

RESOLUTION 100 - 2021
(BOND) ACT 84 - 2021

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a communication from the County Executive recommending the enactment of the following:

Land Purchase and Conveyance. An Act (the “Land Acquisition Act”) to authorize the purchase and subsequent conveyance of approximately +/- 2.26 acres of real property located at 1 Dromore Road (the “Property”) in the Town of Greenburgh (the “Town”) to WB Edgemont LLC, its successors or assigns, (the “Developer”) as part of the County’s program to support the creation of housing units that affirmatively further fair housing (the “Affordable AFFH Units”). The Land Acquisition Act also authorizes the County to grant and accept any property rights necessary in furtherance thereof.

Acquisition Financing. A New Homes Land Acquisition Bond Act (the “NHLA Bond Act”), prepared by the firm of Hawkins Delafield & Wood LLP, to authorize the issuance of bonds of the County in a total amount not to exceed \$3,825,000 as a part of Capital Project BPL30 New Homes Land Acquisition II. The Department of Planning (“Planning”) has advised that subject to the receipt of approval of your Honorable Board, the proposed NHLA Bond Act will authorize an amount not to exceed \$3,825,000 to purchase the Property from the current owner to create forty-five (45) Affordable AFFH Units for rental including one superintendent’s unit.

Upon acquisition, the County will file a Declaration of Restrictive Covenants against the Property, to require that the proposed Affordable AFFH Units be marketed and leased in accordance with an approved affordable fair housing marketing plan to households who earn at or below 40% and up to 80% of the Westchester County area median income and will remain affordable for a period of not less than 50 years.

In accordance with the Land Acquisition Act, the County will subsequently convey the Property to WB Edgemont LLC. (the “Developer”), its successors or assigns, for ONE (\$1.00) DOLLAR to construct the forty-five (45) Affordable AFFH Units including one superintendent’s unit. The

Developer will construct a new four-story building with ninety-six (96) parking spaces for use by the residents.

As your Honorable Board is aware, no action may be taken with regard to the proposed legislation until the requirements of the State Environmental Quality Review Act ("SEQRA") have been met. Planning has advised that on March 20, 2013, the Town of Greenburgh Planning Board, as Lead Agency, issued a Negative Declaration for the project. However, the Town did not include the County as an involved agency in its SEQRA review, therefore, the County must make its own determination of significance to fulfill the requirements of SEQRA. The proposed Development is an Unlisted action pursuant to 6 NYCRR 617.6(b)(3) of the SEQRA implementing regulations. A Short Environmental Assessment form has been prepared by Planning to assist your Honorable Board in complying with SEQRA. As you know, your Honorable Board may use such expert advice to reach its own conclusion. A copy of Planning's analysis is attached. A Resolution determining that the proposed action will not have a significant adverse impact on the environment is transmitted herewith for your review and approval. In making its review, your Honorable Board must approve the Resolution prior to enacting the NHLA Act.

Your Committee has been advised that on January 5, 2021, the Westchester County Planning Board (the "Planning Board") adopted Resolution No. 21-01 that recommends funding for the purchase and conveyance of the Property. Section 167.131 of the County Charter mandates that a Capital Budget Amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied by a report of the Planning Board with respect to the physical planning aspects of the project. Accordingly, the necessary Planning Board report for BPL30 has been annexed. In addition, the report of the Commissioner of Planning is annexed pursuant to Section 191.41 of the Westchester County Charter.

Based on the importance of creating more affordable AFFH units in the County, your favorable action on the annexed Acts is respectfully requested, noting that the Land Acquisition Act and the NHLA Bond Act require the affirmative vote of two-thirds of the members of your Honorable Board. The Resolution determining that the proposed action will not have a significant adverse

impact on the environment requires a simple majority of the members of your Honorable Board to be adopted.

DATE: April 16, 2021

SUBJECT: Acquisition of Real Property – 1 Dromore Road, Town of Greenburgh

Pursuant to Section 191.41 of the County Charter, submitted herewith is the required report of the Commissioner of Planning on the proposed acquisition and subsequent conveyance of +/- 2.26 acres of real property located at 1 Dromore Street in the Town of Greenburgh, identified on the Town tax maps as Section 31, Block 1692, Lots 14A, 70A, 70B & 70C (the "Property") for the purpose of creating 45 affordable housing units (the "Affordable AFFH Units"), including one superintendent's unit that will affirmatively further fair housing ("AFFH"). The development will also provide approximately 96 parking spaces for residents.

The County of Westchester ("the County") intends to finance the purchase of the Property from the current owner in an amount not to exceed \$3,825,000 as a part of Capital Project BPL30 New Homes Land Acquisition II. Upon acquisition of the Property, the County will file a Declaration of Restrictive Covenants to require that the Affordable AFFH Units are marketed and leased in accordance with an approved affirmative fair housing marketing plan and will remain available to eligible households for a period of not less than 50 years. The County will then convey ownership of the Property to WB Edgemont LLC (the "Developer"), its successors or assigns, for One Dollar (\$1.00).

The Developer proposes to construct a new four-story building on the Property that will include a mix of affordable one and two bedroom rental apartments that will be leased to households who earn at or below 40% and up to 80% of the area median income (collectively the "Development").

I recommend funding for acquisition and conveyance of the Property for the following reasons:

1. The acquisition of this Property will advance the County's efforts to provide fair and affordable housing;
2. The acquisition and subsequent conveyance of the Property to develop fair and affordable housing is consistent with development policies adopted by the County Planning Board as set forth in *Westchester 2025 - Context for County and Municipal Planning in Westchester County and Policies to Guide County Planning*, adopted May 6, 2008, and amended January 5, 2010, and the recommended strategies set forth in *Patterns for*

Westchester: The Land and the People, adopted December 5, 1995;

3. The Development is proposed to include green technology, such as energy efficient appliances, lighting and heating systems and water conserving fixtures. A solar array will both help to reduce electric consumption. The Development is designed to meet the green building standards of both LEED v4 and Energy Star v3.1 Tier II.;
4. The Development is consistent with the land use policies and regulations of the Town of Greenburgh; and
5. On January 5, 2021, the County Planning Board adopted a resolution to recommend County financing towards the purchase the Property to support the Development.

NOW, THEREFORE, be it resolved by the County Board of Legislators of the County of Westchester, State of New York, as follows:

RESOLVED, that based upon the Honorable Board's review of the Short Environmental Assessment Form and for the reasons set forth therein, this Board finds that there will be no significant adverse impact on the environment from the purchase of approximately +/- 2.26 acres of real property at 1 Dromore Road in the Town of Greenburgh in support of the construction 45 affordable rental units including one superintendent's unit which will affirmatively further fair housing; and be it further

RESOLVED, that the Clerk of the Board of Legislators is authorized and directed to sign the “Determination of Significance” in the Short Environmental Assessment Form, which is attached hereto and made a part hereof, as the “Responsible Officer in Lead Agency”; to issue this “Negative Declaration” on behalf of this Board in satisfaction of SEQRA and its implementing regulations; and to immediately transmit same to the Commissioner of Planning to be filed, published and made available pursuant to the requirements of of 6 NYCRR part 617; and be it further

RESOLVED, that the Resolution shall take effect immediately.

SUBJECT: **STATE ENVIRONMENTAL QUALITY REVIEW FOR
BPL30 NEW HOMES LAND ACQUISITION II
1 DROMORE ROAD, TOWN OF GREENBURGH**

Pursuant to your request, Environmental Planning staff has reviewed the above referenced project in connection with the State Environmental Quality Review Act and its implementing regulations, 6 NYCRR Part 617 (SEQR).

The action involves the provision of County funding under capital project BPL30 - New Homes Land Acquisition II (ID# 1627) - to facilitate the acquisition and transfer of approximately 2.26 acres of property at 1 Dromore Road in the Town of Greenburgh to a developer who will create 45 units of rental housing that affirmatively furthers fair housing. The development will include one 4-story building and 96 onsite parking spaces.

Pursuant to SEQR, the Town of Greenburgh Planning Board classified the project as an Unlisted action, conducted an environmental review and issued a Negative Declaration for the project on March 20, 2013. However, since the County of Westchester was not included as an involved agency in the Town Planning Board's review, the County must conduct its own environmental review. As such, a Short Environmental Assessment Form is attached for consideration by the Board of Legislators. Also attached is the original Environmental Assessment Form and Negative Declaration that was adopted by the Town Planning Board.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed multifamily housing development will not have a significant impact on the environment. The project site is surrounded by existing development, which includes a condominium complex to the west, parking lots for a nature center to the north, a convent to the east and school ballfields to the south. The property was previously developed with a residence and much of the site had been cleared. Much of the project will be cut and fill and no construction will occur on slopes greater than 15%.

The project minimizes impervious surfaces by incorporating some of the parking under the building and utilizing porous grass-crete for portions of the remaining surface parking. The development will also include a green roof over the lobby area to reduce runoff. Stormwater runoff will be managed using an underground infiltration system with hydrodynamic structures and isolator rows to provide water quality treatment.

Although more than 70 trees will need to be removed to accommodate the development, many of the trees along the perimeter of the property will be preserved and new plantings will be added to offset tree loss and provide additional screening.

For these reasons and the reasons more fully described in the Negative Declaration issued by the Town of Greenburgh Planning Department in connection with its site plan, special permit and tree removal permit approvals, this project will not have a significant impact on the environment.

The project will benefit the community by providing much needed workforce housing.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Overall Project Description

This is a continuation of project BPL10 New Homes Land Acquisition Fund (NHLA). NHLA provides funds to acquire property for the construction of fair and affordable housing. The purpose of the Fund is to increase the inventory of available properties for fair and affordable housing development. In addition to the acquisition cost of properties, other costs associated with, and often required for, site acquisition may be considered eligible costs to be funded through the NHLA program. Such associated costs may include, but are not limited to, closing costs, appraisals, property surveys, environmental assessments, hazardous materials reports and demolition of existing structures. Demolition may be particularly critical in the County's urban areas where existing structures need to be removed to allow construction of fair and affordable units. Funds can be used in all municipalities. This is a general fund, specific projects are subject to a Capital Budget Amendment.

Executive Summary
1 Dromore Road
Scarsdale (Town of Greenburgh), New York 10583

Development:	1 Dromore Road Scarsdale (Town of Greenburgh), New York 10583
Applicant:	WB Edgemont LLC C/O Wilder Balter Partners, Inc. 480 Bedford Road Chappaqua, New York 10514
Development Overview:	<p>WB Edgemont LLC, its successors or assigns, (the “Developer”) proposes to construct a new building on the approximately 2.26 acre site at 1 Dromore Road in the Town of Greenburgh (the “Property”). This Developer will construct a new four-story building that will have 45 units with approximately 96 parking spaces (the “Development”).</p> <p>The Development will include 7 one-bedroom and 38 two-bedroom units. All 45 of the units will be available to eligible households that earn at or below 40% and up to 80% of Westchester County Area Median Income (“AMI”); and all of the units will affirmatively further fair housing (“AFFH”) (collectively the “Affordable AFFH Units”). One unit will be a superintendent’s unit. The Development will also include a community room, lounges on each floor, fitness room and on-site laundry services. Approximately 96 parking spaces will be constructed on-site for the exclusive use of the residents, 46 of these spaces will be under the building while the remainder will be in a surface lot.</p> <p>The Development site, which is wooded and vacant, does not have any known environmental issues. A Phase I environmental study was completed by the Developer and does not call for any further investigation. With no environmental remediation, construction of the new 4-story building with a total of approximately 46,500 square feet can commence once all the financing is in place. Approximately 50% of the Development site will remain as undisturbed open space.</p> <p>The Development site was the subject of litigation that began in 2007 when the Town of Greenburgh (“Town”) rezoned the site such that a multifamily development was not a permitted use. The owner of the Development site, S & R Development Estates LLC (“S&R”), filed an Article 78 court proceeding against the Town regarding this rezoning and another rezoning that occurred in 2012. In 2015, the courts ruled in favor of S&R and ordered that the Town retain the original zoning for the Development site. Subsequently, in 2016, the Town Planning Board approved the site plan, special permit and tree removal application. The Developer is in contract to purchase the Development site from S&R.</p> <p>The Development will be constructed with energy efficient appliances, lighting and heating systems and water-conserving fixtures to reduce operating and maintenance costs, minimize energy consumption and conserve natural resources. A solar array will provide a large portion of the electric needs. The Development is designed to meet the green building standards of both LEED v4 and Energy Star v3.1 Tier II.</p>

Executive Summary

To support the creation of the Affordable AFFH Units, Westchester County (the “County”) will provide a total not to exceed amount of \$3,825,000 through Capital Project BPL30 New Homes Land Acquisition II (“NHLA II”) to fund a portion of the acquisition costs.

The County will file a Declaration of Restrictive Covenants to require that the Affordable AFFH Units be marketed and leased pursuant to an approved affirmative fair housing marketing plan to households earning at or below 40% and up to 80% of AMI and will remain affordable for a minimum of 50 years. The average affordability of the units will be approximately 59.11% of AMI.

The Development is finalizing its financing with New York State Homes and Community Renewal, and will likely be funded with an allocation of federal low income housing tax credits, HTFC subsidy loan, and a conventional bank loan. The Development will also benefit from NYSERDA funding. The estimated total Development cost is estimated to be approximately \$22.326 million.
