Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,125,000 to finance the following capital project:

RB04K – Quaker Ridge Road Bridge Over Pine Brook Boulevard and Sheldrake River, New Rochelle ("RB04K").

The Bond Act, in the amount of \$1,125,000 would finance the cost of design associated with the rehabilitation of the existing structure, which will address the deterioration of the existing rigid frame structure, waterproofing the concrete arch, installing new pavement, replacing the concrete approach slabs and associated work.

The Department of Public Works and Transportation ("Department") has advised that this bridge was built in 1959, it is 102 feet long and 60 feet wide and has an annual average daily traffic count of 10,220, and requires rehabilitation to maintain a safe roadway for the traveling public. In 2025, the New York State Department of Transportation gave the bridge a condition rating of 5.37 and the bridge has continued to deteriorate. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Following bond authorization, design will be scheduled and is anticipated to take twelve (12) months to complete and will be undertaken by a consultant. It is anticipated that construction will take approximately eighteen (18) months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction financing.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

Kenneth W. Jenkins

The Bond Act, prepared by the law firm Harris Beach Murtha, in the amount of \$1,125,000 would finance the cost of design associated with the rehabilitation of the existing structure, which will address the deterioration of the existing rigid frame structure, waterproofing the concrete arch, installing new pavement, replacing the concrete approach slabs and associated work.

The Department of Public Works and Transportation (“Department”) has advised that this bridge was built in 1959, it is 102 feet long and 60 feet wide and has an annual average daily traffic count of 10,220, and requires rehabilitation to maintain a safe roadway for the traveling public. In 2025, the New York State Department of Transportation gave the bridge a condition rating of 5.37 and the bridge has continued to deteriorate. This rating system, using a scale of 1 (“hazardous”) through 7 (“new”), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

Your Committee is advised that following bond authorization, design will be scheduled and is anticipated to take twelve (12) months to complete and will be undertaken by a consultant. It is anticipated that construction will take approximately eighteen (18) months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board’s further approval of construction financing.

The Department of Planning has advised your Committee that based on its review, the authorization of the proposed capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
