

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act (the "Bond Act") in the total amount of \$2,000,000 to finance capital project BES24 - Replacement of Smoke House Building ("BES24"). The Bond Act, which was prepared by the law firm Harris Beach PLLC, will finance the purchase of a new pre-fabricated smoke house fire prop building, associated design during construction, and any additional site work needed.

The Department of Emergency Services ("DES") has advised that the existing smoke house is over 45 years old and has had several large repairs during its life. The repairs are failing due to the building's age and the repeated exposure to the temperature extremes of live fire, its rapid extinguishment and high pressure impacts resulting from the use of fire hoses during each training evolution. This has resulted in building deterioration and fatigue. Surrounding paved surfaces are exhibiting similar damage from the same wear and tear conditions noted to the building itself.

Your Committee is advised that this realistic fire training prop is one of the most used at the DES training facility. It is used on a nearly daily basis by fire departments from municipalities throughout the County as a valuable hands-on fire suppression training tool for their fire fighters.

Your Committee is further advised that the National Fire Protection Agency (NFPA) has Standards (NFPA 1402 Standards for Fire Training and Associated Props) to ensure structural fitness and safety for LIVE burn buildings. The existing smoke house has been inspected by engineers who recommend the building be replaced and not renovated again.

Your Committee is advised that design is complete. It is estimated that it will take approximately five (5) months for completion of the assembly and delivery of the pre-fabricated building.

Your Committee notes that your Honorable Board has previously authorized the County to issues bonds for a prior component of BES24 as follows: Bond Act No. 172-2023 in the amount of \$810,000 which funded design, special studies, and administrative reviews associated with the demolition of the existing smoke house and construction of a new smoke house fire training prop. No bonds have been issued under Bond Act No. 172-2023.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
