

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester (“County”) of an act amending the County’s current-year Capital Budget (“Capital Budget Amendment”), as well as a related amended bond act (“Bond Act”) which, if adopted, will authorize the County to issue up to \$16,645,000 in additional bonds of the County to finance capital project B0082 – Low Rise Building Renovation, White Plains (“B0082”).

Your Committee is advised that the Capital Budget Amendment will amend the County’s capital budget to increase the appropriation for B0082 by \$9,015,000. The Department of Public Works and Transportation (“Department”) has advised your Committee that the additional funds are required based upon the current scope and cost estimate for B0082. B0082 will now also replace the expansion joints on both sides of the building that spans Dr. Martin Luther King, Jr. Boulevard, replace the HVAC distribution system and install a fire suppression system on the third floor. The companion capital project (B0104) will provide for installation of a fire suppression system on the other floors. These components were not contemplated in the original scope of work.

The related Bond Act in the total amount of \$17,345,000 was prepared by the law firm Hawkins, Delafield & Wood and includes \$700,000 in previously authorized bonds of the County. The Bond Act will finance the cost of design, construction and construction management of renovations to the third floor of the County’s Low Rise Building including the offices of the County Clerk.

The Department has advised that the third floor of the Low Rise building has not undergone a full renovation since its construction in the early 1970s. Since the County Clerk has switched to keeping digital records, the existing spatial configuration is no longer efficient. B0082 will improve the organization of the third floor to better serve the visiting public and meet the needs of the Office of the County Clerk. In addition, the updates will be made to comply with current building code.

Design is currently being undertaken by a consultant and is expected to be completed by the second quarter of 2021. It is anticipated that construction will take approximately eighteen months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has authorized the County to issue bonds for prior components of B0082 as indicated in the annexed fact sheet and as follows: Bond Act No. 179-2015 in the amount of \$700,000 which financed design in connection with renovations to the third floor of the County's Low Rise Building including the offices of the County Clerk. These bonds have been partially sold. Accordingly, it is now requested that Bond Act No. 179-2015 be amended to (i) increase the initial amount authorized by \$16,645,000, for a total authorized amount, as amended, of \$17,345,000, (ii) revise the scope of Bond Act No. 179-2015 to include work associated with the construction phase of B0082, and (iii) increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

The Planning Department has advised your Committee that the Planning Board has previously reviewed this project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.

RE: **Capital Budget Amendment –
B0082 Low Rise Building Renovations, White Plains**

The County Executive is requesting an amendment to the 2021 Capital Budget to modify the funding of the above project. This project provides funding for construction and construction management associated with the renovations of the third floor in the Low Rise Building including the offices of the County Clerk.

A Capital Budget Amendment is requested to add a 2021 appropriation of \$9,015,000.

The Planning Board adopted a report on this project (rated PL1) at its meeting on July 11, 2006.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.
