

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of an amended bond act (the “Amended Bond Act”) in the total amount of \$8,515,000, which includes \$1,200,000 in previously authorized bonds of the County, to finance capital project P0027 – Bronx River Parkway (North of Greenacres Ave) Over Bronx River, Scarsdale (“P0027”).

The Amended Bond Act, which was prepared by the law firm Harris Beach PLLC, will finance the cost of design, construction management and construction associated with the replacement of the existing bridge structure, including construction of pile foundations, abutments, structural deck, approaches, railings, and related work.

The Department of Public Works and Transportation (the “Department”) has advised that this bridge, which was built in 1920 and has an annual daily traffic count (“AADT”) of 35,663, is in need of rehabilitation to maintain a safe roadway for the traveling public. In 2022 the New York State Department of Transportation gave the bridge a condition rating of 4.81 and the roadway has continued to deteriorate. This rating system, using a scale of 1 (“hazardous”) through 7 (“new”), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work could result in the continued deterioration of the bridge.

The design is currently underway by consultant and shall be completed by the 4th Quarter of 2023. It is anticipated that construction will take approximately twenty-four (24) months and will begin after award and execution of the construction contracts.

Your Committee notes that your Honorable Board has previously authorized the County to issue bonds associated with this project as follows: Bond Act No. 2019-161 in the amount of \$1,200,000, which funded design and construction management. No bonds have been issued under Bond Act No. 2019-161. Accordingly, the authority of your Honorable Board is now requested to amend Bond Act No. 2019-161 to increase the initial amount of bonds authorized by \$7,315,000, from \$1,200,000 to \$8,515,000, to expand the scope of work to include construction, and to increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Amended Bond Act. Your Committee recommends the adoption of the proposed Amended Bond Act.
