

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of an act amending the County's current-year capital budget ("Capital Budget Amendment"), as well as adoption of a related amended bond act (the "Amended Bond Act") which, if approved, would authorize the County to issue an additional \$750,000 in bonds for construction management services for capital project SM033 Mamaroneck WRRF Primary Settling Tank Rehabilitation ("SM033").

Your Committee is advised that the proposed Capital Budget Amendment will amend the County's 2024 capital budget by increasing the County share for this project by \$750,000. The Department of Environmental Facilities ("Department") has advised that additional construction management funding is needed for this project as the amount originally estimated was insufficient.

The Amended Bond Act, which was prepared by the law firm of Norton Rose Fulbright US, LLP, in the total amount of \$3,250,000, which includes \$2,500,000 in previously authorized bonds of the County, would provide additional construction management funding for this project. The Department has advised that work will include the replacement of damaged concrete, sealing or repairing of expansion joints, crack repair, and the installation of new railings, gratings, and covers. Also included will be the replacement of all sludge and scum/grease collection systems, scum pumps, piping and valves, gates, fine bar screens, air gap system, and the replacement the existing ferric chloride tank with a caustic tank and associated chemical piping and controls, including all electrical, controls, and instrumentation.

Your Committee is advised that design is currently being undertaken by consultants and is expected to be completed by the second quarter of 2025. It is estimated that construction will take twenty-four (24) months to complete and will begin after award and execution of the construction contracts, subject to your Honorable Board's further approval of construction funding.

Your Committee notes that your Honorable Board has previously authorized bonding in connection with SM033, as follows: Bond Act No. 116-2023 in the amount of \$2,500,000, which funded design and construction management associated with this project. No bonds were issued under Bond Act No. 116-2023. The Amended Bond Act will amend Bond Act No. 116-2023 by increasing the amount of construction management funding by an additional \$750,000, thereby increasing the total amount of funding for design and construction management from \$2,500,000 to \$3,250,000.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type “II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

In addition, Section 167.131 of the County Charter mandates that a capital budget amendment that introduces a new capital project or changes the location, size or character of an existing capital project be accompanied to the Board of Legislators by a report of the Westchester County Planning Board (the “Planning Board”) with respect to the physical planning aspects of the project. The Planning Department has advised that the Planning Board has previously reviewed this Project and issued a report, and that since there is no change in the scope of the work and this is simply a change in the financing plan, no further action by the Planning Board is necessary at this time.

Your Committee has carefully considered the proposed Capital Budget Amendment, as well as the related Amended Bond Act, and recommends approval of both of the proposed Acts, noting that the Amended Bond Act can only be enacted following adoption of the Capital Budget Amendment.

It should be further noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to amend the County's Capital Budget and to adopt the Amended Bond Act.

RE: **NO-ACTION MEMO - Capital Budget Amendment – SMO33 Mamaroneck WRRF Primary Settling Tank Rehabilitation (2024 CBA)**

The County Executive is requesting an amendment to the 2024 Capital Budget to modify the funding of the above project. Capital project **SMO33 Mamaroneck WRRF Primary Settling Tank Rehabilitation (2024 CBA)** will fund the structural and mechanical rehabilitation of the primary settling tanks at the Mamaroneck Water Resource Recovery Facility.

The capital budget amendment is needed because the construction management portion is short funds from the original estimate. Construction management is needed to overlook the project while it is under construction. The 2023 appropriation was \$2.5M. The additional request is for \$750,000.

This project was classified as a PL2, *"a project approved in concept, subject to review when more detailed studies or plans are prepared"* in the 2023 Planning Board Report on the Capital Project Requests adopted July 5, 2022.

There are no changes to the physical planning aspects of this project as reviewed by the Board; therefore, no further action by your Board is necessary.

determined by the Commissioner of Finance. It is hereby determined that it is to the financial advantage of the County not to impose and collect from registered owners of such bonds any charges for mailing, shipping and insuring bonds transferred or exchanged by the fiscal agent, and, accordingly, pursuant to paragraph c of Section 70.00 of the Local Finance Law, no such charges shall be so collected by the fiscal agent. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law and shall otherwise be in such form and contain such recitals in addition to those required by Section 52.00 of the Local Finance Law, as the Commissioner of Finance shall determine.

Section 14. This Bond Act shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150 - 2. Other than as specified in this Bond Act, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

County for purposes of this Bond Act, together with a notice of the Clerk of the Board of Legislators in substantially the form provided in Section 81.00 of the Local Finance Law.

Section (B). The amendments of the bond act set forth in Section (A) of this act shall in no way affect the validity of the liabilities incurred, obligations issued, or action taken pursuant to said bond act, and all such liabilities incurred, obligations issued, or action taken shall be deemed to have been incurred, issued or taken pursuant to said bond act, as so amended.

Section (C). This Act shall take effect immediately upon approval by the County Executive.
