

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$380,000, to finance capital project B0126 – Generator Systems Replacement, Grasslands Campus. The Bond Act, which was prepared by the law firm Hawkins Delafield & Wood, LLP, will finance the cost of design associated with the replacement of emergency generators, fuel tanks and associated equipment at various locations on the Grasslands Campus, including the Laboratories and Research Facility (425 kW generator), the Department of Corrections (“DOC”) F Unit (300 kW generator), the DOC H Block (500 kW generator), and the Jail Annex (250 kW generator).

The Department of Public Works and Transportation (the “Department”) has advised that the existing emergency generators and fuel tanks have reached the end of their useful lives and are in need of replacement.

Following bonding authorization, design will be scheduled and is anticipated to take six (6) months to complete and will be performed by in-house staff. It is anticipated that construction will take approximately thirty-six (36) months and will begin after award and execution of the construction contracts, subject to your Honorable Board’s further approval of construction funding.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
