

**HONORABLE BOARD OF LEGISLATORS
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester (“County”) of a bond act (“Bond Act”) in the amount of \$50,000, to finance a component of capital project WCC90 – Technology Upgrade Off Campus 2017/18 – 2021/22 (“WCC90”).

The Bond Act, prepared by the law firm of Hawkins Delafield and Wood, LLP, would finance the County’s 50% share of Phase IV of WCC90. This phase will address the need to replace digital signage, media equipment, laptops, PCs, printers, and phones, which are all on a five-year replacement cycle.

Westchester Community College (the “College”) has advised that the total cost of Phase IV is \$100,000, of which 50% will be funded by New York State and 50% by the County.

Following bonding authorization, the project is anticipated to be completed within approximately twenty-four (24) months and will be performed by in-house staff.

Your Committee is advised that your Honorable Board has previously authorized bonding in connection with prior phases of WCC90 as indicated on the annexed fact sheet.

The Planning Department has advised your Committee that based on its review, the above-referenced capital project may be classified as a Type “I” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act.

Your Committee recommends the adoption of the proposed Bond Act.

The College as most centers of higher education, is under increasing pressure to offer the basic technological support services required by today's society. Long term considerations must be given to adequately plan for the introduction of new technologies. The scope of this project supports the modest programs which introduces new and replacement technologies at the colleges off campus locations. This endeavor is essential for WCC to remain competitive in the future. It will enable the College to maintain its commitment to providing the high level of instruction expected by the residents of Westchester County and all those who attend.
