

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmission from the County Executive recommending approval by the County of Westchester (“County”) of an act amending the County’s current-year capital budget (“Capital Budget Amendment”), as well as adoption of a related amended bond act (“Amended Bond Act”) which, if adopted, will authorize the County to issue a total amount of \$7,850,000, which includes \$150,000 in previously authorized bonds of the County to finance capital project RKD02 – Kensico Dam Plaza Storage Building (“RKD02”).

Your Committee is advised that the Capital Budget Amendment will amend the County’s capital budget to increase the County share for RKD02 by \$2,200,000. The Department of Parks, Recreation and Conservation (“Department”) has advised that the Capital Budget Amendment is required to provide funds for additional work determined to be necessary during the design process, including a larger size building, addition of solar panels, additional stormwater retention features and due to cost escalation.

The related Amended Bond Act in the total amount of \$7,850,000 was prepared by the law firm Hawkins, Delafield & Wood would finance the cost of additional design, construction and construction management in connection with the construction of a new maintenance building and outdoor storage area at the County’s Kensico Dam Plaza.

The Department has advised that due to the increased popularity of the park resulting in higher daily attendance, the existing maintenance and storage facilities have become inadequate. The new maintenance building and outdoor storage area will provide for offices, indoor vehicle/equipment storage areas, work shop area, fuel dispensers and tanks, employee parking, outdoor storage yard, landscaping and other associated site work.

Design is currently being undertaken by a consultant and is expected to be completed by the fourth quarter of 2023. It is estimated that construction will take eighteen months to complete and will begin after award and execution of the construction contracts.

It should be noted that your Honorable Board has authorized the County to issue bonds for RKD02 as follows: Bond Act No. 140-2013 in the amount of \$150,000 to finance design in connection with RKD02. These bonds have not been sold. Accordingly, it is now requested that Bond Act No. 140-2013 be amended to increase the amount authorized by \$7,700,000, for a total authorized amount, as amended, of \$7,850,000, to revise the scope of Bond Act No. 140-2013 to include work associated with the construction phase of RKD02, and to increase the period of probable usefulness of said bonds.

The Planning Department has advised your Committee that based on its review, RKD02 has been classified as an "Unlisted" action under the State Environmental Quality Review Act ("SEQR"). A Resolution, and proposed Negative Declaration, along with an Environmental Assessment Form, prepared by the Planning Department, are attached to assist your Honorable Board in complying with SEQR. Upon review, your Committee concludes that the proposed action will not have any significant impact on the environment and recommends the adoption of the Resolution adopting the Negative Declaration. As you know, a determination of significance must be made prior to enacting the aforementioned Bond Act

The Planning Department has advised your Committee that the Planning Board has previously reviewed RKD02 and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Amended Bond Act, and recommends approval of both of the proposed Acts, noting that the Bond Act can only be enacted following adoption of the Capital Budget Amendment. It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Bond Act.

RE: **Capital Budget Amendment –
RKD02 Kensico Dam Plaza Storage Building**

The County Executive is requesting an amendment to the 2023 Capital Budget to modify the funding of the above project. Capital project RKD02 Kensico Dam Plaza Storage Building will fund the design, construction management, and construction of an outdoor storage area including a work shop, storage yard and fuel dispensers.

A Capital Budget Amendment in the amount of \$2,200,000 is being requested to provide additional funding to address additional work determined during design including a larger size building, addition of solar panels, additional stormwater retention and cost escalation. This project was classified as a PL2HP, a project with physical planning and historic preservation aspects in the 2014 Report on the Capital Project Requests adopted August 6, 2013.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.
