George Latimer
County Executive

March 31, 2023

Mr. John Woolley, Jr., P.E.
21 Deerfield Lane S
Pleasantville, NY 10570

Dear Mr. Woolley,

It is my pleasure to appoint you to serve as a member of the Westchester County Airport Advisory Board effective today, Friday, March 31, 2023. This appointment is for a term to expire on December 31, 2023.

Your appointment is subject to confirmation by the Westchester County Board of Legislators, but your service begins immediately. You must complete the attached Oath of Office within 30 days, either by appearing at the County Clerk's office or mailing the signed and notarized form to our office.

When you have filed your Oath of Office, a Resolution to confirm your appointment will be submitted to the County Board of Legislators. As part of the confirmation process, you may be called before the Board to be interviewed. Please contact the Department of Public Works & Transportation at (914) 995-2548 for the date, place, and time of the board's upcoming meeting for your participation.

Pursuant to Local Law, as a member of a Westchester County Board and/or Commission, you are responsible for adhering to the requirements of our Code of Ethics.

Warmest wishes for a successful tenure.

Very Truly Yours,

George Latimer
Westchester County Executive

Bio

JJ Woolley is a licensed professional engineer and ADCI-certified diver with over 12 years of underwater inspection and design experience consisting of bridges, bulkheads, platforms, barges, floating docks, fender systems and wastewater treatment plants consisting of steel, timber and concrete construction. He has managed and participated in commercial diving and construction operations for clients such as the NYSDOT, CTDOT, NYCEDC, PANYNJ, BPCA and NYCDOT. JJ's project experience consists of a wide array of assignments that have included hydrographic survey and dredge plan development, waterfront inspections, bulkhead construction, grading and site projects, roadway reconstruction, marine fender construction, and structural and protective pile encasements. Specialties include marine / waterfront construction, analysis, and design of waterfront structures, routine inspections, underwater construction inspections, and resident engineering.

JJ grew up on the Jersey Shore and moved to Manhattan in 2017 when he was working as a project manager in and around New York City. JJ moved to Pleasantville/ Mount Pleasant with his wife, Hannah in May 2020, and they have loved the town since then. Since, they have welcomed two daughters to their home, and they look forward to being involved members of the community, and preserving the peace and quiet that they loved, moving here when travel was substantially decreased due to the pandemic.

PROFESSIONAL WORK HISTORY SUMMARY:

Senior Engineer/ Professional-Engineer Diver/ Team Leader, McLaren Engineering Group, Woodcliff Lake, NJ; September 2018 to Present; Manage projects involving inspection, maintenance repairs, and marine construction throughout the United States. I lead a team of 6 divers and engineers to execute projects, maintain commercial diving equipment, commercial vessels, and survey equipment. Additional responsibilities include regular coordination of staff First Aid certification, serving as bridge inspection team leader for infrastructure inspections, and licensed vessel operator.

Project Manager; Walker Diving Underwater Construction, LLC, Hammonton, NJ/ New York, NY; July 2016 to September 2018; Communicate and collaborate with one other project manager to

directly oversee operations on diving projects and bidding for the northern New Jersey and New York City vicinity. Responsibilities include daily project direction, material procurement and inventory, contractor- client communication, reports, and estimation of underwater inspections, pile encasement projects, among others.

Assistant Project Manager; Walker Diving Underwater Construction, LLC, Hammonton, NJ/ New York, NY; June 2013 to June 2016; Assisted senior project management in bidding, management, and execution of long-term lump sum projects, and direct project management of smaller single-day to single-week diving projects. Project types included call-out diving projects at wastewater treatment plants, routine inspections and cleanings, and buoy removal and replacement.

Design Engineer/Diver, Birdsall Services Group, Inc., Eatontown, NJ; June 2010 to June 2013; Worked as part of a dynamic team to complete a wide array of projects to include hydrographic survey and dredge plan development, waterfront inspections, bulkhead construction, grading and site projects, roadway reconstruction, and marina reconfiguration. Performed underwater investigations and structural inspections of bridges, bulkheads, platforms and barges.
