

ACT 240 - 2025
(BOND) ACT 241 - 2025

Reference SPC03, SPC09

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester ("County") of an act amending the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related amending and superseding bond act prepared by the law firm Norton Rose Fulbright ("Amended Bond Act") in connection with capital projects SPC03 - Port Chester Waste Water Treatment Plant - Electrical System Upgrade ("SPC03"), and SPC09 - Port Chester Waste Water Treatment Plant HVAC Systems Upgrade ("SPC09").

The Amended Bond Act would amend and supersede Bond Act No. 52-2024 to:

- (i) increase the amount of bonds authorized by Act 52-2024 by \$18,000,000, from \$11,000,000 to a new total of \$29,000,000,
- (ii) increase the estimated maximum cost of the combined SPC03 and SPC09 projects from \$45,200,000 to \$63,200,000 (an increase of \$18,000,000), and
- (iii) update the plan of financing to include (a) \$34,200,000 bonds authorized under Bond Act No. 5-2021 and (b) the new total of \$29,000,000 to be authorized by the Amended Bond Act.

The proposed Capital Budget Amendment will amend the County's capital budget to increase the appropriations for SPC03 and SPC09 by a total aggregate amount of \$18,000,000, comprised of a \$6,000,000 increase for SPC03, and a \$12,000,000 increase for SPC09.

The Department of Environmental Facilities (the "Department") advised that all bids received exceeded available construction budgets for SPC03 and SPC09. Cost increases are attributable to tariffs and unpredictable market conditions. Many raw materials and manufactured electrical and heating, ventilation, and air conditioning ("HVAC") components are imported and therefore subject to increased tariffs. In addition, tariffs are causing supply chain disruption thereby risking long lead times and further increasing costs.

The Amended Bond Act would authorize the County to issue \$29,000,000 bonds of the County (including \$11,000,000 previously authorized by Bond Act 52-2024) to finance a portion of the \$63,200,000 estimated maximum cost of the design, construction management and

construction for the replacement and upgrading of the electrical system and replacement of the HVAC system at the County's Port Chester Water Resource Recovery Facility, including incidental expenses.

The Department advised that SPC03 and SPC09 provide for replacement and upgrade of plant electrical system and HVAC system at the Port Chester Water Resource Recovery Facility. The electrical system replacement and upgrade includes but is not limited to replacement of the electrical switch gear, electrical panel boards, motor controls centers, emergency generators and any other related ancillary equipment reaching the end of its useful life. The HVAC system replacement and upgrade includes but is not limited to replacement of the HVAC units, as well as odor control equipment and all ancillary systems and controls.

Design has been completed by a consultant. It is estimated that construction will take thirty-six months to complete and will begin after award and execution of the construction contracts.

Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. The Planning Department has advised that the Planning Board has previously reviewed SPC03 and SPC09 and issued reports, and that since there is no change in the location, size or character of the project and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

The Planning Department has advised your Committee that based on its review, the above-referenced capital projects may be classified as Type "II" actions pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 ("SEQR"). Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Amended Bond Act, and recommends approval of both of the proposed Acts,

noting that the Amended Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Amended Bond Act.

ACT NO. 241 - 2025

BOND ACT DATED November 17, 2025.

A BOND ACT OF THE COUNTY OF WESTCHESTER, NEW YORK, AMENDING AND SUPERSEDING BOND ACT NO. 52-2024 TO INCREASE THE AMOUNT OF BONDS AUTHORIZED THEREIN FROM \$11,000,000 TO \$29,000,000 (AN INCREASE OF \$18,000,000) TO PAY A PORTION OF THE \$63,200,000 REVISED ESTIMATED MAXIMUM COST OF THE DESIGN, CONSTRUCTION MANAGEMENT, AND CONSTRUCTION OF THE REPLACEMENT AND UPGRADING OF THE ELECTRICAL SYSTEM AND REPLACEMENT OF THE HEATING, VENTILATING AND AIR CONDITIONING SYSTEM AT THE PORT CHESTER WATER RESOURCE RECOVERY FACILITY, FOR THE BENEFIT OF THE PORT CHESTER SANITARY SEWER DISTRICT.

WHEREAS, pursuant to Bond Act No. 68-2014, \$2,150,000 bonds were authorized to finance the design and construction management costs of the replacement and upgrading of the electrical system at the Port Chester Water Resource Recovery Facility (previously called the Port Chester Wastewater Treatment Plant) ("SPC03"); and

WHEREAS, pursuant to Bond Act No. 91-2014, \$2,300,000 bonds were authorized to finance the design and construction management costs of the replacement of heating, ventilating and air conditioning equipment at the Port Chester Water Resource Recovery Facility ("SPC09"); and

WHEREAS, pursuant to Bond Act No. 5-2021, (i) the purposes described in Bond Acts No. 68-2014 and 91-2014 were combined ("SPC03/SPC09 project"), (ii) the scope of the project was expanded to include construction of the replacement and upgrading of the electrical system and replacement of the heating, ventilating and air conditioning system at the Port Chester Water Resource Recovery Facility, and (iii) the estimated maximum cost of such combined SPC03/SPC09 project and the amount of bonds authorized to be issued for such purposes was increased by \$29,750,000 for a total aggregate amount of \$34,200,000; and

WHEREAS, pursuant to Bond Act No. 52-2024, (i) the estimated maximum cost of the combined SPC03/SPC09 project was increased from \$34,200,000 to \$45,200,000 (an increase

of \$11,000,000), (ii) an additional \$11,000,000 bonds were authorized to pay of a portion of such increased estimated maximum cost and (iii) the plan of financing was updated to include (a) \$34,200,000 bonds authorized under Bond Act No. 5-2021 and (b) the \$11,000,000 bonds to be authorized in therein; and

WHEREAS, no obligations have been issued under Bond Act No. 52-2024; and

WHEREAS, it is now desired to amend and supersede Bond Act No. 52-2024 to (i) increase the estimated maximum cost from \$45,200,000 to \$63,200,000 (an increase of \$18,000,000) (ii) increase the amount of bonds authorized therein from \$11,000,000 to \$29,000,000 (an increase of \$18,000,000) and (iii) update the plan of financing to include (a) \$34,200,000 bonds authorized under Bond Act No. 5-2021 and (b) the \$29,000,000 bonds to be authorized herein; and

WHEREAS, the plan for the financing of the estimated maximum cost of such capital purpose, as hereinafter set forth in this Bond Act, is in conformity with such capital budget; and

WHEREAS, all conditions precedent to the financing of the capital project hereinafter described, including compliance with the provisions of the State Environmental Quality Review Act, to the extent required, have been performed; and

WHEREAS, the cost of said class of objects or purposes shall be specially assessed against properties in the County's Port Chester Sanitary Sewer District, which are specially benefitted by said class of objects or purpose; and

WHEREAS, it is now desired to authorize the financing of such capital purpose; NOW, THEREFORE,

BE IT ENACTED, by the Board of Legislators of the County of Westchester, New York, by the affirmative vote of not less than two thirds of the entire voting strength thereof, as follows:

Section 1. There are hereby authorized to be issued \$29,000,000 bonds of the County of Westchester to finance a portion of the \$63,200,000 estimated maximum cost of the design,

construction management and construction for the replacement and upgrading of the electrical system and replacement of the heating, ventilating and air conditioning system at the Port Chester Water Resource Recovery Facility, including incidental expenses in connection therewith, which is a class of objects or purposes, in and for the benefit of the Port Chester Sanitary Sewer District. To the extent that the details of the aforesaid class of objects or purposes set forth in this act are inconsistent with any details set forth in the current Capital Budget of the County, such Budget shall be deemed and is hereby amended to the extent inconsistent herewith.

Section 2. It is hereby determined that the estimated maximum cost of the aforesaid class of objects or purposes is \$63,200,000, and that the plan for the financing thereof is by the issuance of (i) \$34,200,000 bonds of said County authorized to be issued pursuant to Bond Act 5-2021 and (ii) \$29,000,000 bonds of said County authorized to be issued pursuant to this Bond Act.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid class of objects or purposes is thirty years pursuant to subdivision four of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Commissioner of Finance, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance, consistent with the provisions of the Local Finance Law.

Section 5. The faith and credit of the County of Westchester, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such obligations as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such obligations becoming due and payable in such year. To the extent not paid from the assessment of properties assessable for this purpose in County's Port

Chester Sanitary Sewer District, or other sources, there shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such obligations as the same become due and payable.

Section 6. Such bonds shall be in fully registered form and shall be signed in the name of the County of Westchester, New York, by the manual or facsimile signature of the Commissioner of Finance and a facsimile of the corporate seal shall be imprinted or impressed thereon and may be attested by the manual or facsimile signature of the County Clerk.

Section 7. The powers and duties of advertising such bonds for sale, conducting the sale and awarding the bonds, are hereby delegated to the Commissioner of Finance, who shall advertise such bonds for sale, conduct the sale, and award the bonds in such manner as said Commissioner of Finance shall deem best for the interests of the County; including, but not limited to, the power to sell said bonds to the New York State Environmental Facilities Corporation; provided, however, that in the exercise of these delegated powers, the Commissioner of Finance shall comply fully with the provisions of the Local Finance Law and any order or rule of the State Comptroller applicable to the sale of municipal bonds. The receipt of the Commissioner of Finance shall be a full acquittance to the purchaser of such bonds, who shall not be obliged to see to the application of the purchase money.

Section 8. The Commissioner of Finance is hereby further delegated the power to authorize the sale and issuance of the bonds authorized pursuant to this Bond Act (a) at a discount in the manner authorized by paragraphs e and f of Section 57.00 of the Local Finance Law, (b) at private sale pursuant to the applicable provisions of the Local Finance Law and any regulations of the New York State Comptroller appertaining thereto, including the private sale of bonds at a premium, (c) as capital appreciation bonds or term bonds at public sale or private sale pursuant to the applicable provisions of the Local Finance Law and any regulations of the New York State Comptroller appertaining thereto, and (d) at a variable rate of interest in the manner authorized by

Section 54.90 of the Local Finance Law, including notes issued in anticipation thereof. The Commissioner of Finance is hereby authorized to enter into such agreements as said Commissioner of Finance shall determine reasonable and necessary to facilitate the issuance, sale, resale and, or repurchase of such bonds or notes pursuant to the provisions of Section 54.90 of the Local Finance Law. Such bonds and, or notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Commissioner of Finance.

Section 9. The power to issue and sell notes to the New York State Environmental Facilities Corporation pursuant to Section 169.00 of the Local Finance Law is hereby delegated to the Commissioner of Finance. Such notes shall be of such terms, form and contents as may be prescribed by said Commissioner of Finance consistent with the provisions of the Local Finance Law.

Section 10. The Commissioner of Finance is hereby further authorized, at his or her sole discretion, to execute a project financing and loan agreement, and any other agreements with the New York State Department of Environmental Conservation and/or the New York State Environmental Facilities Corporation, including amendments thereto, and including any instruments (or amendments thereto) in the effectuation thereof, in order to effect the financing or refinancing of the specific object or purpose described in Section 1 hereof, or a portion thereof, by a bond, and, or note issue of said County in the event of the sale of same to the New York State Environmental Facilities Corporation.

Section 11. The intent of this Bond Act is to give the Commissioner of Finance sufficient authority to execute those applications, agreements, instruments or to do any similar acts necessary to effect the issuance of the aforesaid bonds and, or notes without resorting to further action of this Board of Legislators.

Section 12. All other matters, except as provided herein, relating to such bonds, including determining whether to issue such bonds having substantially level or declining annual debt service and all matters related thereto, prescribing whether manual or facsimile signatures shall appear on

said bonds, prescribing the method for the recording of ownership of said bonds, appointing the fiscal agent or agents for said bonds, providing for the printing and delivery of said bonds (and if said bonds are to be executed in the name of the County by the facsimile signature of the Commissioner of Finance and, providing for the manual countersignature of a fiscal agent or of a designated official of the County), the date, denominations, maturities and interest payment dates, place or places of payment, and also including the consolidation with other issues, shall be determined by the Commissioner of Finance. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of such bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the fiscal agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the fiscal agent. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine.

Section 13. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with at the date of publication of this Bond Act are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 14. This Bond Act shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150 - 2. Other than as specified in this Bond Act, no moneys are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 15. This bond act amends and supersedes Bond Act No, 52-2024, except to the extent that any liabilities or indebtedness shall have been contracted, and encumbrances made or actions taken thereunder.

Section 16. This Bond Act, which shall take effect immediately in accordance with the provisions of Section 33.10 of the Local Finance Law and as provided in Section 107.71 of the Westchester County Charter, shall be published in summary form in the official newspaper of said County for purposes of this Bond Act, together with a notice of the Clerk of the County Board of Legislators in substantially the form provided in Section 81.00 of the Local Finance Law.

Comments:

A 2025 Capital Budget Amendment (CBA) is requested to fund additional construction management and construction costs for the Port Chester WRRF Electrical Systems Upgrades project. The total CBA request is \$6 million in appropriations for 2025 which is shown in "Under Review." This request also includes the \$4 million in construction management appropriations requested in the proposed 2026 budget. Upon approval of this CBA requested, the \$4 million requested in the proposed 2026 budget will no longer be needed.

The bids that were received on September 10, 2025 exceeded the available construction funding. The bids were evaluated by the design consultant and the increase in construction costs are attributed to tariff impacts and unpredictable market conditions. Raw material and manufactured electrical/ HVAC components are mostly imported from countries with not so "favorable" tariffs resulting in an increase in costs. In addition, due to supply chain disruption imposed by the tariffs, contractors risk experiencing long lead times driving up project costs even further.

Energy Efficiencies:

THE NEW AND UPGRADED EQUIPMENT IS EXPECTED TO PERFORM WITH IMPROVED ENERGY EFFICIENCY.

Comments:

A 2025 Capital Budget Amendment (CBA) is requested to additional construction management and construction costs for the Port Chester WRRF HVAC Systems Upgrades project. The total CBA request is \$12 million in appropriations for 2025 which is shown in "Under Review." This request also includes the \$2 million in construction management appropriations requested in the proposed 2026 budget. Upon approval of this CBA requested, the \$2 million requested in the proposed 2026 budget will no longer be needed.

The bids that were received on September 10, 2025 exceeded the available construction funding. The bids were evaluated by the design consultant and the increase in construction costs are attributed to tariff impacts and unpredictable market conditions. Raw material and manufactured electrical/ HVAC components are mostly imported from countries with not so "favorable" tariffs resulting in an increase in costs. In addition, due to supply chain disruption imposed by the tariffs, contractors risk experiencing long lead times driving up project costs even further.

Energy Efficiencies:

THE NEW AND UPGRADED EQUIPMENT IS EXPECTED TO PERFORM WITH IMPROVED EFFICIENCY.
