Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,009,000 to finance the following capital project:

CC106 - Technology Upgrade On-Campus 2022/23-2026/27 ("CC106").

The Bond Act, in the amount of \$1,009,000, would finance the County's approximately 50% share of technology upgrades on campus at the Westchester Community College ("College"), including replacements for College's personal computers, laptops, tablets, test equipment, printers, scanners, phone system, routers, keyboard video mouse, consoled management system, firewalls, academic technology initiatives, wireless enhancement, digital signage, firewall replacement, Network Access Controller AC security replacement equipment, expansion of tablet and mobile device technology.

The College has advised that it is essential to purchase new computer hardware equipment for the college community.

The College has advised that the total amount appropriated for CC106 is \$2,018,000. This bond request in the amount of \$1,009,000, represents the County's 50% share of CC106. The remaining 50% will be funded by New York State.

Following bonding authorization, it is anticipated that CC106 will take 24 months to complete. It is anticipated that the work will be completed by in-house staff.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Kenneth W. Jenkins
