

**HONORABLE BOARD OF LEGISLATORS  
THE COUNTY OF WESTCHESTER, NEW YORK**

Your Committee is in receipt of a communication from the County Executive requesting, on behalf of the President of the Westchester Community College ("WCC"), in compliance with The State University of New York's COVID-19 safety protocols and the COVID-19 public health directives issued by the Governor of New York and the New York State Department of Health, that your Honorable Board authorize the County of Westchester (the "County"), acting by and through the Westchester Community College ("WCC"), to enter into an agreement ("Agreement") with the Westchester County Health Care Corporation, d/b/a Westchester Medical Center ("WCHCC") whereby WCHCC would provide Covid-19 nasopharyngeal testing ("Testing Services") to WCC staff, faculty and students for potential risk exposure to the Coronavirus disease (Covid-19), for a term commencing on October 7, 2021 and expiring on October 6, 2022. In consideration for the Testing Services to be provided by WCHCC, the County would pay a fee not to exceed One Million and 00/100 (\$1,000,000.00) Dollars for the term of the Agreement.

The Planning Department has advised that this is not an action subject to the State Environmental Quality Review Act. Therefore, no further environmental review is required. Your Committee concurs with the Planning Department's conclusion.

Your Committee has been advised that Section 3307(4) of the New York Public Authorities Law requires the approval of your Honorable Board and the Board of Acquisition and Contract for this Agreement. Pursuant to that section, said approval of the Board of Legislators must be by an affirmative vote of not less than a majority of the voting strength of the Board.

Your Committee has carefully considered and recommends approval of the proposed Act.

SUBJECT: **ACTIVITIES NOT SUBJECT TO STATE ENVIRONMENTAL QUALITY REVIEW**

---

As required by the New York State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617 ("SEQR"), the Board of Legislators ("BOL") is the body that must assess the environmental significance of all actions that the BOL has discretion to approve, fund or directly undertake. The Planning Department has historically conducted the necessary environmental review for the BOL to undertake its responsibility under SEQR. Additionally, contracts going before the Board of Acquisition and Contracts ("BAC") must be reviewed for conformance with SEQR.

Pursuant to Section 617.2(b) of SEQR, "Actions" are defined as:

- (1) projects or physical activities, such as construction or other activities that may affect the environment by changing the use, appearance or condition of any natural resource or structure, that:
  - (i) are directly undertaken by an agency; or
  - (ii) involve funding by an agency; or
  - (iii) require one or more new or modified approvals from an agency or agencies;
- (2) agency planning and policy making activities that may affect the environment and commit the agency to a definite course of future decisions;
- (3) adoption of agency rules, regulations and procedures, including local laws, codes, ordinances, executive orders and resolutions that may affect the environment; and
- (4) any combinations of the above.

As part of the Planning Department's ongoing review of its processes, we are streamlining the process for SEQR review and related document preparation for the BOL and BAC. The most effective method to achieve a more timely SEQR review is to create a list of categories of activities **that do not meet the definition of an "action"** as defined in SEQR. This list will reference activities that are routine and which do not change the use, appearance or condition of any natural resource or structure, nor do they involve policies or regulations that may affect the environment. The creation of this list in no way eliminates the BOL's or BAC's responsibilities

under SEQR. Rather, it establishes a workflow for items that are routine and do not, under the law, require environmental review.

Accordingly, the Planning Department advises that no environmental review is required and no SEQR documentation is necessary for submission with BOL legislation or with resolutions or contracts requiring BAC approval regarding activities on the attached list.

County departments and agencies may reference this memorandum in the legislation in order to document compliance with SEQR for actions listed herein. As such, this memorandum should be kept on file with the Clerk of the Board of Legislators. Legislation should include a statement similar to the following: "The proposed project does not meet the definition of an action under New York State Environmental Quality Review Act and its implementing regulations 6 NYCRR Part 617. Please refer to the memorandum from the Department of Planning dated May 14, 2021, which is on file with the Clerk of the Board of Legislators."

This memorandum will be distributed to all Commissioners as part of County operations.

Please contact me if you have any questions.

**ACTIVITIES THAT DO NOT MEET THE DEFINITION OF AN “ACTION”  
PURSUANT TO SEQR AND ARE, CONSEQUENTLY, NOT SUBJECT TO SEQR**

**1. BUDGETS AND AMENDMENTS**

- Municipal budgets and amendments to them – The budgeting process merely sets aside funds without a commitment to their expenditure. Operating expenditures are typically for government-related activities that would also not meet the definition of an action. Even the establishment of the Capital Budget is not subject to SEQR because many of the capital projects are usually not definitive enough with respect to potential impacts to be reviewable at the time the budget is adopted. However, any subsequent authorization, such as bonding, to undertake a particular capital project is an action that requires SEQR compliance before it may be approved.
- The transfer of funds within the County operating and capital budgets for the purpose of balancing accounts – It is understood that these actions are purely budgetary, where accounts with excess funds are moved to accounts with existing or anticipated deficits. It is further understood that the activities covered by these accounts have either already occurred or been reviewed in accordance with SEQR, are Type II actions or actions that are not subject to SEQR, or are actions that will require future approval prior to being undertaken, at which time further SEQR review may be appropriate.
- Rescissions or reduction of bond acts to cancel unspent funds.

**2. SERVICES**

- Consultant services – Contracts or agreements that provide for administrative services, training, reports for Boards and Commissions, but not including studies or design of physical improvements, which has been listed under SEQR as Type II.
- Social Services – Actions or agreements that provide services to persons in need, such as employment assistance, family/domestic intervention and respite care.
- Youth services – Actions or agreements that provide for youth services, such as a Resource Allocation Plan, Invest-in-Kids Program, after-school programs, camp programs and head-start programs.
- Senior programs & services – Actions or agreements that provide for services to seniors, such as provision of information/education, home care, nutrition & transportation assistance, caregiver support, and acceptance of federal and state grants providing for such services (e.g., OAA Title III grants and NYSOFA grants, including CSE, CSI, CRC, EISEP, NYSTP, WIN & NSIP).
- Public Safety services – programs that promote public safety, such as STOP-DWI, Police Night Out, and intermunicipal agreements (IMAs) for shared training, equipment and response to emergencies.
- Fire services – Fire district IMAs for shared training, equipment and response to emergencies.
- Legal services – Contracts for outside counsel, litigation or associated monetary settlements.
- Medical Services – Contracts with medical providers for medical examinations, testing or vaccinations of County employees or the public.

### 3. PERSONNEL MATTERS

- Actions related to employment or employees.
- Contracts for temporary staff assistance.

- Mortgage tax receipts disbursements (County Clerk).
- Refinancing of affordable housing mortgages.
- Payment in Lieu of Taxes (PILOT) agreements.

### 5. LAWS

- New laws or amendments of existing laws that regulate the sale or use of products for the protection of public health.
- New laws or amendments of existing laws that regulate businesses for the protection of consumers.
- Pertaining to consumer protection, not including professional licensing, which have been classified as Type II.
- Pertaining to animal welfare, excluding regulations involving habitat management.
- Pertaining to public safety.
- Pertaining to taxation, such as establishment of new taxes or tax exemptions.
- Pertaining to establishment or modification of fees.
