Comments:

A capital budget amendment in the amount of \$2,500,000 is requested and shown under review to fund the increase in costs associated with this project. Due to the length of time that has transpired since the project's initial inception and our previous request for funding in 2023, construction costs have increased dramatically resulting in the project cost exceeding its budget. Additional funds are needed to accommodate the subsequent increase in costs associated with construction and construction management.

Energy Efficiencies:

INSTALLATION OF SOLAR PANELS WILL PROVIDE A RENEWABLE ENERGY SOURCE WHILE REDUCING CARBON EMISSIONS AND RESULT IN REDUCED ENERGY COSTS.
