Transmitted herewith for your review and approval is a bond act (“Bond Act”) which, if adopted, would authorize the County of Westchester (“County”) to issue bonds in the amount of \$165,000 to finance the following capital project: B014D.

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for March 18, 2024 “blue sheet” calendar.

Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$165,000 to finance the following capital project:

B014D – Exterior Infrastructure Repairs, White Plains Complex (2016 – 2020) ("B014D").

The Bond Act, in the amount of \$165,000, would finance the cost of design associated with the replacement of the existing revolving doors at the Richard J. Daronco Courthouse, with a new entry vestibule with automatic sliding doors, egress doors with security card readers, and related work.

The Department of Public Works and Transportation ("Department") has advised that the installation of a vestibule will reduce the "stack effect" which causes conditioned air to be lost to the exterior when the lobby doors are opened. This will reduce the amount of energy required to heat and cool the lobby.

Following bonding authorization, design will be scheduled and is estimated to take six (6) months to complete and will be performed by in-house staff. Construction is estimated to take nine (9) months to complete and will begin after award and execution of construction contracts, subject to your Honorable Board's approval of construction funding.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with separable components of B014D as indicated in the annexed fact sheet.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$165,000 to finance a component of capital project B014D – Exterior Infrastructure Repairs, White Plains Complex (2016 – 2020) (“B014D”). The Bond Act, which was prepared by the law firm Hawkins Delafield & Wood, LLP, will finance the cost of design associated with the replacement of the existing revolving doors at the Richard J. Daronco Courthouse, with a new entry vestibule with automatic sliding doors, egress doors with security card readers, and related work.

The Department of Public Works and Transportation (“Department”) has advised that the installation of a vestibule will reduce the “stack effect” which causes conditioned air to be lost to the exterior when the lobby doors are opened. This will reduce the amount of energy required to heat and cool the lobby.

Following bonding authorization, design will be scheduled and is estimated to take six (6) months to complete and will be performed by in-house staff. Construction is estimated to take nine (9) to complete and will begin after award and execution of construction contracts, subject to your Honorable Board’s approval of construction funding.

It should be noted that your Honorable Board has previously authorized the County to issue bonds in connection with separable components of B014D as indicated in the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act.

Your Committee recommends the adoption of the proposed Bond Act.

Energy Efficiencies:

THE INSTALLATION OF A VESTIBULE WILL REDUCE THE STACK EFFECT WHICH CAUSES CONDITIONED AIR TO BE LOST TO THE EXTERIOR WHEN DOORS INTO THE LOBBY ARE OPENED. THIS WILL REDUCE THE AMOUNT OF ENERGY REQUIRED TO HEAT AND COOL THE LOBBY.
