I. ITEMS FOR DISCUSSION

Guest: Dept. of Planning: Assistant Commissioner David Kvinge

1. [2022-338](#) **BOND ACT(Amended)-BPL40 (1941)-Stormwater Mngmt-Various Co. Fac. II**

Assistant Commissioner David Kvinge discussed the item. He said they had originally bonded for \$1.5 million in 2021, but are asking for another \$500,000 because they have incurred a number of increases in cost estimates while going through the design process. The increases are largely due to skyrocketing transportation costs for materials. Vice-Chair Woodson-Samuels asked if the anticipated interest rate of 2.47% from May 25th is still accurate. Budget Director Larry Soule said he can check where rates are today, but it is a question of what the rates are when we issue our bonds, which might not happen until next year.

Chair Shimsky asked to see the updated cost estimates. Mr. Kvinge said the last set of cost estimates he sent was from April, and since then, they've added another 10% contingency to recognize the cost increases and make sure they're not over budget.

Legislator Parker asked if Standard had agreed to the decrease in parking spaces in the overflow field. Mr. Kvinge said they are working with Standard and the design consultant on that. Legislator Pierce asked Mr. Kvinge to let the Environment committee know what Standard agrees to, and he agreed to let her know when they have worked out a final design.

On motion of Committee Chair Shimsky, seconded by Legislator Parker, the above item was signed by committee. The motion carried by the following vote:

Aye: Committee Chair Shimsky, Legislator Barr, Legislator Borgia, Legislator Parker, Legislator Smith, Legislator Tubiolo and Committee Vice-Chair Woodson-Samuels

2. [2022-339](#) **BOND ACT-BPL26 (1857)-Flood Mitigation**

Mr. Kvinge discussed the item. Legislator Pierce asked how old the prior bridge was and the lifespan of the new bridge. Mr. Kvinge said he will review and highlight areas from the design report to answer those questions.

Legislator Pierce asked if we have a metric to measure the expansion of how much water was previously able to be handled versus what will be. Mr. Kvinge said they did modeling, which is in the design report. He will also ask the Town Engineer for a response. Chair Shimsky asked to see the design report.

On motion of Committee Chair Shimsky, seconded by Legislator Smith, the above item was signed by committee. The motion carried by the following vote:

Aye: Committee Chair Shimsky, Legislator Parker, Legislator Smith, Legislator Tubiolo and Committee Vice-Chair Woodson-Samuels

Away: Legislator Barr and Legislator Borgia

Away: Legislator Barr and Legislator Borgia

4. [2022-363](#) **BOND ACT-BPL26-1953-Flood Mitigation**

Mr. Kvinge discussed the item. Legislator Williams Johnson asked for a list of everything that's been approved and where we are in the process with pending applications. Legislator Pierce asked Mr. Kvinge to identify hot spots that could benefit from an IMA. Legislator Williams Johnson clarified that she wants a picture of projects throughout the County. Mr. Kvinge said he will provide a map that shows flood problems identified by municipalities as well as projects in various stages of completion.

On motion of Legislator Smith, seconded by Legislator Parker, the above item was signed by committee to the Board of Legislators committee, due back on 8/1/2022. The motion carried by the following vote:

Aye: Committee Chair Shimsky, Legislator Parker, Legislator Smith, Legislator Tubiolo and Committee Vice-Chair Woodson-Samuels
