I. ITEMS FOR DISCUSSION

1. [ACT-2021-12](#) IMA-Prisoner Transportation-Yonkers

AN ACT authorizing the County to enter into an Intermunicipal Agreement with the City of

Yonkers in order to provide reimbursement for prisoner transportation to the Westchester County Jail. (formerly MT # 13085)

Joint with PS

Guests: Warden Vollmer and Bill Fallon - Department of Corrections

Warden Vollmer and Bill Fallon from the Department of Corrections came before the committee to discuss item # 2021-7 -IMA Prisoner Transport – Yonkers. This is an Act that would authorize the County to enter into an intermunicipal agreement (IMA) with the City of Yonkers in order to reimburse a not-to-exceed amount of \$552,117 for a term beginning January 1, 2020 through December 31, 2021. This IMA will reimburse the City Of Yonkers for the costs it incurs in transporting prisoners who have been arraigned to and from Yonkers and the Westchester County Jail. The reimbursements will be a flat monthly rate of \$34, 791.50 for the month of January and February 2020 and a 60% reduced rate of \$20,874.90 for the months March through July 2020 for a total cost of \$173,957.50. The rate will all include expenses related to transportation of prisoners. The reimbursements for the period of August 2020 through December 31, 2021 for round trip transportation will be based on the per hour labor cost of Detention Officers which is \$50 per hour per Officer with a maximum of 2 Officers per trip. Yonkers will also be reimburse for vehicle usage at a rate of \$.58 per mile which is approximately 16 miles each way. Warden Vollmer explained that originally this agreement was reimbursed by flat rate. He explained that due to COVID and the Bail Reform, they have changed the reimbursement accordingly. Legislator Maher asked would be possible for the Department be able to use Correction Officers instead of the Detention Officers from Yonkers? Warden Vollmer stated that if they used DOC they would have to keep those Officers on even if they did not transport any prisoners. The way the IMA is set up they will only pay for the actual transport. Legislator Maher asked if he could have the number of pickups/drop-offs for Yonkers detainees from January 2018 to date and the costs. The Department will forward the information to the committee.

On motion of Legislator Maher, seconded by Legislator Boykin, the above item was signed by committee. The motion carried by the following vote:

Aye: Legislator Borgia, Legislator Barr, Legislator Boykin, Legislator Cunzio, Legislator Gashi, Legislator Johnson, Legislator Maher, Legislator Parker, Legislator Tubiolo, Legislator Walter, Legislator Williams and Legislator Woodson-Samuels

Guests: Commissioner Kopicki & Marian Pompa - Department of Environmental Facilities

Commissioner Kopicki and Marian Pompa from the Department of Environmental Facilities came before the committee to discuss items # 2021- 12/13- Sewer Modifications – Add 1 Parcel – Briarcliff Manor; items # 2021-15/17 – Add 4 Parcels- Briarcliff Manor. This Village of Briarcliff Manor the return of 1 property (43 Chappaqua Road) to the Saw Mill Sewer District and 4 properties (64 Sleepy Hollow Road; 131 Cedar Drive East; 190 Long Hill Road; and 22 Cedar Drive) to the Ossining Sewer District. Mr. Pompa discussed the items all together. He explained that all properties are being returned to the sewer districts. The return of these properties represent no impact on the tax structure or impact on the flow to either district. Sewers have been built to accommodate these properties. At the time of removal, they were

not able to accommodate. Chair Walter of the Environment and Health Committee asked when they are removed from the district is it because they are on septic or just not paying? Mr. Pompa explained it is because they are on septic and there was no public sewer line for them to connect to. She asked why did they asked to be removed. Mr. Pompa explained that at the time, the Village had no intention of adding these properties to the public sewer lines, he went on to explain that there was a huge purge of properties from the district. Chair Borgia of the Budgets & Appropriation committee added that there's a philosophy, that everyone should pay taxes because it is a general benefit of society, and people have to ask to be removed. But there was this big purge that happened in Ossining and in Cortlandt. As communities changed, and there are more opportunities, it is better for the homeowner to be on sewer. Legislator Covill asked if they have to notify the District about how much flow they will be adding, Mr. Pompa and Mr. Kopicki both explained yes, they do need to notify us reading the flow.

AN ACT authorizing the County to retain, at County expense, the law firm of Tulis & Geiger LLP to serve in an "of counsel" capacity to the County Attorney, as needed, in connection with ACME Bus Corp. v. Westchester County Department of Health.

Submitted by COMMITTEES ON BUDGET & APPROPRIATIONS AND LAW & MAJOR CONTRACTS

Joint with LMC

Guests: County Attorney John Nonna & Assistant County Attorney Jane Hogan-Felix

Senior Assistant County Attorney Sean Carey came before the committee to discuss item 2021-72- enter into an Agreement with Tulis & Geiger LLP. This is an Act that would authorize the County to enter into an agreement to retain, the law firm of Tulis & Geiger LLP in connection with the ACME Bus Corp. v. Westchester County Department of Health. The agreement will begin on January 11, 2021 and continue until the County no longer has an interest in the case. Under the agreement, Tulis & Geiger will be paid a total amount not-to-exceed \$30,000 payable at the rate of \$350 per hour for the services of Mark S. Tulis, Esq. and a rate of \$250 per hour for the services of associates of Tulis & Geiger. Mr. Carey explained that this is an Eastern District bankruptcy case. The debtor is ACME Bus Corp. They have commenced an advisory proceeding, which is litigation in bankruptcy court. ACME is trying to recover monies they claim they are owed from the County for overhead due to COVID. This proceedings is being handled partially in-house but since the County does not have expertise in bankruptcy, they have asked for assistance from outside counsel. Chair Barr of the Law & Major Contracts Committee asked for a little background information on the case. Mr. Carey explained that this contract was with the DOH. The issue is whether or not the County would have to pay for expenses before they transferred the contract. Their argument is that they were open and ready to transfer students but due to COVID the schools were closed, pursuant to state law, the County should pay their overhead cost. Mr. Carey explained that this was not a part of the original agreement and they seem to be reaching out to all their assets to reclaim any money. We are 1 of 33 different advisory proceedings made by ACME. He explained that they are trying to preserve as many assets as possible, and it doesn't seem they have a strong case against the County. Chair Barr asked if there are other cases against the County for similar claims. He said he is aware of a few other vendors that are trying to renegotiate the terms of their contract. Legislator Maher asked several questions.

He asked what is the amount they are asking for? Mr. Carey said he is not exactly sure, but he believes it is about \$190,000.

On motion of Legislator Maher, seconded by Legislator Boykin, the above item was signed by committee. The motion carried by the following vote:

Aye: Legislator Borgia, Legislator Barr, Legislator Boykin, Legislator Cunzio, Legislator Gashi, Legislator Johnson, Legislator Maher, Legislator Parker, Legislator Tubiolo, Legislator Walter, Legislator Williams and Legislator Woodson-Samuels

7. [ACT-2021-11](#) **Lawsuit Settlement - Donahoe v. Bee-Line Bus**

Joint with LMC

Guests: County Attorney John Nonna & Senior Assistant County Attorney Sean Carey

Assistant County Attorney Jane Hogan-Felix came before the committee to discuss item # 2021-77 Lawsuit Settlement – George Donahoe v. Bee-Line Bus System, et al in the amount of \$107,500. This matter is pending in Westchester County Supreme Court and is tentatively settled for the amount stated. The matter arises out of a pedestrian knockdown accident which occurred on October 17, 2017, at approximately 11:12 am, at the bus stop located at the corner of Broadway and Fairlawn Avenue in the Village of Dobbs Ferry. The plaintiff claims the passenger side front bus mirror struck him in the head while he was waiting at the bus stop. The plaintiff has a well-documented and extensive prior medical history of degenerative spinal condition with two cervical fusions and two lumbar fusions. After this accident, the plaintiff went for two additional cervical fusions that essentially fused his cervical spine to his thoracic spine. His medical records indicate that a new fracture in the upper thoracic spine occurred as a result of this accident. The need for additional surgery has been attributed 50% to the pre-existing condition and 50% to this accident. The plaintiff is asking for 50% from the defendants claiming the bus driver was negligent in their operation of the bus. The settlement takes into consideration of the uncertainty of litigation and the potential cost of trial. The amount of \$107,500 is inclusive of attorney's fees. Ms. Hogan- Felix asked if the remainder of the discussion can be held in executive session. County Attorney Nonna agreed.

With a motion from Legislator Maher and a seconded from Legislator Cunzio, the committee entered into executive session at 10:42 AM.

She explained that 42 of the programs have been completed and most of these programs are youth development programs. Chair Borgia asked if Dr. Harris Madden could explain the White Plains, Comprehensive Youth Alternative Projects. Dr. Harris Madden said she would get the information on the specific program. Commissioner Greechan explained that they have not spent the bonds yet, and we are amending the bond act to save money. Deputy

Budget Director Grande began by explaining the change in the financing. There was a \$10 million bond referendum that no longer exists, we can now can bond for the entire project without cash contribution from the general fund. Deputy Commissioner Tartaglia explained that this project will help elevate the flooding that has been occurring at the park. Commissioner O'Connor also added that the Village of Ardsley is in the process of doing an extensive survey and study, Village Comprehensive Plan, to redevelop and repurpose the Village. They have included V.E. Macy Park and the South County Trailway. Legislator Maher asked about the age of the playground area, Deputy Commissioner Tartaglia explained that the playground is over 10 years old and the last work that was done was primarily drainage work which was surrounding the field, that is located in a flood zone. drainage gardens and landscaping to certain areas since flooding continues to be an issue. Deputy Commissioner Tartaglia also discussed access to the Park and the South County Trail, and the addition of a sidewalk to help pedestrian access the park from the development across the street. Legislator Walter discussed that she has a riverkeeper report that indicates that there is some sort of contamination of bacteria in the water. Commissioner O'Connor has not seen the report, she asked if a copy can be sent to her, and she will look into the findings. Legislator Walter asked about the irrigation, is it a full redo? And are you drawing from the river that the riverkeepers report indicated has bacteria contamination? Deputy Commissioner Tartaglia said its improvements not a full redo and he is not sure if they are drawing from the River, he will have to confirm and get back to the committee. Commissioner Greechan stated that there is no pump station so they are not drawing from the river. He believes it is municipal water but will confirm. Legislator Shimsky discussed some items regarding the park and flooding issues and new picnic furniture. She went on record stating, do the proposed changes to the drainage program take into account a change in drainage patterns.
