Replacement.

This will confirm my request that the Board of Legislators allow submission of the referenced communication to be submitted to the Board of Legislators October 19, 2020 Agenda.

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$7,000,000 for capital project SLI04..

Therefore, since this communication is of the utmost importance, it is respectfully submitted that the County Board of Legislators accepts this submission for October 19, 2020 "blue sheet" calendar.

Thank you for your prompt attention to this matter.

George Latimer County Executive

Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (the "Bond Act") which, if adopted, would authorize the County of Westchester (the "County") to issue bonds in the amount of \$7,000,000 to finance the following capital project for 2021:

SLI04 – Mamaroneck WRRF BNR Media and Aeration Equipment Replacement ("SLI04").

The Bond Act, in the total amount of \$7,000,000, would fund the staged purchase of integrated fixed film activated sludge ("IFAS") media for all 6 aeration tanks and the installation of the media in Tank Nos. 2 and 5, including modifications to the tank walls and sieves in Tank Nos. 2 and 5, in order to prevent damage to the media.

The Department of Environmental Facilities (the "Department") has advised that this equipment is vital to removing biological nitrogen from the Long Island Sound, which the Department is required to do under U.S. Environmental Protection Agency Consent Order No. CO -20080730-65.

It should be noted that in a departure from the County's past practice, the County Budget Department is submitting this Bond Act to your Honorable Board simultaneously with the proposed 2021 Capital Budget. It is the County's goal to submit this Bond Act now so that the referenced projects will be ready to proceed without delay in early 2021.

de

Design is currently underway using consultants and is scheduled to be completed in January 2021. Construction is estimated to take 18 months and will begin after award and execution of construction contracts.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a "Type II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

E-mail: ceo@westchestergov.com

Telephone: (914)995-2900

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

George Latimer
County Executive

Your Committee is advised that in a departure from the County's past practice, the County Budget Department is submitting this Bond Act to your Honorable Board simultaneously with the proposed 2021 Capital Budget. It is the County's goal to submit this Bond Act now so that the referenced project will be ready to proceed without delay in early 2021

Your Committee is advised that design is currently underway using consultants and is scheduled to be completed in January 2021. Construction is estimated to take 18 months and will begin after award and execution of construction contracts.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
