#### **Comments:**

Capital Budget Amendment is also requested to fund the Construction and Construction Administration costs of the primary sludge gravity thickener collection equipment. This is a critical request as components of the gravity thickener equipment have experienced extensive deterioration and need to be rehabilitated as soon as possible. The deterioration of this system have recently resulted in failures which required temporary repairs to ensure the continued operation of this critical infrastructure. Being requested is an additional \$10 million in appropriations for year 2025, bringing the total appropriations to \$14 million for 2025.
