Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (“Bond Act”) which, if adopted, would authorize the County of Westchester (the “County”) to issue bonds in the amount of \$525,000 to finance the following capital project:

RB04J – Tuckahoe Road Bridge Over Bronx River Parkway, Yonkers (BIN 3348000) (“RB04J”).

The Bond Act, in the amount of \$525,000, would finance the cost of design associated with rehabilitation of the existing structure. The project will address the deterioration of the existing arch, asphalt approach resurfacing and waterproofing of the top of the concrete arch, roadway slab and sidewalks, and associated work.

The Department of Public Works and Transportation (the “Department”) has advised that this bridge, which was built in 1922 and has an annual daily traffic count (“AADT”) of 8,375, is in need of rehabilitation to maintain a safe roadway for the traveling public. In 2021 the New York State Department of Transportation gave the bridge a condition rating of 4.33 and the bridge has continued to deteriorate. This rating system, using a scale of 1 (“hazardous”) through 7 (“new”), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Following bonding authorization, design shall be scheduled and is anticipated to take nine (9) months to complete and will be performed by consultant. It is anticipated that construction will take approximately eighteen (18) months to complete and shall begin after award and execution of the construction contracts, subject to your Honorable Board’s approval of construction funding.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a “Type II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

George Latimer
County Executive

The Bond Act, which was prepared by the law firm Hawkins Delafield & Wood, LLP, will finance the cost of design associated with rehabilitation of the existing structure. The project will address the deterioration of the existing arch, asphalt approach resurfacing and waterproofing of the top of the concrete arch, roadway slab and sidewalks, and associated work.

The Department of Public Works and Transportation (the “Department”) has advised that this bridge, which was built in 1922 and has an annual daily traffic count (“AADT”) of 8,375, is in need of rehabilitation to maintain a safe roadway for the traveling public. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Following bonding authorization, design shall be scheduled and is anticipated to take nine (9) months to complete and will be performed by consultant. It is anticipated that construction will take approximately eighteen (18) months and shall begin after award and execution of the construction contracts, subject to your Honorable Board’s approval of construction funding.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
