

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a communication from the County Executive recommending approval of an act ("Act") which, if adopted, would authorize the County of Westchester ("County"), to apply for and enter into a grant agreement for funding from the Federal Aviation Administration ("FAA") for capital project A0133 – Rehabilitation of Taxiway "L" ("A0133"). The communication further recommends approval of an act which, if adopted, would authorize the County to amend its current-year capital budget for A0133 ("Capital Budget Amendment") as well as an a bond act drafted by the law firm Hawkins, Delafield & Wood, ("Bond Act") which would authorize the County to issue up to \$200,000 in bonds to finance A0133.

The proposed Capital Budget Amendment will amend the County's current-year capital budget to increase the appropriation for A0133 by \$4,000,000, comprised of a \$200,000 increase to Bonds and/or Notes and a \$3,800,000 increase to non-County shares. The Department of Public Works and Transportation ("Department") has advised that the Capital Budget Amendment is required so the County may apply for an FAA Airport Capital Improvement Program Entitlement grant which has become available in 2021.

The Bond Act, in the amount of \$200,000 would finance the cost of construction and construction management for the rehabilitation of Taxiway "L" between Runway 11/29 and Taxiway "C" at the Westchester County Airport.

The Act would authorize the County to apply for and enter into a grant with the FAA for the rehabilitation of Taxiway "L" from Runway 11/29 to Taxiway "C". The FAA has indicated it will fund up to 90% of A0133, resulting in a FAA grant in the amount of approximately \$3,600,000. Additionally, the New York State Department of Transportation ("NYSDOT") has indicated that it will fund up to 5% of A0133 resulting in a NYSDOT grant amount of approximately \$200,000. Consequently, a local share of 5% of the cost of A0133 will be

provided by the Airport Special Revenue Fund (“ASRF”) in the amount of approximately \$200,000.

The Department has advised that that the Taxiway “L” pavement being rehabilitated from Runway 11/29 to Taxiway “C” has reached the end of its useful life. Design has been completed by consultants. It is estimated that construction will take three months to complete and will begin after award and execution of construction contracts, subject to approval of construction financing by your Honorable Board.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQR document and concurs with this conclusion.

Your Committee has carefully considered this matter and has concluded that it is in the best interest of the County to adopt the Act to authorize the County to apply for and enter into a grant agreement with the FAA as well as adopt the act to amend the County’s current-year capital budget. Your Committee is advised that an affirmative vote of a majority of your Honorable Board is required to adopt the Act, while an affirmative vote of two-thirds of the members of this Honorable Board is required in order to amend the County’s Capital Budget, as well as to adopt the related Bond Act. In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the “Planning Board”) with respect to the physical planning aspects of the project. Accordingly, the Planning Board report for A0133 has been annexed hereto.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act may only be enacted following adoption of the Capital Budget Amendment.

Comments:

The Department is requesting a CBA to move \$4,000,000 forward from 2022 to 2021. The action being requested is legislation to apply for and enter into a grant agreement with the Federal Aviation Administration ("FAA") to rehabilitate Taxiway L from Runway 11/29 to Taxiway C. The FAA has indicated that it will fund up to 90% of this project, resulting in a grant in the amount of approximately \$3,600,000. Additionally, New York State Department of Transportation ("NYSDOT") has indicated that they will fund up to 5% of this project resulting in a grant amount of approximately \$200,000. Consequently, a local share of 5% of the cost of the project will be required, which will be provided by the Airport Special Revenue Fund ("ASRF") in the amount of approximately \$200,000. A Bond Act is being requested to fund the \$200,000.
