**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval of a bond act (the “Bond Act”) prepared by the law firm Harris Beach, in the total aggregate amount of \$7,000,000 to authorize the County of Westchester (the “County”) to finance the following seven projects:

BIT6D (2064) Purchase of Computer Equipment 2021-2025
BIT9A (2075) Geographic Information Systems (2015-2019)
BIT29 (2057) Data Center Upgrade
BIT45 (2049) Building Access Control and Video Surveillance Systems Upgrade
BIT47 (2050) Network and Security Infrastructure Upgrades 2020-2024
BIT53 (2061) Business Continuity and Disaster Recovery
BIT54 (2063) Critical Communication Logging System Replacement 2021-2025

The Bond Act, in the total amount of \$7,000,000, would authorize the County to issue bonds to finance the cost various projects for the Department of Information Technology (“Department”), including:

(1) Acquisition of computer equipment and software, including related services, for storage system overhaul to replace aging servers and storage to provide needed performance increases and reduce maintenance costs.

(2) Acquisition of GIS hardware and software, consulting and implementing services, data development and acquisition, mobile technologies, internet applications and related geospatial applications to support GIS applications for the County Departments of Public Safety, Emergency Services and future Next Generation 911 system.

(3) Upgrades to the County’s two primary data centers including upgrades to utility power, generators, uninterruptible power supplies, power distribution units, HVAC servers, network, and power management systems.

(4) Acquisition and installation of building access control and video surveillance systems at various County office buildings.

(5) Network and security infrastructure upgrades at various County office buildings, including the upgrade of Main Office Building Datacenter hardware and software, replacement of network switches at Yonkers I-Park, cyber security software upgrades, Yonkers Water Treatment Plant Facility and the Cisco Unified Computing Systems Data Center Platform to combine enhanced software-defined storage and data services software.

(6) acquisition and installation of hardware, software and associated services at various County office buildings for real-time business continuity and timely disaster recovery.

(7) acquisition and installation of equipment, software and associated services at various County office buildings for the Department’s Critical Communication Logging System.

Your Honorable Board is advised that the anticipated cost estimates, anticipated project timeline, and whether the design is anticipated to be undertaken in-house or by consultants for each capital project is set forth below:

Cap ID	Anticipated Amount	Design Assignment	Time Frame (Months) for Purchase and Implementation
BIT6D (2064) Purchase of Computer Equipment 2021-2025	\$1,000,000	Staff	9
BIT9A (2075) Geographic Information Systems (2015-2019)	\$200,000	Consultants	18
BIT29 (2057) Data Center Upgrade	\$100,000	Staff	3
BIT45 (2049) Building Access Control and Video Surveillance Systems Upgrade	\$1,350,000	Consultants and Staff	24
BIT47 (2050) Network and Security Infrastructure Upgrades 2020-2024	\$3,350,000	Staff	12-24

BIT53 (2061) Business Continuity and Disaster Recovery	\$250,000	Staff	12-24
BIT54 (2063) Critical Communication Logging System Replacement 2021- 2025	\$750,000	Consultants and Staff	3
TOTAL	\$7,000,000		

Your Committee is advised that the proposed Bond Act authorizes financing for like objects or purposes in connection with multiple capital projects. It is hoped that by combining projects that have the same objects and purposes into a single bond act, the County can dramatically reduce the amount of bond legislation that your Honorable Board would be required to review, thereby expediting the approval process and avoiding backlogs.

The Planning Department has advised your Committee that based on its review, the above-referenced capital projects have been classified as a Type "I" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this conclusion.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
