Town") has requested, pursuant to the attached Resolution of the Town, that the Saw Mill Valley Sanitary Sewer District (the "District") be modified to remove one (1) parcel of property from the District, which parcel is more particularly described by street address and tax map designation as: 5 Charles Court, Section 91.17, Block 1, Lot 8.4 (the "Parcel"). The removal of the Parcel from the District is being requested because the Parcel is not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for the Parcel in the foreseeable future.

Your Committee is informed that the attached Feasibility Report prepared by the Department of Environmental Facilities ("Feasibility Report") dated April 28, 2023 indicates that the proposed removal of the Parcels represents a net decrease of 0.0063% to the Equalized Full Value of the District. Therefore, the removal of the Parcel will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcel is feasible because: (1) the proposed change was requested by the Town; (2) the subject change requires no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcel was never connected to the sewerage system; (3) the subject change removes from ad valorem taxation a property that has not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcel, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for the Parcel once it has been removed; and (6) the subject Parcel was reviewed by the Westchester County Health Department.

Your Committee notes that Chapter 237.131 of the County Administrative Code authorizes the Board of Legislators (the “Board”) to alter or change the sewer districts. However, the Board may only alter or change the districts after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Your Committee is advised that the removal of the Parcel would constitute an Unlisted Action under the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617 (“SEQR”), which requires an appropriate environmental review. Your Committee has carefully considered the proposed legislation. It has reviewed the attached Short Environmental Assessment Form (EAF) and the criteria contained in Section 617.7 of Title 6 of the New York State Code of Rules and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For the reasons set forth in the attached EAF, your Committee believes that the proposed action will not have any significant adverse impact on the environment and urges your Honorable Board to adopt the annexed resolution by which this Board would issue a Negative Declaration for this proposed action.

Based on the above facts, the Feasibility Report prepared by the Department of Environmental Facilities and the review by the Planning Department, your Committee concurs with the recommendation of the County Executive and recommends your Honorable Board adopt the annexed Resolution which will authorize Legal Notice for the public hearing which is required by the Administrative Code in such matters. After such hearing, your Honorable Board is urged to adopt the annexed Act which accomplishes the removal of said Parcel from the District. It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this Act.

FEASIBILITY REPORT
IN THE MATTER OF

THE REMOVAL OF A CERTAIN PARCEL

IN THE

SAW MILL VALLEY SANITARY SEWER DISTRICT

TOWN OF MOUNT PLEASANT

Vincent Kopicki, P.E.
Commissioner
Environmental Facilities

The Town of Mount Pleasant has petitioned that one (1) property currently included in the Saw Mill Valley Sanitary Sewer District be removed from the Saw Mill Valley Sewer District.

A. The identification of the property presently within the Saw Mill Sewer District and to be removed is contained on the attached Town Resolution of the Town of Mount Pleasant, Request for Removal from the Saw Mill Valley Sanitary Sewer District as prepared by the Mount Pleasant Town Clerk. The Town of Mount Pleasant is petitioning to remove said property from the Saw Mill Valley Sewer District. The property to be removed is known as 5 Charles Court, Section 91.17, Block 1, Lot 8.4.

B. EFFECT ON SEWER DISTRICT TAX RATE:

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuations in the 2022 levy pertinent to the subject parcels:

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUES</u>	<u>EQ. PERCENT</u>	<u>FULL VALUE</u>

TOTAL FULL VALUE OF DISTRICT AS AMENDED:			\$28,618,404,139*

*Represents a 0.0063% decrease in the FEV of the District

C. Summary and Recommendations

The proposal to remove a certain parcel in the Saw Mill Valley Sanitary Sewer Districts is feasible because:

1. The proposed change was requested by the Town of Mount Pleasant.
2. The subject change requires no engineering modifications to the district facilities and there is no impact on the County facilities because this parcel was never connected to the sewerage system.
3. The subject change removes from ad valorem taxation a property that has not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town of Mount Pleasant.
4. The subject change frees reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities.
5. The subject parcel once removed from the district will be required to petition the County to re-enter the district. The County is not obligated to reserve any capacity for this parcel once it has been removed.
6. The subject parcel was reviewed by the Westchester County Health Department.

RESOLUTION NO. 2023 - _____

WHEREAS, there is pending before this Honorable Board an Act to authorize the County to modify the Saw Mill Valley Sanitary Sewer District (the “District”) by removing one (1) parcel of property located in the Town of Mt. Pleasant from the District, which parcel is not currently connected to the County sewer system; and

WHEREAS, this Honorable Board has determined that the proposed removal would constitute an action under Article 8 of the Environmental Conservation Law, known as the State Environmental Quality Review Act (“SEQR”); and

WHEREAS, pursuant to SEQR and its implementing regulations (6 NYCRR Part 617), this project is classified as an “Unlisted” action, which requires this Honorable Board to make a determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, the County of Westchester is the only involved agency for this action and, therefore, is assuming the role of Lead Agency; and

WHEREAS, in accordance with SEQR and its implementing regulations, a Short Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Short Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Short Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon this Honorable Board’s review of the Short Environmental Assessment Form and the reasons set forth therein, this Board finds that

there will be no significant adverse impact on the environment from the removal of the parcel of property from the Saw Mill Valley Sanitary Sewer District; and be it further

RESOLVED, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Short Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this “Negative Declaration” on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

RESOLVED, that this Resolution shall take effect immediately.

Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project: Removal of 1 Parcel from Saw Mill Sanitary Sewer District			
Project Location (describe, and attach a location map): 5 Charles Court, Chappaqua (Town of Mount Pleasant), Westchester County, New York (Section 91.17, Block 1, Lot 8.4)			
Brief Description of Proposed Action: Removal of one parcel from the Saw Mill Valley Sanitary Sewer District. At the request of the property owner, the Town of Mount Pleasant has petitioned the County to remove the subject parcel from the County sewer district on the basis that the parcel was never connected to the sewerage system and the Town/Village has no plans to extend local sewers to service this area. The parcel is 1.32 acres in size and is/are developed with a single-family residence. The residence is served by an on-site septic system. The proposed district modification will remove from ad valorem taxation, a property that has not, does not, nor is anticipated to receive district benefits.

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action involves an act by the County Board of Legislators in order to modify a County-established sewer district, which is similar in nature to "the legislative adoption of a plan" in that there are no direct impacts to the environment because the action does not involve physical changes. The proposed action would remove from a district property that is not receiving nor is anticipated to receive district services. The parcel is already developed with a single-family residence that is served by a functioning on-site septic system. The Health Department has no record of septic problems or failures occurring at this site within the past five years, which may otherwise warrant inclusion in the district. There are no mapped wetlands within the property. Additionally, the property is located in the Town's R-40 One Family Residential zoning district; as such, no new development is anticipated that would warrant a sewer connection. The nearest local sewer is located at least 700 feet away. The Town does not have any plans to extend its local sewer lines to serve this property. Since the property was never connected to the sewer system, its removal from the district will have no physical impact on the County's sewer infrastructure.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

ACT NO. 2023 - _____

AN ACT to Modify the Saw Mill Valley Sanitary Sewer District by the Removal of one (1) Parcel of Property located in the Town of Mt. Pleasant from the District.

BE IT ENACTED by the County Board of Legislators of the County of Westchester as follows:

Section 1. The property located in the Town of Mt. Pleasant, more particularly described as 5 Charles Court, Section 91.17, Block 1, Lot 8.4 (the "Parcel"), is hereby removed from the Saw Mill Valley Sanitary Sewer District (the "District").

§2. The Parcel is to be forgiven its obligation for future debt service requirement and is to relinquish its equity in existing sewage facilities in the District, and in return the District is relieved of its responsibility to provide sanitary sewer service and sewerage facilities to the Parcel.

§4. This Act, and the assessment area of the District as so altered, changed, modified, reduced and/or enlarged hereby, shall become effective immediately and the assessment rolls filed after the next taxable status date shall show County sewer district assessments and taxes on the basis of such revised District, and taxes levied on such roles shall be based thereon, but any sewer district tax or assessment levied on any valid assessment rolls in effect prior to the next taxable status date, on any parcel affected by the revisions made by this Act shall continue valid as such or as a tax lien, until paid and the amount paid shall be credited to the sewer district in which such parcels were assessed on the roll on which said tax is levied.

§5. The County Executive or his authorized designee be and hereby is authorized and empowered to execute instruments and to take any and all action necessary and appropriate to accomplish the purposes hereof.

§6. This Act shall take effect immediately.

RE: **Message Requesting Immediate Consideration: Act – Modify
Mamaroneck Valley Sanitary Sewer District, Harrison.**

This will confirm my request that the Board of Legislators allow submission of the referenced communication to be submitted to the Board of Legislators June 5, 2023 Agenda.

Transmitted herewith for your consideration and approval is legislation which would modify the Mamaroneck Valley Sanitary Sewer District by removing four parcels of property.

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for June 5, 2023, 2023 “blue sheet” calendar.

Thank you for your prompt attention to this matter.

Dear Honorable Members:

I have been advised by the Commissioner of Environmental Facilities that the Town of Harrison (the "Town") has requested, pursuant to the attached Resolutions of the Town, that the Mamaroneck Valley Sanitary Sewer District (the "District") be modified to remove four (4) parcels of property more particularly described by street address and tax map designation as: 1 Mittman Road, Block 592, Lot 52; 2 Mittman Road, Block 592, Lot 51; 3 Mittman Road, Block 592, Lot 9; and 4 Mittman Road, Block 592, Lot 53 (the "Parcels"), from the District. The removal of the Parcels from the District is being requested because the Parcels are not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for these Parcels in the foreseeable future.

I am advised that the analysis prepared by the Department of Environmental Facilities in the attached feasibility report ("Feasibility Report") dated April 28, 2023 indicates that the proposed removal of the Parcels represents a net decrease of 0.0282% to the Equalized Full Value of the District. Therefore, the removal of the Parcels will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcels from the District is feasible because: (1) the proposed changes were requested by the Town; (2) the subject changes require no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcels were never connected to the sewerage system; (3) the subject changes remove from ad valorem taxation properties that have not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town; (4) the subject changes free reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcels, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for these Parcels once they have been removed; and (6) the subject Parcels were reviewed by the Westchester County Health Department.

As your Honorable Board knows, the County Administrative Code section 237.131 authorizes the alteration or change of a County Sanitary Sewer District. However, the Board of Legislators (the "Board") may only alter or change a district after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

The Planning Department has advised that based upon its review, the proposed removal of the Parcels constitutes an Unlisted Action under the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617 ("SEQR"). The Planning Department has prepared the attached Short Environmental Assessment Form to assist your Honorable Board in making the required determination of significance or non-significance pursuant to SEQR.

Based upon the foregoing, I respectfully recommend that your Board adopt a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code in such matters. In addition, I urge your Board to file with the Clerk of the Board, the Feasibility Report which details the Parcels involved in the proposed change to the District boundaries, and, after the public hearing, adopt an Act which will accomplish the removal of the Parcels from the District.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Harrison (the “Town”) has requested, pursuant to the attached Resolutions of the Town, that the Mamaroneck Valley Sanitary Sewer District (the “District”) be modified to remove four (4) parcels of property more particularly described by street address and tax map designation as: 1 Mittman Road, Block 592, Lot 52; 2 Mittman Road, Block 592, Lot 51; 3 Mittman Road, Block 592, Lot 9; and 4 Mittman Road, Block 592, Lot 53 (the “Parcels”), from the District. The removal of the Parcels from the District is being requested because the Parcels are not serviced by sanitary sewers and it is not anticipated that sanitary sewers will be constructed for these Parcels in the foreseeable future.

Your Committee is informed that the attached Feasibility Report prepared by the Department of Environmental Facilities (“Feasibility Report”) dated April 28, 2023 indicates that the proposed removal of the Parcels represents a net decrease of 0.0282% to the Equalized Full Value of the District. Therefore, the removal of the Parcels will not cause significant changes in the tax rate of the District.

According to the Department of Environmental Facilities, the proposal to remove the Parcels is feasible because: (1) the proposed changes were requested by the Town; (2) the subject changes require no engineering modifications to the District facilities and there is no impact on the County facilities because the Parcels were never connected to the sewerage system; (3) the subject changes remove from ad valorem taxation properties that have not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Towns; (4) the subject changes free reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities; (5) the subject Parcels, once removed from the District, will be required to petition the County to re-enter the District and the County is not obligated to reserve any capacity for these Parcels once they have been removed; and (6) the subject Parcels were reviewed by the Westchester County Health Department.

Your Committee notes that Chapter 237.131 of the County Administrative Code authorizes the Board of Legislators (the “Board”) to alter or change the sewer districts. However, the Board may only alter or change the districts after a public hearing is held thereon by the Board, upon notice thereof given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution which will authorize Legal Notice for the public hearing as required by the Administrative Code.

Your Committee is advised that the removal of the Parcels would constitute an Unlisted Action under the State Environmental Quality Review Act and its implementing regulations 6 NYCRR, Part 617 (“SEQR”), which requires an appropriate environmental review. Your Committee has carefully considered the proposed legislation. It has reviewed the attached Short Environmental Assessment Form (EAF) and the criteria contained in Section 617.7 of Title 6 of the New York State Code of Rules and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For the reasons set forth in the attached EAF, your Committee believes that the proposed action will not have any significant adverse impact on the environment and urges your Honorable Board to adopt the annexed resolution by which this Board would issue a Negative Declaration for this proposed action.

Based on the above facts, the Feasibility Report prepared by the Department of Environmental Facilities and the review by the Planning Department, your Committee concurs with the recommendation of the County Executive and recommends your Honorable Board adopt the annexed Resolution which will authorize Legal Notice for the public hearing which is required by the Administrative Code in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the removal of said Parcels from the District. It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this Act.

FEASIBILITY REPORT
IN THE MATTER OF

THE REMOVAL OF CERTAIN PARCELS

IN THE

MAMARONECK VALLEY SANITARY SEWER DISTRICT

TOWN OF HARRISON

afes

Vincent Kopicki, P.E.
Commissioner
Environmental Facilities

The Town of Harrison has petitioned that four (4) properties currently included in the Mamaroneck Valley Sanitary Sewer District be removed from the Mamaroneck Valley Sewer District.

A. The identification of the properties presently within the Mamaroneck Valley Sanitary Sewer District and to be removed are contained in the attached Town Resolutions of the Town of Harrison, as prepared by the Harrison Town Clerk. The properties to be removed are listed in Section C. Table of Properties to be Removed.

B. EFFECT ON SEWER DISTRICT TAX RATE:

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuations in the 2022 levy pertinent to the subject parcels:

Full Value of Mamaroneck District

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUES</u>	<u>EQ. PERCENT</u>	<u>FULL EQ. VALUE</u>
Harrison	\$ 111,505,150	1.42%	\$7,852,475,352
Mamaroneck	\$ 7,230,699,898	100.0%	\$7,230,699,898
New Rochelle	\$ 32,886,960	2.34%	\$1,405,425,641
North Castle	\$ 275,700	2.24%	\$ 12,308,036
Rye (City)	\$ 19,837,916	1.66%	\$1,195,055,181
Rye (Town)	\$ 1,876,754,867	100.0%	\$1,876,754,867
Scarsdale	\$ 3,361,609,424	100.0%	\$3,361,609,424
White Plains	\$ 171,561,607	2.66%	\$6,449,684,473
TOTAL:			\$29,384,012,873
(TOWN OF HARRISON)			
Total Value Removed:			<u>(-8,281,690)</u>
TOTAL FULL VALUE OF DISTRICT AS AMENDED:			\$29,375,731,183*

*Represents a 0.0282% decrease in the FEV of the District

C. Table of Properties to be Removed

Town	Address	Section	Block	lot
Harrison	1 Mittman Road	N/A	592	52
Harrison	2 Mittman Road	N/A	592	51
Harrison	3 Mittman Road	N/A	592	9
Harrison	4 Mittman Road	N/A	592	53

D. Summary and Recommendations

The proposal to remove certain parcels in the Mamaroneck Valley Sanitary Sewer Districts is feasible because:

1. The proposed changes were requested by the Town of Harrison.
2. The subject changes require no engineering modifications to the district facilities and there is no impact on the County facilities because these parcels were never connected to the sewerage system.
3. The subject changes remove from ad valorem taxation properties that have not benefited and foreseeably will not benefit from connection to District facilities based on information received from the Town of Harrison.
4. The subject changes free reserve capacity at the District treatment plant for future enlargement of the District from surrounding areas without the capital costs of expanding treatment facilities.
5. The subject parcels once removed from the district will be required to petition the County to re-enter the district. The County is not obligated to reserve any capacity for these parcels once they have been removed.
6. The subject parcels were reviewed by the Westchester County Health Department.

RESOLUTION NO. 2023 - _____

WHEREAS, there is pending before this Honorable Board an Act to authorize the County to modify the Mamaroneck Valley Sanitary Sewer District (the “District”) by removing four (4) parcels of property located in the Town of Harrison from the District, which parcels are not currently connected to the County sewer system; and

WHEREAS, this Honorable Board has determined that the proposed removal would constitute an action under Article 8 of the Environmental Conservation Law, known as the State Environmental Quality Review Act (“SEQR”); and

WHEREAS, pursuant to SEQR and its implementing regulations (6 NYCRR Part 617), this project is classified as an “Unlisted” action, which requires this Honorable Board to make a determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, the County of Westchester is the only involved agency for this action and, therefore, is assuming the role of Lead Agency; and

WHEREAS, in accordance with SEQR and its implementing regulations, a Short Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Short Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Short Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon this Honorable Board’s review of the Short Environmental Assessment Form and the reasons set forth therein, this Board finds that

there will be no significant adverse impact on the environment from the removal of the four (4) parcels of property from the Mamaroneck Valley Sanitary Sewer District; and be it further

RESOLVED, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Short Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this “Negative Declaration” on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

RESOLVED, that this Resolution shall take effect immediately.

Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project: Removal of 4 Parcels from Mamaroneck Sanitary Sewer District			
Project Location (describe, and attach a location map): 1-4 Mitman Road, Rye (Town of Harrison), Westchester County, New York (Block 592, Lots 52, 51, 9, 53)			
Brief Description of Proposed Action: Removal of four parcels from the Mamaroneck Valley Sanitary Sewer District. At the request of the property owners, the Town/Village of Harrison has petitioned the County to remove the subject parcels from the County sewer district on the basis that the parcels were never connected to the sewerage system and the Town/Village has no plans to extend local sewers to service this area. Each parcel is greater than an acre in size and is developed with a single-family residence. The residences are served by on-site septic systems. The proposed district modification will remove from ad valorem taxation, a properties that have not, do not, nor are anticipated to receive district benefits.

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing: a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action involves an act by the County Board of Legislators in order to modify a County-established sewer district, which is similar in nature to "the legislative adoption of a plan" in that there are no direct impacts to the environment because the action does not involve physical changes. The proposed action would remove from a district properties that are not receiving nor are anticipated to receive district services. Each of the parcels contain a residence that is served by a functioning on-site septic system. The Health Department has no record of septic problems or failures occurring at these sites within the past five years, which may otherwise warrant inclusion in the district. There are no mapped wetlands or other regulated waterbodies within these properties. The properties are located in the Town's R-1 One-Family Residence zoning district, which conceivably could allow for up to three additional residences based on lot size. However, further subdivision is not anticipated due to the existing development of large luxury homes with other on-site amenities. As such, no new development is anticipated that would warrant a sewer connection. The nearest local sewers are located in excess of 200 to over 500 feet away for the various properties. The Town does not have any plans to extend its local sewer lines to serve these properties. Since the properties were never connected to the sewer system, their removal from the district will have no physical impact on the County's sewer infrastructure.

ACT NO. 2023 - _____

AN ACT to Modify the Mamaroneck Valley Sanitary Sewer District by the Removal of four (4) Parcels of Property located in the Town of Harrison from the District.

BE IT ENACTED by the County Board of Legislators of the County of Westchester as follows:

Section 1. The properties located in the Town of Harrison, more particularly described as: 1 Mittman Road, Block 592, Lot 52; 2 Mittman Road, Block 592, Lot 51; 3 Mittman Road, Block 592, Lot 9; and 4 Mittman Road, Block 592, Lot 53 (the "Parcels"), are hereby removed from the Mamaroneck Valley Sanitary Sewer District (the "District").

§2. The Parcels are to be forgiven their obligation for future debt service requirement and are to relinquish their equity in existing sewage facilities in the District, and in return the District is relieved of its responsibility to provide sanitary sewer service and sewerage facilities to the Parcels.

§3. This Act, and the assessment area of the District as so altered, changed, modified, reduced and/or enlarged hereby, shall become effective immediately and the assessment rolls filed after the next taxable status date shall show County sewer district assessments and taxes on the basis of such revised District, and taxes levied on such roles shall be based thereon, but any sewer district tax or assessment levied on any valid assessment rolls in effect prior to the next taxable status date, on any parcel affected by the revisions made by this Act shall continue valid as such or as a tax lien, until paid and the amount paid shall be credited to the sewer district in which such parcels were assessed on the roll on which said tax is levied.

§4. The County Executive or his authorized designee be and hereby is authorized and empowered to execute instruments and to take any and all action necessary and appropriate to accomplish the purposes hereof.

§5. This Act shall take effect immediately.
