

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of an amended bond act (“Bond Act”) in the total amount of \$4,425,000, which includes \$265,000 in previously authorized bonds of the County of Westchester (“County”), to finance Capital Project BPS28 – Emergency Generator Replacement, Public Safety Headquarters, Hawthorne (“BPS28”). The Bond Act, which was prepared by the law firm Hawkins, Delafield & Wood, LLP, is required to finance the costs associated with the replacement of an emergency generator and associated work at the Department of Public Safety headquarters in Hawthorne.

The Department of Public Safety (the “Department”) has advised that the current emergency generator was installed in 1992 and during the last six years has failed to go online, thus interrupting critical communications and computer systems. This project involves the removal of the existing generator including the miscellaneous boxes, conduit and wiring and the installation of two generators providing redundancy and associated equipment.

Your Committee is advised that design has been completed by an outside consultant, and, upon receipt by the Department of bonding authorization, construction will take place and is estimated to take eighteen (18) months to complete and shall begin after award and execution of the construction contracts.

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds to finance a prior phase of BPS28, as follows: Bond Act No. 130-2017 in the amount of \$265,000 which financed the design phase of this project. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 130-2017 be amended to increase the initial amount authorized by \$4,160,000, for a total authorized amount, as amended, of \$4,425,000, to revise the scope of Bond Act No. 130-2017 to include work associated with the construction phase of the project and to increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, the above referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQRA”) and its implementing regulations, 6 NYCRR

Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQRA Status Sheet and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
