Comments:

A Capital Budget Amendment in the amount of \$1,200,000 is requested and shown under review to fund the increase costs associated with the reconstruction of the porch substructure and foundation walls, new security system infrastructure and a new stormwater retention system. Significant deterioration of the porch's substructure as well as settling of the foundation walls were discovered during construction. The new stormwater system will direct roof leader drainage away from the porch and the building alleviating any future settlement issues. Recent vandalism incidents at the mansion have necessitated enhanced security measures to protect the County's investment in this building restoration.
