Westchester County Board of Legislators 800 Michaelian Office Building White Plains, New York 10601

Dear Honorable Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act ("Bond Act") which, if adopted, would authorize the County of Westchester ("County") to issue bonds in the amount of \$1,950,000 to finance the following capital project:

BSS19 - Infrastructure Improvements to Shelter Facilities - Grasslands Facility ("BSS19").

The Bond Act, in the amount of \$1,950,000, would finance the cost of infrastructure improvements to various County facilities, including façade repairs, replacement of exterior doors, drainage improvements, underground waterproofing, and rehabilitation of pavements and sidewalks at the County's Grasslands Shelter Facility.

The Department of Social Services ("Department") has advised that BSS19 addresses a multiyear cycle of improvements at the Grasslands Shelter Facility. The current request will focus on exterior rehabilitations which are required because the building components have reached the ends of their useful lives.

Design is currently being undertaken by in-house staff and a consultant, and is expected to be completed in the second quarter of 2025. It is estimated that construction will take six months to complete and will begin after award and execution of the construction contracts.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Kenneth W. Jenkins

Westchester County Executive

## HONORABLE BOARD OF LEGISLATORS THE COUNTY OF WESTCHESTER, NEW YORK

Your Committee is in receipt of a transmittal from the County Executive recommending approval by the County of Westchester ("County") of a bond act ("Bond Act") in the amount of \$1,950,000 to finance capital project BSS19 – Infrastructure Improvements to Shelter Facilities – Grasslands Facility ("BSS19"). The Bond Act, which was prepared by the law firm Harris Beach Murtha, will finance the cost of infrastructure improvements to various County facilities, including façade repairs, replacement of exterior doors, drainage improvements, underground waterproofing, and rehabilitation of pavements and sidewalks at the County's Grasslands Shelter.

The Department of Social Services ("Department") has advised that BSS19 addresses a multi-year cycle of improvements at the Grasslands Facility. The current request will focus on exterior rehabilitations which are required because the building components have reached the ends of their useful lives.

Design is currently being undertaken by in-house staff and a consultant, and is expected to be completed in the second quarter of 2025. It is estimated that construction will take six months to complete and will begin after award and execution of the construction contracts.

The Planning Department has advised your Committee that based on its review, BSS19 may be classified as a Type "II" action pursuant to the State Environmental Quality Review Act ("SEQR") and its implementing regulations, 6 NYCRR Part 617. Therefore, no environmental review is required. Your Committee has reviewed the annexed SEQR documentation and concurs with this recommendation.

It should be noted that an affirmative vote of two-thirds of the members of your Honorable Board is required in order to adopt the Bond Act. Your Committee recommends the adoption of the proposed Bond Act.
