

## (BOND) ACTS 227, 228 - 2025

Reference: BPL26 (Unique ID# 2982)

### **THE HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER**

Your Committee is in receipt of a transmittal from the County Executive recommending approval of legislation, which, if approved by your Honorable Board, will authorize the County of Westchester ("County") to do the following in connection with a component of capital project BPL26 Flood Mitigation ("BPL26"), pursuant to the proposed acts, as follows:

1) a bond act (the "Bond Act"), which if adopted, would authorize the County to issue up to \$1,500,000.00 in bonds of the County to finance a component of capital project BPL26 - Flood Mitigation ("BPL26").

Your Committee is advised that the Bond Act, prepared by the law firm of Hawkins Delafield & Wood LLP, in the amount of \$1,500,000.00, would fund the County's share of costs associated with design of this flood mitigation project included in the New York and New Jersey Harbor and Tributaries Focus Area Feasibility Study prepared by the U.S. Army Corps of Engineers (USACE). The County is in the process of entering into an agreement with USACE, for a term from September 1, 2025 through December 31, 2030, whereby the County would partially fund USACE's design of the of Hudson Raritan Estuary – Garth Woods/Harney Road Ecosystem Restoration Project on the Bronx River. Under the Agreement the estimated design cost of the project is \$4,000,000.00, of which \$2,600,000.00 will be 100% federally funded and the County's cost share of such costs will be \$1,400,000. The remaining \$100,000 in bonds of the County will be used to finance the County's administrative costs to be incurred in connection with this project's design.

Your Committee is advised that in 2011, your Honorable Board enacted the Westchester County Storm Water Management Law ("SWML") to assist municipalities with storm water management (flood mitigation). *See* Laws of Westchester County Chapter 241, Article III-A, Sections 241.252-241.260. The SWML provides for the evaluation of flooding within the County through preparation of watershed "reconnaissance plans", and the SWML

authorizes County cooperation with municipalities, including funding assistance, to improve storm water management and reduce flooding.

By Act No. 134-2014, your Honorable Board approved the Stormwater Reconnaissance Plan for the Bronx River Watershed.

It should be noted that since BPL26 is a “general fund” project, specific components are subject to a Capital Budget Amendment. Section 1 of the Bond Act authorizes an amendment to the County’s Capital Budget to the extent the project scope is inconsistent with any details set forth in the current Capital Budget. Accordingly, the Bond Act, in addition to authorizing the issuance of bonds for this project, will also amend the 2025 Capital Budget to reflect the specific location of this project component.

2) a bond act (the “Rescinding Bond Act”), which if adopted by your Honorable Board, would authorize the County to rescind a bond act previously adopted by your Honorable Board for design of a similar project in the same area.

On September 20, 2021, by Bond Act No. 156 - 2021, your Honorable Board authorized the County to issue up to \$250,000.00 in bonds of the County to finance a component of capital project BPL40 – Stormwater Management – Various County Facilities II (“BPL40”). Bond Act 156 – 2021 was to fund the design of a project to mitigate flooding along the Bronx River Parkway in the Village of Scarsdale, by reconnecting the river to the grassed floodplain on the west side of the southbound lane of the parkway just north of Strathmore Road, identified in the Bronx River Corridor Study and Plan prepared in 2020 for the County Soil and Water Conservation. No bonds have been issued under Bond Act No. 156 - 2021.

The Department of Planning would like to withdraw its request for funding for this project since the County, in partnership with USACE, will be funding the design costs for this project under BPL26. Accordingly, the Rescinding Bond Act, if approved by your Honorable Board will rescind Bond Act No. 156 – 2021 in its entirety.

The Department of Planning has advised your Committee that based on its review, the above referenced BPL26 capital project has been classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6

NYCRR Part 617. Therefore, no further environmental review is required. Your Committee has reviewed the annexed SEQRA documentation and concurs with this conclusion.

In addition, section 167.131 of the County Charter mandates that a Capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the "Planning Board") with respect to the physical planning aspects of the project. Accordingly, the Planning Board Report for BPL26 is annexed.

Please note that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the bond acts.

Based on the importance of this project to the County, your Committee recommends favorable action on the annexed bond acts.
