Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith is an Act which, if adopted by your Honorable Board, would authorize the County to enter into inter-municipal agreements (“IMA”s) with forty-five participating local municipalities for the implementation and operation of the Enhanced 911 Service (hereinafter “E-911”).

Since July of 1993, E-911 service has been provided within Westchester County. This vital service has been enormously successful in providing necessary assistance to County residents in emergency situations. Among other things, the enhanced feature provides the address from which calls are being made to assist dispatchers in the event the caller is unable to provide that information. It should be noted that while Carousel Industries of North America, Inc. (“Carousel”) now provides installation and operation of Enhanced 911 Service equipment under contract with the County, Verizon New York, Inc. continues to provide installation and operation of the Enhanced 911 Service network (lines and trunks required) in accordance with tariff rates.

The County’s IMAs with the forty-five local municipalities authorized by your Honorable Board by Act No. 183-2017 expired on September 30, 2022. I am now requesting that your Honorable Board adopt the attached Act that would authorize the renewal of these agreements for a new five (5) year term commencing on October 1, 2022.

The Department of Information Technology (the “Department”) will coordinate and manage the project for the County and act as the interface between the municipalities and the telephone company. The municipalities will be responsible for insuring, via appropriate verification of telephone company provided lists, that all housing units in its jurisdiction have a valid street name and number. They will also be responsible for designating which emergency providers (i.e. police, fire, EMS) serve each house. Those responsibilities will be specified in the individual IMAs which will also be used to designate the County to act as agent for the municipalities in their dealings with Carousel and to indemnify the County from any claims or liability from third parties due to actions of the municipalities or their employees.

For almost thirty years now, Westchester's E-911 service has been enormously successful in providing quick and efficient emergency response throughout the County. With your Honorable Board's approval of the attached legislation, this valuable service can continue to be provided for an additional five-year term.

The Planning Department has advised that the proposed IMAs do not meet the definition of an "action" under the State Environmental Quality Review Act ("SEQRA"), and its implementing regulations, 6 NYCRR, Part 617. Please refer to the Memorandum from the Department of Planning dated January 14, 2022, which is on file with the clerk of your Honorable Board. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Accordingly, the adoption of the attached legislation by your Honorable Board is most respectfully requested.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "George Latimer".

George Latimer
County Executive

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a communication from the County Executive recommending the enactment of an Act, which, if adopted by this Honorable Board, would authorize the County of Westchester (the "County") to enter into inter-municipal Agreements ("IMA"s) with 45 participating local municipalities for the implementation and operation of the County's Enhanced 911 service (hereinafter "E-911").

The County Executive has advised your Committee that since July 1993, E-911 service has been provided within Westchester County. This vital service has been enormously successful in providing necessary assistance to County residents in emergency situations. Among other things, the enhanced 911 feature provides the address from which calls are being made to assist dispatchers in the event the caller is unable to provide that information. Your Committee is advised that while Carousel Industries of North America, Inc. ("Carousel") now provides installation and operation of Enhanced 911 Service equipment under contract with the County, Verizon New York, Inc. continues to provide installation and operation of the Enhanced 911 Service network (lines and trunks required) in accordance with tariff rates.

The County's IMAs with the forty-five local municipalities authorized by your Honorable Board by Act No. 183-2017 expired on September 30, 2022. I am now requesting that your Honorable Board adopt the attached Act that would authorize the renewal of these agreements for a new five (5) year term commencing on October 1, 2022.

The Department has advised that it will coordinate and manage the project for the County and act as the interface between the municipalities and the telephone company. The municipalities will be responsible for insuring, via appropriate verification of telephone company provided lists, that all housing units in its jurisdiction have a valid street name and number. They will also be responsible for designating which emergency providers (i.e. police, fire, EMS) serve each house. Those responsibilities will be specified in the individual IMAs which will also be used to designate the County to act as agent for the municipalities in their dealings with Carousel and to indemnify the County from any claims or liability from third parties due to actions of the municipalities or their employees.

The Planning Department has advised that the IMAs do not meet the definition of an “action” under the State Environmental Quality Review Act (“SEQRA”), and its implementing regulations, 6 NYCRR, Part 617. Please refer to the Memorandum from the Department of Planning dated January 14, 2022, which is on file with the clerk of your Honorable Board. Therefore, no further environmental review is required. Your Committee concurs with this conclusion.

An affirmative vote of a majority of the voting strength of the Board is required for approval of the attached Act.

Accordingly, your Committee concurs with the County Executive’s proposal and recommends that your Honorable Board adopt the annexed legislation authorizing the County to enter into individual IMAs with the 45 local municipalities for Enhanced-911 Service.

2. **Network and Terminal Equipment.**

The network (lines and trunks required) for the E911 system will be installed and maintained by Verizon at the sole cost and expense of County, while the terminal equipment will be installed and maintained by Carousel at the sole cost and expense of the County. In addition to responsibility for these non-recurring costs, County will be solely responsible for the cost and expense of the monthly rates and charges for all associated exchange services and private line service (including mileage charges), as contained in Verizon's tariff as in effect from time to time. Any E911 equipment leased by County will remain the property of County. The primary PSAP may stay on the line to collect and request specific information from the caller if needed. This process will avoid any potential delays in dispatching the appropriate first response, fire or EMS personnel. If a caller is contacting the PSAP via a seven digit (administrative) line and they are calling for a fire or EMS related emergency, the PSAP shall conference the caller with the appropriate secondary PSAP.

Municipality shall provide evidence of such insurance to the County of Westchester ("County"), either by providing a copy of policies and/or certificates as may be required and approved by the Director of Risk Management of the County ("Director"). If at any time any of the policies required herein shall be or become unsatisfactory to the Director, as to form or substance, or if a company issuing any such policy shall be or become unsatisfactory to the Director, the Municipality shall upon notice to that effect from the County, promptly obtain a new policy, and submit the policy or the certificate as requested by the Director to the Office of Risk Management of the County for approval by the Director. Upon failure of the Municipality to furnish, deliver and maintain such insurance, the Agreement, at the election of the County, may be declared suspended, discontinued or terminated.

Failure of the Municipality to take out, maintain, or the taking out or maintenance of any required insurance, shall not relieve the Municipality from any liability under the Agreement, nor shall the insurance requirements be construed to conflict with or otherwise limit the contractual obligations of the Municipality concerning indemnification.

All property losses shall be made payable to the "County of Westchester" and adjusted with the appropriate County personnel.

In the event that claims, for which the County may be liable, in excess of the insured amounts provided herein are filed by reason of Municipality's negligent acts or omissions under the Agreement or by virtue of the provisions of the labor law or other statute or any other reason, the amount of excess of such claims or any portion thereof, may be withheld from payment due or to become due the Municipality until such time as the Municipality shall furnish such additional security covering such claims in form satisfactory to the Director.

In the event of any loss, if the Municipality maintains broader coverage and/or higher limits than the minimums identified herein, the County shall be entitled to the broader coverage and/or higher limits maintained by the Municipality. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

2 The Municipality shall provide proof of the following coverage (if additional coverage is required for a specific agreement, those requirements will be described in the Agreement):
