

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$875,000 to finance capital project BPS42 – Firing Range Rehabilitation ("BPS42"). The Bond Act, which was prepared by the law firm Harris Beach Murtha, will finance the cost of improvements to the Police Academy firing range, including replacement of the target system, public address system and soundproofing system.

The Department of Public Safety ("Department") has advised that the target transport system components will be replaced and upgraded with longer-lasting, readily available parts (replacement parts for current system are no longer available). The public address system used to give range commands and safety information (which was installed in or about 2008) will be replaced with a new system that is readily serviceable and functions reliably. Sound proofing throughout the building will be replaced to reduce noise pollution outside the building and restore the inside of the building to safer noise levels for building occupants.

Following bonding authorization, design relating to soundproofing will be scheduled and is anticipated to take three (3) months to complete. It is anticipated that the sound proofing design work will be completed by in-house staff, and it is estimated that construction related thereto will take five (5) months to complete and will begin after award and execution of the construction contracts. The remaining improvements do not require design work. It is anticipated that the remaining improvements will be simultaneously completed by separate contractors, and will be completed six (6) months following the award, and execution of the contracts.

It should be noted that your Honorable Board has previously authorized financing in connection with BPS42 as indicated in the annexed capital project fact sheet.

The Planning Department has advised your Committee that based on its review, BPS42 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
