

**Kenneth W. Jenkins  
County Executive**

January 16, 2026

Westchester County Board of Legislators  
800 Michaelian Office Building  
White Plains, New York 10601

Dear Honorable Members:

I have been advised by the Commissioner of Environmental Facilities that the Town of Somers (the "Town") has requested, pursuant to the attached resolution of the Town, that the Peekskill Sanitary Sewer District (the "District") be modified to add two (2) parcels of property more particularly described as 0 Route 6, Sec. 4.20, Block 1, Lot 12; and Sec. 15.08, Block 1, Lot 4 (hereinafter the "Parcels") to the District, which Parcels are not currently in any County Sanitary Sewer District and have never been in any County Sewer District in the past.

I am advised that the feasibility report prepared by the Department of Environmental Facilities (the "Department") dated September 15, 2025 and attached hereto (the "Feasibility Report"), indicates that the proposed addition of the Parcels represents an increase of 0.75% to the Equalized Full Value of the District. Therefore, the addition of the Parcels will not cause significant changes in the tax rate of the District.

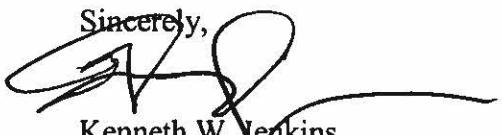

According to the Department, the proposal to add the Parcels is feasible because: 1) the matter was requested by the Town; 2) the facilities necessary to connect the Parcels to County facilities (i.e., gravity sewers) will be constructed at the total expense of the Town; 3) maintenance of the completed facilities will be the responsibility of the Town and not the District; 4) the Peekskill Water Resource Recovery Facility (the "Facility") has a design flow of 10 MGD and the present average daily flow is 6.1 MGD. The average daily flow the Parcels will generate after inclusion is 25,200 GPD. Therefore, the Facility and the County Trunk Sewer have sufficient capacity to accommodate the Parcels; 5) the subject expansion will not result in any significant effect on the tax structure of the District; and 6) the Parcels proposed to be added to the District are not now in any County sewer district and will be required to pay a surcharge over a ten year period.

As your Honorable Board knows, Laws of Westchester County ("LWC") Section 237.131 authorizes the alteration or change of a County Sanitary Sewer District. However, the Board of Legislators may only alter or change a district after it has held a public hearing after notice has been given by publication in such manner and for such time as the Board of Legislators shall direct. Therefore, attached hereto is a Resolution which will authorize the date and time of the public hearing.

Furthermore, LWC Sections 237.131 and 237.141 confer authority to determine what charges will be assessed against the Parcels. The Department recommends an aggregate surcharge of \$401,827.00 to be paid in each of ten equal annual installments of \$40,182.70, be assessed against the Parcels. This surcharge reflects capital costs incurred by the District from 1970 through 2025. This formula has been used in past legislation for parcels added to a sanitary sewer district.

Based on the above facts and the Feasibility Report provided by the Department, I respectfully recommend that your Board adopt a Resolution which will authorize Legal Notice for public hearing as required by the Laws of Westchester County in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the addition of the Parcels to the District.

Sincerely,

Kenneth W. Jenkins  
Westchester County Executive

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive in which the County Executive states that the Commissioner of Environmental Facilities has advised him that the Town of Somers (the “Town”) has requested, pursuant to the attached resolution of the Town, that the Peekskill Sanitary Sewer District (the “District”) be modified to add two (2) parcels of property more particularly described as 0 Route 6, Sec. 4.20, Block 1, Lot 12; and Sec. 15.08, Block 1, Lot 4 (hereinafter the “Parcels”), which Parcels are not currently in any County Sanitary Sewer District and have never been in any County Sewer District in the past.

Your Committee is informed that the feasibility report prepared by the Department of Environmental Facilities (the “Department”) dated September 15, 2025 and attached hereto (the “Feasibility Report”), indicates that the proposed addition of the Parcels represents an increase of 0.75% to the Equalized Full Value of the District. Therefore, the addition of the Parcels will not cause significant changes in the tax rate of the District.

According to the Department, the proposal to add the Parcels is feasible because: 1) the matter was requested by the Town; 2) the facilities necessary to connect the Parcels to County facilities (i.e., gravity sewers) will be constructed at the total expense of the Town; 3) maintenance of the completed facilities will be the responsibility of the Town and not the District; 4) the Peekskill Water Resource Recovery Facility (the “Facility”) has a design flow of 10 MGD and the present average daily flow is 6.1 MGD. The average daily flow the Parcels will generate after inclusion is 25,200 GPD. Therefore, the Facility and the County Trunk Sewer have sufficient capacity to accommodate the Parcels; 5) the subject expansion will not result in any significant effect on the tax structure of the District; and 6) the Parcels proposed to be added to

the District are not now in any County sewer district and will be required to pay a surcharge over a ten year period.

Your Committee notes that Section 237.131 of the Laws of Westchester County (“LWC”) authorizes the alteration or change of a sewer district. However, your Honorable Board may only alter or change the district after it has held a public hearing after notice has been given by publication in such manner and for such time as the Board shall direct. Therefore, attached hereto is a Resolution, which, if adopted by your Honorable Board, would authorize the date and time of the public hearing. Your Committee recommends adoption of said Resolution.

Furthermore, LWC Sections 237.131 and 237.141 confer authority to determine what charges, if any, will be assessed against the Parcels. Your Committee has been informed that the Department recommends that an aggregate surcharge of \$401,827.00 to be paid in each of ten equal annual installments of \$40,182.70, be assessed against the Parcels. This surcharge reflects capital costs incurred by the District from 1970 through 2025. This formula has been used in past legislation for parcels added to a sanitary sewer district.

The Planning Department has advised that the request to be included in the District is a component of a residential townhouse development project, known as Trailside Estates. Pursuant to the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (“SEQR”), the Town Planning Board classified the overall development project as a Type I action, served as lead agency, conducted coordinated review and issued a Negative Declaration for the project on February 13, 2025. Since the County was included as an involved agency in the coordinated review process, then, in accordance with Section 617.6(b)(3), no further environmental review is required by the County for the proposed sewer district modification.

Your Committee has reviewed the attached SEQR documentation prepared by the Planning Department and concurs with this conclusion.

It should be noted that a vote of not less than a majority of the voting strength of the Board of Legislators is required to pass this Act.

Based on the above facts and the Feasibility Report prepared by the Department, your Committee concurs with the recommendation of the County Executive and recommends that your Honorable Board adopt the annexed Resolution which will authorize publication of the Legal Notice for the public hearing as required by the Laws of Westchester County in such matters, and, after such hearing, urges your Honorable Board to adopt the annexed Act which accomplishes the addition of the Parcels to the District.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR PEEKSKILL SANITARY SEWER DISTRICT EXPANSION – 0 ROUTE 6, SOMERS**

In response to your request, the Planning Department has reviewed the above referenced action with respect to the State Environmental Quality Review Act and it's implementing regulations 6 NYCRR Part 617 (SEQR).

The proposed expansion of the County's Peekskill Sanitary Sewer District to add two parcels located in the Town of Somers (Tax Map ID 4.20-1-12 and 15.08-1-4) is a component of a residential townhouse development project, known as Trailside Estates.

Pursuant to SEQR, the Town of Somers Town Board classified the overall project as a Type I action, served as lead agency, conducted coordinated review and issued a Negative Declaration for the project on February 13, 2025. Since the County was included as an involved agency in the coordinated review process, then, in accordance with section 617.6(b)(3), no further environmental review is required by the County for the proposed sewer district modification.

COUNTY OF WESTCHESTER

DEPARTMENT OF ENVIRONMENTAL FACILITIES

September 15, 2025

FEASIBILITY REPORT  
IN THE MATTER OF

THE ENLARGEMENT FOR A CERTAIN PROPERTY

IN THE

PEEKSKILL SANITARY SEWER DISTRICT

TOWN OF SOMERS

Vincent F. Kopicki, P.E.  
Commissioner  
Environmental Facilities

The Town of Somers has petitioned that two (2) properties currently not included in the Peekskill Sanitary Sewer District be added to the Peekskill Sanitary Sewer District.

A. The identification of the property not currently within the boundaries of the Peekskill Sanitary Sewer District and to be added is contained in the attached Resolution prepared by the Town Clerk, Town of Somers. Said properties are not currently in any County Sanitary Sewer District, and has never been in any County Sewer District in the past. The properties are known as 0 Route 6, designated as Section 4.20, Block 1, Lot 12, and Section 15.08, Block 1, Lot 4.

**B. EFFECT ON SEWER DISTRICT TAX RATE:**

Full Equalized Valuations, which are assessed values adjusted for equalization rates, form the basis on which the sewer district tax levies are apportioned by the County Board of Legislators. The following are the full equalized valuations in the 2025 tax levy pertinent to the subject property:

Full Value of District

<u>CITIES/TOWNS</u>	<u>ASSESSED VALUE</u>	<u>EQ. PERCENT</u>	<u>FULL VALUE</u>
Cortlandt	\$ 15,089,194	1.18%	\$1,278,745,254
Peekskill	123,943,198	2.37	5,229,670,801
Somers	34,606,268	9.78	353,847,321
Yorktown	52,874,476	1.77	2,987,258,531
Total			\$ 9,849,521,908
(Town of Somers) Total Value of the parcel to be added			+ <u>74,150,000</u>
Total Full Value of District as Amended:			\$ 9,923,671,908

\* represents a 0.75% increase in the FEV of the District

C. The Surcharge Calculation for the properties which is not now in a County Sewer District and is proposed for inclusion in the Peekskill Sanitary Sewer District is as follows:

If:  $e$  = added area's share in District equity or surcharge amount;

$A$  = added area's f.e.v., 2025 Rolls

$D$  = District f.e.v., 2025 rolls, before proposed additions

and  $E$  = District equity in existing facilities or the total of debt service and advances from district levies to pay the capital costs of those facilities, for the period 1970 through 2025.

Then:  $e = \frac{A}{D+A} \times E$

$$e = \frac{74,150,000}{9,849,521,908 + 74,150,000} \times 53,577,052$$

$$e = \frac{74,150,000}{9,923,671,908} \times 53,577,052$$

$$e = 0.0075 \times \$53,577,052$$

$$e = \$401,827.89 \text{ (rounded to } \$401,827.00 \text{)}$$

and: in each of 10 annual installments, a total surcharge of \$40,182.70 is to be collected from the added property and credited to the remaining properties of all Municipalities in the District, in each of the ten years.

D. Summary and Recommendations.

The proposed Peekskill Sanitary Sewer District Addition is feasible because:

1. The matter was requested by the Town of Somers.
2. The facilities necessary to connect the property to County facilities (i.e. Gravity Sewers) will be constructed at the total expense of the Town of Somers.
3. Maintenance of the completed facilities will be the responsibility of the Town of Somers but not the Peekskill Sanitary Sewer District.
4. The Peekskill Water Resource Recovery Facility has a design flow of 10 MGD and the present average daily flow is 6.1 MGD. The average daily flow the parcel will generate is 25,200 gallons per day. The Facility and the County Trunk Sewer have sufficient capacity to accommodate this property.
5. The subject expansion will not result in any significant effect on the tax structure of the district.
6. The Territory proposed to be added to the Peekskill Sanitary Sewer District is not now in any County Sewer District and will be required to pay a surcharge over a ten year period.

**RESOLUTION NO. 2026 –**

**RESOLVED**, that this Board hold a public hearing on the proposed modification to the Peekskill Sanitary Sewer District by the addition of two (2) parcels of property located in the Town of Somers, more particularly described as 0 Route 6, Sec. 4,20, Block 1, Lot 12; and Sec. 15.08, Block 1, Lot 4, pursuant to Section 237.131 of the Laws of Westchester County. The public hearing will be held at \_\_\_\_\_ P.M. on the \_\_\_\_\_ day of \_\_\_\_\_, 2026 in the Chambers of the Board of Legislators, 8th Floor, Michaelian Office Building, White Plains, New York. The Clerk of the Board shall cause notice of the time and date of such hearing to be published at least once in one or more newspapers published in the County of Westchester and selected by the Clerk of the Board for that purpose in the manner and time required by law. Such Notice shall be substantially in the form attached hereto.

**PUBLIC NOTICE**

NOTICE OF HEARING: MODIFICATION TO THE PEEKSKILL SANITARY SEWER DISTRICT BY THE ADDITION OF TWO (2) PARCELS OF PROPERTY IN THE TOWN OF SOMERS; NOTICE IS HEREBY GIVEN THAT A PUBLIC HEARING WILL BE HELD BY THE BOARD OF LEGISLATORS OF WESTCHESTER COUNTY ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2026 AT \_\_\_\_\_ P.M. IN THE CHAMBERS OF THE WESTCHESTER COUNTY BOARD OF LEGISLATORS, 8TH FLOOR, 148 MARTINE AVENUE, WHITE PLAINS, NEW YORK FOR THE PURPOSE OF HEARING PERSONS OR PARTIES INTERESTED IN THE PROPOSED ADDITION TO THE PEEKSKILL SANITARY SEWER DISTRICT OF LAND IN THE TOWN OF SOMERS IN ACCORDANCE WITH THE FEASIBILITY REPORT OF THE COMMISSIONER OF ENVIRONMENTAL FACILITIES, DATED SEPTEMBER 15, 2025, OF THE PARCELS LISTED BELOW BY STREET ADDRESS, IF ANY, AND TAX MAP DESIGNATION.

0 ROUTE 6, SEC. 4.20, BLOCK 1, LOT 12; and

SEC. 15.08, BLOCK 1, LOT 4

A COPY OF THE REPORT AND MAP PREPARED BY THE COMMISSIONER OF ENVIRONMENTAL FACILITIES IS ON FILE IN THE OFFICE OF THE CLERK OF THE BOARD OF LEGISLATORS AND MAY BE INSPECTED THERE BY ANY INTERESTED PARTY DURING BUSINESS HOURS.
