

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities (the “Commissioner”) has advised him that the Town of Yorktown (“Town”) has requested pursuant to the attached resolution of the Town that the Peekskill Sanitary Sewer District (“District”) be modified to add one (1) parcel of property more particularly described as Old Crompond Road, Sec. 35.08, Block 1, Lot 27 (hereinafter the “Parcel”), which Parcel is not currently in any County Sanitary Sewer District and has never been in any County Sewer District in the past.

Your Committee is informed that the analysis prepared by the Department of Environmental Facilities (the “Department”) dated November 20, 2024 and attached hereto, indicates that the proposed addition of the Parcel represents an increase of 0.047% to the Equalized Full Value of the District. The addition of the Parcel will not cause significant changes in the tax rate of the District.

According to the Department, the proposal to add the Parcel is feasible because: 1) the matter was requested by the Town; 2) the facilities necessary to connect the Parcel to County facilities (i.e., gravity sewers) will be constructed at the total expense of the Town; 3) maintenance of the completed facilities will be the responsibility of the Town and not the District; 4) the Peekskill Water Resource Recovery Facility (the “Facility”) has a design flow of 10 MGD and the present average daily flow is 6.1 MGD. The average daily flow the Parcel will generate after inclusion is 3,080 GPD. Therefore, the Facility and the County Trunk Sewer have sufficient capacity to accommodate the Parcel; 5) the subject expansion will not result in any significant effect on the tax structure of the District; and 6) the Parcel proposed to be added to the District is not now in any County sewer district and will be required to pay a surcharge over a ten year period.

Your Committee notes that Section 237.131 of the County Administrative Code authorizes the alteration or change of a sewer district. However, your Honorable Board may only alter or change the district after it has held a public hearing after notice has been given by publication in such manner and for such time as the Board shall direct. Therefore, attached

hereto is a Resolution, which, if adopted by your Honorable Board, would authorize the date and time of the public hearing. Your Committee recommends adoption of said Resolution.

Furthermore, Sections 237.131 and 237.141 of the County Administrative Code confer authority to determine what charges, if any, will be paid by the Parcel. Your Committee has been informed that the Department recommends that an aggregate surcharge of \$24,000.00 to be paid in each of ten equal annual installments of \$2,400.00, be assessed against the Parcel. This surcharge reflects capital costs incurred by the District from 2020 through 2024. This formula has been used in past legislation for parcels added to a sanitary sewer district.

The Planning Department has advised that the request to be included in the District is being made to serve a proposed 20-unit housing development, known as Garden Lane Apartments, that will be constructed on the property. Pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"), the Town Planning Board classified the housing project as an Unlisted action, conducted coordinated review and issued a Negative Declaration for the project on August 14, 2023. However, the County was not included as an involved agency in the Town's review. As such, the County must conduct its own environmental review to comply with SEQR.

Your Committee has carefully considered the proposed legislation. It has reviewed the attached Short Environmental Assessment Form ("EAF") and the criteria contained in Section 617.7 of Title 6 of the New York Codes, Rules and Regulations, the SEQR regulations, to identify the relevant areas of environmental concern. For the reasons set forth in the attached EAF, your Committee believes that the proposed action will not have any significant adverse impact on the environment and urges your Honorable Board to adopt the annexed Resolution by which this Board would issue a Negative Declaration for this proposed action.

In addition, based on the above facts and the Feasibility Report prepared by the Department, your Committee concurs with the recommendation of the County Executive and recommends that your Honorable Board adopt the annexed Resolution which will authorize publication of the Legal Notice for the public hearing as required by the Administrative Code in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the addition of the Parcel to the District.

It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this proposed Act.

DEPARTMENT OF ENVIRONMENTAL FACILITIES

November 20, 2024

FEASIBILITY REPORT
IN THE MATTER OF

THE ENLARGEMENT FOR A CERTAIN PROPERTY

IN THE

PEEKSKILL SANITARY SEWER DISTRICT

TOWN OF Yorktown

Vincent F. Kopicki, P.E.
Commissioner
Environmental Facilities

The Town of Yorktown has petitioned that one (1) property currently not included in the Peekskill Sanitary Sewer District be added to the Peekskill Sanitary Sewer District.

A. The identification of the property not currently within the boundaries of the Peekskill Sanitary Sewer District and to be added is contained in the attached Resolution prepared by the Town Clerk, Town of Yorktown. Said property is not currently in any County Sanitary Sewer District, and has never been in any County Sewer District in the past. The property is known as Old Crompond Road, designated as Section 35.08, Block 1, Lot 27.

B. EFFECT ON SEWER DISTRICT TAX RATE:

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuations in the 2024 tax levy pertinent to the subject property:

Full Value of District

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUE</u>	<u>EQ. PERCENT</u>	<u>FULL VALUE</u>
Cortlandt	\$ 14,893,985	1.22%	\$1,220,818,443
Peekskill	123,230,717	2.39	5,156,096,946
Somers	64,641,224	9.71	665,718,064
Yorktown	53,940,666	1.72	3,136,085,233
Total			\$10,178,718,686
(Town of Yorktown) Total Value of the parcels to be added			+ <u>4,808,900</u>
Total Full Value of District as Amended:			\$10,183,527,586

* represents a 0.047% increase in the FEV of the District

C. The Surcharge Calculation for the property which is not now in a County Sewer District and is proposed for inclusion in the Peekskill Sanitary Sewer District is as follows:

If: e = added area's share in District equity or surcharge amount;

A = added area's f.e.v., 2024 Rolls

D = District f.e.v., 2024 rolls, before proposed additions

and E = District equity in existing facilities or the total of debt service and advances from district levies to pay the capital costs of those facilities, for the period 2020 through 2024.

Then:
$$e = \frac{A}{D+A} \times E$$

$$e = \frac{4,808,900}{10,183,527,586 + 4,808,900} \times 51,007,426$$

$$e = \frac{4,808,900}{10,188,336,486} \times 51,007,426$$

$$e = 0.000472 \times \$51,007,426$$

$$e = \$24,075.53 \text{ (rounded to } \$24,000.00)$$

and: in each of 10 annual installments, a total surcharge of \$2,400.00 is to be collected from the added property and credited to the remaining properties of all Municipalities in the District, in each of the ten years.

D. Summary and Recommendations.

The proposed Peekskill Sanitary Sewer District Addition is feasible because:

1. The matter was requested by the Town of Cortlandt.
2. The facilities necessary to connect the property to County facilities (i.e. Gravity Sewers) will be constructed at the total expense of the Town of Cortlandt.
3. Maintenance of the completed facilities will be the responsibility of the Town of Cortlandt but not the Peekskill Sanitary Sewer District.
4. The Peekskill Water Resource Recovery Facility has a design flow of 10 MGD and the present average daily flow is 6.1 MGD. The average daily flow the parcel will generate is 3,080 gallons per day. The Facility and the County Trunk Sewer have sufficient capacity to accommodate this property.
5. The subject expansion will not result in any significant effect on the tax structure of the district.
6. The Territory proposed to be added to the Peekskill Sanitary Sewer District is not now in any County Sewer District and will be required to pay a surcharge over a ten year period.

RESOLUTION NO. 2025 - _____

WHEREAS, there is pending before this Honorable Board an Act to authorize the County to modify the Peekskill Sanitary Sewer District (the “District”) by adding one (1) parcel of property located in the Town of Yorktown (the “Town”), more particularly described as Old Crompond Road, Sec. 35.08, Block 1, Lot 27 (hereinafter the “Parcel”), to the District, which Parcel is not currently in any County Sanitary Sewer District and has never been in any County Sewer District in the past; and

WHEREAS, this Honorable Board has determined that the proposed addition to the County Sewer District would constitute an action under Article 8 of the Environmental Conservation Law, known as the New York State Environmental Quality Review Act (“SEQRA”); and

WHEREAS, the request to be included in the District is being made to serve a proposed 20-unit housing development, known as Garden Lane Apartments, that will be constructed on the Parcel; and

WHEREAS, pursuant to the SEQRA and its implementing regulations, 6 NYCRR Part 617 (“SEQR”), the Town Planning Board classified the housing project as an Unlisted action, conducted coordinated review and issued a Negative Declaration for the project on August 14, 2023, but did not include the County of Westchester (the “County”) as an involved agency and the County must now conduct its own environmental review to comply with SEQR; and

WHEREAS, this Honorable Board has also determined that the proposed addition of the Parcel to the County Sewer District would constitute an “Unlisted” action under SEQR, which requires this Honorable Board to make a separate determination as to whether the proposed action will have a significant impact on the environment; and

WHEREAS, in accordance with SEQRA and its implementing regulations, a Short Environmental Assessment Form has been prepared to assist this Honorable Board in its environmental assessment of this proposed action; and

WHEREAS, this Honorable Board has carefully considered the proposed action and has reviewed the attached Short Environmental Assessment Form and the criteria set forth in Section 617.7 of the implementing regulations and has identified the relevant areas of environmental concern, as described in the attached Short Environmental Assessment Form, to determine if this proposed action will have a significant adverse impact on the environment.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon this Honorable Board's review of the Short Environmental Assessment Form and the reasons set forth therein, this Board finds that there will be no significant adverse impact on the environment from the addition of this Parcel of property to the Peekskill Sanitary Sewer District; and be it further

RESOLVED, the Clerk of the Board of Legislators is authorized and directed to sign the Determination of Significance in the Short Environmental Assessment Form, which is attached and made a part hereof, as responsible officer in Lead Agency; to issue this "Negative Declaration" on behalf of this Board in satisfaction of SEQRA; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of Part 617 of 6 NYCRR; and be it further

RESOLVED, that this Resolution shall take effect immediately.

TO: Vincent Kopicki, Commissioner
Department of Environmental Facilities

FROM: David S. Kvinge, AICP, RLA, CFM
Assistant Commissioner

DATE: February 28, 2025

**SUBJECT: STATE ENVIRONMENTAL QUALITY REVIEW FOR MODIFICATION
OF PEEKKILL SANITARY SEWER DISTRICT TO ADD ONE PARCEL,
OLD CROMPOND ROAD (GARDEN LANE), TOWN OF YORKTOWN**

In response to your request for an environmental review of the above referenced action, the Planning Department has prepared the attached documentation.

The action involves the addition of a 1.56-acre parcel (Section 35.08, Block 1, Lot 27) to the County's Peekskill Sanitary Sewer District. The parcel is located on east side of Garden Lane, approximately 220 feet north of Old Crompond Road in the Town of Yorktown. The request to be included in the sewer district is being made to serve a proposed 20-unit housing development, known as Garden Lane Apartments, that will be constructed on the property.

Pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (SEQR), the Town of Yorktown Planning Board classified the housing project as an Unlisted action, conducted coordinated review and issued a Negative Declaration for the project on August 14, 2023. However, the County was not included an involved agency in the Town's review. As such, the County must conduct its own environmental review to comply with SEQR.

A Short Environmental Assessment Form has been prepared for the sewer district extension (Part 1 was completed by the developer/applicant) and is attached for consideration by the Board of Legislators.

Please contact me if you require any additional information regarding this document.

Short Environmental Assessment Form

Part 1 - Project Information

Instructions for Completing

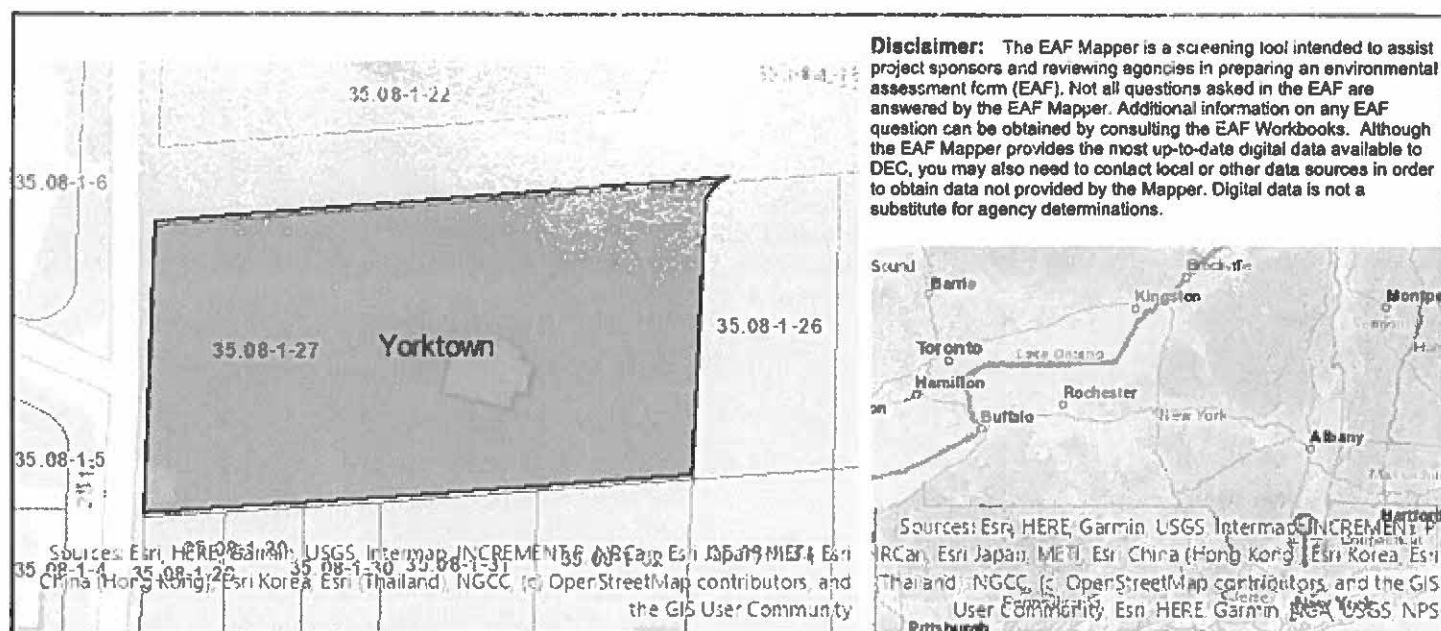

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information			
Name of Action or Project: Garden Lane Apartments - Sewer District Extension			
Project Location (describe, and attach a location map): Garden Lane, approx. 200' North of Old Crompond Road			
Brief Description of Proposed Action: Sewer District Extension for a new apartment building with 20-units and associated site improvements.			
Name of Applicant or Sponsor: Michael F. Stein		Telephone: 914-909-0420 E-Mail: michael@hudsonec.com	
Address: 45 Knollwood Road, Suite 201			
City/PO: Elmsford		State: NY	Zip Code: 10523
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			NO <input checked="" type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other government Agency? If Yes, list agency(s) name and permit or approval:			YES <input type="checkbox"/>
3. a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?			1.56 acres 1.41 acres 1.56 acres
4. Check all land uses that occur on, are adjoining or near the proposed action:			
5. <input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input checked="" type="checkbox"/> Commercial <input checked="" type="checkbox"/> Residential (suburban) <input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other(Specify): <input type="checkbox"/> Parkland			

5. Is the proposed action,		NO	YES	N/A
a.	A permitted use under the zoning regulations?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b.	Consistent with the adopted comprehensive plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?		NO	YES	
		<input type="checkbox"/>	<input checked="" type="checkbox"/>	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES	
If Yes, identify: _____		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?		NO	YES	
		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
b. Are public transportation services available at or near the site of the proposed action?		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
9. Does the proposed action meet or exceed the state energy code requirements?		NO	YES	
If the proposed action will exceed requirements, describe design features and technologies: _____ _____		<input type="checkbox"/>	<input checked="" type="checkbox"/>	
10. Will the proposed action connect to an existing public/private water supply?		NO	YES	
If No, describe method for providing potable water: _____ _____		<input type="checkbox"/>	<input checked="" type="checkbox"/>	
11. Will the proposed action connect to existing wastewater utilities?		NO	YES	
If No, describe method for providing wastewater treatment: _____ _____		<input type="checkbox"/>	<input checked="" type="checkbox"/>	
12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?		NO	YES	
		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?		NO	YES	
		<input type="checkbox"/>	<input checked="" type="checkbox"/>	
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?		<input checked="" type="checkbox"/>	<input type="checkbox"/>	
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____ _____ _____

Short Environmental Assessment Form

Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project calls for expansion of the Town's Hunterbrook and Huntrook 202 Sanitary Sewer Districts and the County's Peekskill Sanitary Sewer District to include one parcel (Section 35/08, Block 1, Lot 27) in order to serve a proposed 2-story, 20-unit apartment building to be located on the east side of Garden Lane in the Town of Yorktown. The housing project was reviewed by the Town of Yorktown Planning Board, which issued a Negative Declaration pursuant to SEQR and granted site plan approval. However, the County was not included as an involved agency for the sewer district modification during the Town Planning Board's review.

The subject parcel is approximately 1.56 acres in size and is located adjacent to the boundary line of the aforementioned sewer districts. There is an existing low-pressure force main on Garden Lane to which the development will be able to connect. The force main connects to other mains that eventually lead to the Town's Hunterbrook Sewer District Pump Station, which then sends the sewage to the County's Hollow Brook Interceptor Trunk Line where it ultimately discharges into the County's Peekskill Water Resource Recovery Facility (WRRF). The Peekskill WRRF has a design flow of 10 million gallons per day (MGD) and the present average daily flow is 6.1 MGD. The housing development is expected to generate approximately 3,080 gallons per day. As such, the County facilities have sufficient capacity to accept this additional sewage and no further environmental impacts are anticipated.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input checked="" type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
