Westchester County Board of Legislators
800 Michaelian Office Building
White Plains, New York 10601

Dear Members of the Board of Legislators:

Transmitted herewith for your review and approval is a bond act (“Bond Act”) which, if adopted, would authorize the County of Westchester (“County”) to issue bonds in the amount of \$50,000 to finance a component of the following capital project:

WCC90 – Technology Upgrade Off Campus 2017/18 – 2021/22 (“WCC90”).

The Bond Act, in the amount of \$50,000, would finance the County’s 50% share of Phase III of WCC90, including the replacement of digital signage, media equipment, laptop, PC, printer, wireless and replacement/enhancements which are all on a five-year replacement cycle.

Westchester Community College (the “College”) has advised that the total cost of Phase III is \$100,000, of which 50% will be funded by New York State and 50% by the County. Following bonding authorization, the project is anticipated to be completed within approximately 24 months and will be performed in-house and not require outside consultants.

Your Committee is advised that your Honorable Board has previously authorized bonding in connection with prior phases of WCC90 as indicated on the annexed fact sheet.

The Planning Department has advised that based on its review, the above-referenced capital project has been classified as a “Type II” action pursuant to the State Environmental Quality Review Act (“SEQR”) and its implementing regulations, 6 NYCRR Part 617. Therefore, no further environmental review is required. As you know, your Honorable Board may use such expert advice to reach its own conclusion.

Based on the importance of this project to the County, favorable action on the proposed Bond Act is respectfully requested.

Sincerely,

Overall Project Description

The College as most centers of higher education, is under increasing pressure to offer the basic technological support services required by today's society. Long term considerations must be given to adequately plan for the introduction of new technologies. The scope of this project supports the modest programs which introduces new and replacement technologies at the colleges off campus locations. This endeavor is essential for WCC to remain competitive in the future. It will enable the College to maintain its commitment to providing the high level of instruction expected by the residents of Westchester County and all those who attend.
