I. ITEMS FOR DISCUSSION

1. [2021-546](#) **CBA-BLR10-Labs & Research Infrast. Improvements '17-'21**

AN ACT amending the 2021 County Capital Budget Appropriations for Capital Project BLR10 - Labs & Research Infrastructure Improvements 2017-2021.

Submitted by COMMITTEES ON BUDGET & APPROPRIATIONS, PUBLIC WORKS & TRANSPORTATION AND ENVIRONMENT & HEALTH

Guests:

Dr. Aleksandar Milovanovic, Medical Examiner (acting) and Deputy Commissioner
Diane Anton, Chief Administrator
Department of Labs and Research

Legislator Walter opened the meeting, Dr. Aleksandar Milovanovic introduced himself, Mr. Robert Abbamont went into detail about the Capital Budget Amendment that will amend the County's current-year capital budget to increase the County share for BLR 10 by \$400,000. The Department of Labs & Research has advised that the increase is required because of the bids received for BLR 10. The Department has also advised that its original intent was to rehabilitate the existing equipment, however, during design and in consultation with the original equipment manufacturer, it was determined that it would be prudent to replace the existing equipment, which is over forty years old and is leaking conditioned air from its joints. The Department has advised that BLR 10 is necessary to ensure that the Microbiology Laboratory remains in compliance with instrument parameters and New York State Clinical Laboratory Evaluation Program requirements. The instrumentation used in the Microbiology Laboratory may only operate within very strict humidity ranges. Testing performed outside of those ranges are subject to erroneous results. The new equipment will use a variable

frequency drive, newer coil technology. The new equipment will eliminate the hot water heating completely and use existing steam at the facility, and thereby will be more energy efficient. The Amended Bond Act, in the total amount of \$1,000,000, which includes \$400,000 in previously authorized bonds of the County, would finance the cost of heating and air conditioning improvements of the Department facilities, located at the County's Valhalla 5 Campus at Grasslands, including construction and construction management to address humidity control in the Microbiology division.

2. [2021-547](#) **BOND ACT(Amended)-BLR10-Labs & Research Infrast. Improvements '17-'21**

A BOND ACT (Amended) authorizing the issuance of additional bonds of Westchester County in the amount of FOUR HUNDRED THOUSAND (\$400,000) DOLLARS to finance Capital Project BLR10 - Labs & Research Infrastructure Improvements 2017-2021 ("BLR10").
